## City 'holds' action on zoning for new metals firm here

By GARY SCHNEIDER  
of the Press-Record

Concerns that a new scrap metal industry could increase air and noise pollution caused the Granite City Council Tuesday night to postpone a decision on whether to grant heavy industrial zoning at 2701 Missouri Ave. (old Route 3) to Reclaimed Iron & Metal Co. for a salvage yard.

Calling for an investigation into the company's performance at its other sites, Alderman Sam Whittier of the Second Ward stated, "We don't want to bring an outfit in to bring us more trouble than we've got now. Noise, air pollution, lead in the air—we just don't need it. I'd like to have the city attorney look into it."

Mayor Paul Schuler agreed, saying,

"With information from the city attorney, I'm sure we can make a decision at the next meeting (May 5)."

It was noted that almost 90 persons residing near the plant signed petitions opposing the plant's location for various reasons.

Andrew DiGiuseppi, manager for Reclaimed Iron and Metal, and David L. Tomchin, attorney for the firm and

its parent corporation, Pilet Brothers Scrap Iron & Metal, Inc., appeared at the council meeting and at the Plan Commission meeting Tuesday afternoon to explain the company's plans and appeal for a change in the zoning from M-1 industrial to M-2 heavy industrial.

They explained that they plan to operate a rail car disassembly and

reclamation business on a 30-acre tract just south of the Shasta Beverages bottling plant on property formerly operated by Calsteel Steel. Only about eight or nine acres would be involved, at first, but the business could grow.

DiGiuseppi told the two city bodies that the plant would start with about six employees who would manually disassemble the wooden floors and parts of rail cars and then would use torches to cut the cars into parts. Scrap metal would be shipped to steel companies and reusable parts would be shipped to companies which recondition those parts and sell them to rail car manufacturers.

Some automobiles and other heavy industrial scrap also may be reclaimed at the site, he told city officials. A portable crusher will be used to turn automobiles into one-foot thick slabs for shipping, he said, pledging to remove the gasoline tanks before crushing to avert any danger from the autos exploding.

He said that within six months, the

work force should grow to about 12 and the company may build and operate a small smelter on the grounds. Eventually, employment could grow to about 40 or 50 workers, they said.

The smelter, if built, would not be started for one to two years and would meet all current pollution requirements of the Environmental Protection Agency.

DiGiuseppi pledged there would be no burning of rail cars or scrap on the premises and he said the company would fence the area being used to keep it from becoming an eyesore.

In response to a question whether the company plans to stay here a long period of time, Tomchin noted that the company plans to invest about \$400,000 in land acquisition, constructing two buildings and land preparation and is negotiating with the Illinois Terminal Railroad to install two spur tracks into the property. "I hope it is still in business long after I die," DiGiuseppi told the council.

**FUTURE LINK** between the downtown area and West Granite City rises in the distance in this view looking down 19th Street from State Street. The approach to the 19th Street overpass

appears to be rather steep from this vantage point, but the five-percent grade is necessary to clear the railroad traffic below. The estimated completion of the project now is before the end of this year.

## Transit contract is approved

Despite action Monday by the Madison County Mass Transit District board approving a contract for the Bi-State Transit Agency to continue bus service to Madison County through Dec. 31, service here is likely to be diminished by an opposite vote taken Monday by the St. Clair County Mass Transit District Board.

The St. Clair County group voted unanimously Monday night to end that county's one-quarter cent sales tax for mass transit, effective June 30. That tax, approved in January, would have provided about \$2 million annually to keep the buses rolling in St. Clair County.

In Madison County, the same sales tax promises to provide at least \$1 million a year as a local subsidy to Bi-State. That amount is needed to enable Bi-State to receive its full Illinois state subsidy.

Monroe County also self-imposed a

quarter-cent sales tax to help finance Bi-State bus service, but may vote to remove that tax.

St. Clair County's vote to end its quarter-cent sales tax should not block release of the state's subsidy to Bi-State, resulting in bus service cuts in Madison County, since state law requires that at least \$1 million be raised locally among the three counties to qualify for full state assistance for transportation and the Madison County tax, alone, is expected to exceed the \$1-million mark.

However, refusal by St. Clair County to collect the one-quarter cent additional sales tax for Bi-State will likely be met with reductions in the routes to St. Clair County or elimination of buses which stop in that county. That, in turn, could have an adverse effect on Madison County routes which travel through St. Clair County. Madison County riders wanting to go to Belleville, East St. Louis or other St.

Clair County locations also may find those routes eliminated or greatly curtailed.

The Madison County Transit District board's action to, in effect, release local sales tax funds to Bi-State for the year, came on the vote of mass transit board members Bill Haine of Alton and Vi Tucker of Collinsville. Board member Paul Schuler of Granite City was absent. The Bi-State Board was expected to approve the contract with Madison County at a special meeting today.

Haine explained that the Madison County board did not want to be locked into paying for more services than it might need. The transit board is to pay the actual costs of bus service in Madison County, after fares and state and local subsidies are subtracted from the total.

Haine added that unless the \$1 million in local subsidies is guaranteed, the state will slice its annual subsidy in half (from \$6 million to \$3 million). Thanks

to Madison County's contract with Bi-State, the full state subsidy will be received, despite the actions of the St. Clair and Madison County transit district boards, he noted.

The \$1 million figure was determined by a state law which calls for the subsidy to be .05 of one percent of the assessed valuation of Madison, St. Clair and Monroe counties. The actual cost of bus service in Madison County is expected to be more than \$1 million anyway.

Susan Schold, manager of the Madison County Mass Transit District, said state officials asked that a contract be approved by May 1, assuring that Bi-State will receive its share of the quarter-cent sales tax, which has been collected since Feb. 1. The first revenues from that tax are expected to be received in late May.

The contract approved by the transit

## Man dies after falling in lake

Earl Browning, 58, of 1918 Fourth St., Madison, died at a neighbor's home in Madison Monday afternoon. The cause of his death is under investigation.

According to Detective Ed Newsome of the Madison County Sheriff's Department, Mr. Browning, two friends and a boy were fishing from the bank of Horseshoe Lake near Bend Road when Mr. Browning walked away from the others. Upon missing him, the others looked nearby and found him lying partially in the water on a tire.

The water was entering his mouth, but they pulled him out and Mr. Browning said he did not need medical treatment.

At his request, they took him to the home of Phillip Schoffra, 1924 Fourth St., and he was taking a bath when he started making a gurgling sound. His friends called for a Granite City ambulance, but Mr. Browning was without signs of life when it arrived, Newsome was told.

He was pronounced dead at 3:32 p.m. Monday by Madison County Deputy Coroner Leonard Davis. An autopsy was conducted in Granite City Tuesday morning and showed that Mr. Browning did not die from drowning or any kind of traumatic injury.

He had several healing injuries from an earlier beating, but none were serious, and he suffered a cut to his left arm, possibly when he fell in the lake, Newsome related. Those injuries led to

**EARL BROWNING**

speculation that he may have died from stab wounds or drowning, both of which have been ruled out.

Body fluid and tissue samples were sent to a laboratory for examination and it is believed death may have been due to an adverse reaction of medicine and alcohol. The cause is still under investigation and additional questioning of witnesses is to occur, Newsome added.

Additional details appear in today's obituary column.

## City auto stickers lag; cost up after deadline

Granite City motorists should have their 1981 vehicle tax stickers (city stickers) on their cars and trucks by midnight tonight, but the police do not plan to begin issuing tickets immediately.

For the convenience of "last-minute" buyers of city stickers, deputy city clerks will be on hand at several locations tomorrow and Saturday to sell stickers, costing \$3 for automobiles and from \$8 to \$25 for trucks, depending on

the class of each truck.

Friday, stickers will be sold in the lobbies of four Granite City banks between 4 and 7 p.m. They are the Granite City (Trust) Bank, First Granite City National Bank, American Heritage Bank and Colonial Bank of Granite City.

Saturday, deputy clerks will sell stickers at Schnuck's grocery market

## Bar to observe 'Law Day'

The Tri-City Bar Association has revised and expanded its program to mark the observation of "Law Day, U.S.A.", starting Friday. The Bar Association, consisting of attorneys who live or maintain offices in the communities of Granite City, Madison, Venice and Collinsville, will sponsor a variety of high-school assemblies, a speakers bureau, courthouse tours, and awards presentations, to coordinate this year's event with the nationwide American Bar Association programs. "Law Day, U.S.A." first established in 1957, is set aside on May 1 each year by a joint resolution of Congress and

Presidential proclamation as a "special day of observation by the American People of their liberties under the Law." The theme of Law Day, 1981, is "Law: The Language of Liberty." The basic thrust of the programs will be an attempt to remind all citizens that the laws and the courts exist to make possible a free society. By presenting educational and informational programs, the Bar Association plans to demonstrate how the system works and the role played by each and every citizen in its operation. By informing the public of its rights and obligations under the law,

the association hopes an informed public will be in a better position to take full advantage of its legal rights creating an increase in the quality and delivery of legal services.

This year's program will begin with a joint proclamation issued by the mayors of the Quad-Cities officially recognizing the area-wide program.

High-school students will provide the witnesses, jurors and audiences to a series of Mock Trial assemblies in which members of the Association will stage simulated criminal trials. A

**KAENDERS' PAVILION**, the newest addition to St. Elizabeth Medical Center which will be dedicated Sunday at 1 p.m. The addition bears the name of the

Reverend Peter Kaenders who founded the hospital in 1911. Tours through the new addition and other

remodeled areas of the medical complex will follow the brief dedication ceremonies.

(Press-Record Photo by Pat Foley)

**YEAR OF PROBATION**  
Charles E. Westbrook, 33, of 2156 Adams St. has been placed on one year of probation for a Dec. 30, 1980, felony theft case filed by railroad police. Circuit Judge A. A. Mateosian presided.

## Brandt appeals for union election

Madison County is violating its own ordinances and rules by refusing to hold a union representation election between Teamsters Local 525 and the American

Federation of State, County and Municipal Employees Local 799, William Brandt, attorney for the Teamsters, contended in a letter mailed to county officials last week.

In his letter, Brandt notes that Assistant State's Attorney Marshall "Zeke" Smith and the county's negotiating committee are the only ones which have asked for a decertification election, asking whether employees want to keep or reject AFSCME. Both unions, on the other hand, have properly petitioned for a union election, which would give employees the chance to vote whether AFSCME or the Teamsters should represent them.

"I wish to point out once again that no one other than Marshall Smith and the negotiating committee have requested decertification and such a request on ruling by the negotiating committee or the Madison County Board is inappropriate and unlawful in that such a ruling or recommendation does not even follow the rules and

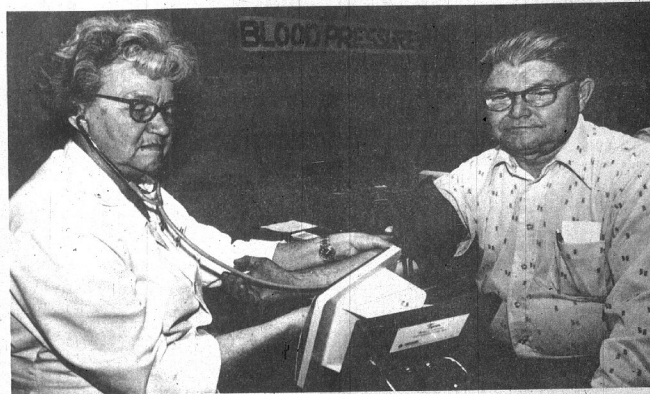

guidelines as prescribed by your own ordinance," Brandt contends in the letter.

He adds, "Thinking back to April 15, the day I addressed you (the county board), I can recall the sincerity on the faces and voices of board members who spoke out on this issue and I am convinced that they were sincere in their position that an election be held.

"If the board now goes contrary to its own ordinance, I shall have no alternative to feel the deepest suspicion as to the sincerity of the board on that date," Brandt stated.

The letter concludes with an appeal to board members to overturn the recommendation of the negotiating committee and to call, instead, for an election to determine whether the Teamsters or AFSCME should represent all of the county's union employees in the future.

## Revamp powers of committee

A larger committee overseeing operation of the new sewers in Namecki, Chouteau and Venice townships will not necessarily mean a more powerful committee, under changes recommended by Madison County State's Attorney Don Weber.

Weber will ask the Madison County Board May 20 to approve changes in the district's operating ordinance increasing the size of the committee by two members, but reducing the committee's powers of purchasing and approving contracts without prior approval by the Madison County Board.

Assistant State's Attorney Marshall "Zeke" Smith informed the committee last week that its only legal representative, from now on, will be the state's attorney's office. Formerly, the committee used Collinsville attorney H. Carl Runge as its attorney and Granite City attorney Larry Calvo to obtain needed easements.

Smith is recommending that Calvo be made an assistant state's attorney so he may continue to work on the easement lawsuits already filed with the court.

The proposed changes also include the stipulation that the sewer district "pay its own way" for services the county will perform, including legal representation, billings, collecting of treatment fees, data processing, the obtaining of easements and other work done by county offices for the sewer district.

Purchasing procedures also should be brought in line with general county

procedures and the committee's practice of making purchases and approving contracts without prior county board should be ended, according to Smith.

He said the amendments to the ordinance also will eliminate the requirement that residents who abandon their septic tank systems must fill them with sand or other approved material, will remove the requirement that contractors doing tap one post a performance bond and will specify that property owners, not tenants, be billed for sewer treatment fees and be responsible for paying them.

**ARREST ON WARRANTS**  
Claude K. Dauch Jr., 25, of 2305 Delmar Ave., arrested by state police for an alleged traffic violation in Cahokia, was turned over to Granite City police last week on previous warrants alleging theft, battery and disorderly conduct. Bail was set at \$452.

### Earl Browning

Earl T. Browning, 58, of 1918 Fourth St., Madison, died while visiting at 1924 Fourth St., Madison, and was pronounced dead at the scene at 3:32 p.m. Monday, April 27, 1981, by Madison County Deputy Coroner Leonard Davis. A story on the circumstances surrounding the death appear elsewhere in today's issue.  
Mr. Browning was born in Eddyville and resided in St. Louis before moving to the Quad-City area 24 years ago. He retired in 1978 from J.A. Weaver Metal Co., St. Louis, after 11 years as a metal inspector.

He served in the U.S. Army from 1943 to 1945 and received a Purple Heart, an EAME Ribbon and two bronze stars and the American Theater Ribbon.

Mr. Browning was of the Protestant faith.

Surviving are three daughters, Mrs. Jim (Pat) Riskovsky of Madison and Mrs. Bill (Brenda) Hawkins and Mrs. Edward (Barbara) Ifland, both of Granite City; four brothers, Fay Browning of Kentucky, Robert Browning of Granite City and Leonard and John Browning, both of St. Louis; four sisters, Mrs. Eva Dorris of Hammond, Ind., and Mrs. Ray (Louise) Robertson, Mrs. Lily Potgen and Mrs. Leta Hognacki, all of St. Louis, and seven grandchildren.

Funeral services will be held at 10 a.m. Friday at Calvary Baptist Church, 30th Street and Washington Avenue, followed by burial in Memorial Park Cemetery, St. Louis. Visitation is underway today at Mercer Mortuary, 1416 Niedringhaus Ave. Memorials may be sent to the Cancer Fund.

### Ida Davis

Mrs. Ida Pearl (Davis) Davis, 72, of Rural Route Two, Box 712-G, Granite City, died at 3 a.m. Wednesday, April 29, 1981, at Wood River Township Hospital.  
She had been in ill health for the past four years and a hospital patient since February.  
Mrs. Davis had resided in Granite

City for six years. She was born in Campbell, Mo., and had lived at Quin in Southeastern Missouri before moving here.

Her husband, Cleve Arvil Davis, died Sept. 19, 1972.

Among the survivors are a son, Godfrey Allen of Granite City; a sister, Mrs. Eva Schumer of Campbell, Mo.; one brother, Arlie Franklin of St. Louis; seven grandchildren and 10 great-grandchildren.

Services will take place at 10 a.m. Saturday, May 2, at White Funeral Home in Fisk, Mo., where friends may call after 7 p.m. today.

Burial will be in Mole Hill Cemetery at Brosley, Mo.

### George Durbin

George Kendall Durbin, 75, of 3129 Fehling Road, a lifelong resident of Granite City, died at his home at 7:30 p.m. Wednesday, April 29, 1981.

He had been in ill health for the past two years.

Mr. Durbin was born in Granite City. He was a World War II Army veteran with service in the South Pacific Theatre and The Philippines.

Prior to retiring in 1971, he was employed 16 years as a security officer at Emerson Electric Co., St. Louis. Earlier, he had worked 22 years in the same capacity at General Steel Industries.

For many years, Mr. Durbin was a key officer in the Granite City Auxiliary Police, a division of the local Civil Defense organization.

He was active in numerous civic and service clubs and for a lengthy period directed the honor guard and drill team for Tri-City American Legion Post 113. Mr. Durbin was a member of Central Christian Church, Masonic Lodge 877, AF&AM, Ainal Shrine Temple, Scottish Rite Bodies, Tri-City Shrine Club, Low Twelve Club and the Sword of Bunker Hill.

He was a former constable for 16 years and was a member of the National Police Association and National Rifle Association.

Mr. Durbin was active in the Kirkpatrick Homes Golden Age Circle, the Keonagers Senior Club and the American Association of Retired Persons.

Among the survivors are his wife, Mrs. Lucretia (Hawkins) Durbin; one son, Raymond Durbin of Florissant, Mo., formerly of Granite City; two grandsons, Dennis Durbin, band director at DeKalb (Ill.) High School, and Donald Durbin, who is with the Illinois State Police at Harvard, Ill., both formerly of Granite City; and four great-grandchildren.

Services will be held at 11 a.m. Saturday, May 2, at Randall A. Irwin Chapel for Funerals, 2801 Madison Ave., with the Rev. Dennis Rutledge officiating. Friends may call after 2:30 p.m. Friday.

Burial will be in Sunset Hill Cemetery, Edwardsville Township. Memorials may be contributed to the Shriner's Hospital for Crippled Children or the American Cancer Fund.

### Nick Georgeff

Nick Georgeff, 64, of Akron, Ohio, formerly of Granite City, died at 4 a.m. today, April 30, 1981, at a hospital in Akron. He had been ill for three weeks.

Mr. Georgeff was born in Granite City and moved to Ohio in 1948.

Survivors include his wife, Mrs. Marian Georgeff; his mother, Mrs. Helen Georgeff, Granite City; two brothers, Vasil and Ted Georgeff, both of Granite City; and two sisters, Mrs. Jo Hulsey of Madison, and Miss Lucille Georgeff, Granite City.

Funeral services will be held at 1 p.m. Saturday, May 2, at the Schermeier's Funeral Home, Akron, Ohio, with burial in an Akron cemetery.

### Virgle Hays

Virgle N. Hays, 56, of 2323 W. 23rd St., died at 7:28 a.m. today, April 30, 1981, at St. Elizabeth Medical Center.

He had been ill 10 months and in the hospital for six days.

Mr. Hays had retired some months ago from Reilly Tar and Chemical Corp., where he was employed 12 years as a foreman.

He was born in Cumberland City, Tenn., and had resided here for 34 years.

Mr. Hays was a member of Bethel Chapel Pentecostal Church.

Among the survivors are his wife, Mrs. Dessie Hays; four sons, Elvin, Eugene, Robert, Franklin and Virgle Hays Jr., all of Granite City; five daughters, Mrs. Ruby (Jeanette) Pinner, Mrs. Lacey (Sheryl) Phelps, Mrs. Stephen (Judy) Spurling and Miss Marilyn Hays, all of Granite City, and Mrs. Art (Brenda) Filles of Decatur; his mother, Mrs. Ruby Hays of Granite City; one brother, Franklin Hays of Granite City; three sisters, Mrs. James (Della) Waynick and Mrs. Lowell (Josephine) Dallas, both of Granite City, and Mrs. James (Zella) Clements of Cumberland City, Tenn.; and 11 grandchildren.

Services will be held at 10 a.m. Saturday, May 2, at Davis Funeral Home Chapel, 21st Street and Cleveland Boulevard, where friends may call after 4 p.m. Friday.

Burial will be in St. John Cemetery, 2901 Nameoki Road.

### Sentenced to prison

John L. Johnson, 28, St. Louis, will serve 30 months in prison on a Dec. 23, 1979, Granite City felony theft. Circuit Judge Philip J. Rarick decided. A related burglary charge was dismissed.

NO DISSOLUTION  
An error in circuit court clerical procedures resulted in inclusion of the names of James Leroy Steel and Jessica Suzanne Steel (Giles) in Monday's listing of Madison County marriage dissolutions. An order has vacated the court proceedings affecting them, and they remain married, officials said Tuesday.

### TWO HURT AT 27TH

Virginia Wooten, 52, and Martha Whitehead, 24, both of East St. Louis, suffered minor injuries on Madison Avenue at 27th Street at 4:30 p.m. Tuesday while passengers in the northbound car of Elmer Wooten, 58, East St. Louis. Its front hit the rear of the northbound auto of Paul Leckrone, 28, Cottage Hills, who stopped, accelerated and then applied the brakes due to traffic in front of him.

**MAROLYN FORD**, wife of the Rev. Acie Ford, pastor of Boulevard Baptist Church in Memphis, Tenn., will be the guest speaker at 9:45 a.m. services Sunday at Central Baptist Church, 3950 Highway 111. She was blind for a time and now has her sight restored and will speak on this miracle according to the host pastor, the Rev. Wayne Musatics.

### Births

Births recorded at St. Elizabeth Medical Center include:

#### GIRLS

Mr. and Mrs. Billy Tyson, Belleville, April 29, Jessica Ann, six pounds, seven ounces.

Mr. and Mrs. Larry Lynch, Collinsville, April 29, seven pounds, one ounce.

#### BOYS

Mr. and Mrs. Walter Schmidt, 2323 Lynch Ave., April 28, Kevin William, five pounds, 12 ounces.

Mr. and Mrs. Lonnie Clark, 2801 Nameoki Drive, April 28, Lonnie Wayne Jr., six pounds, eight ounces.

## THROUGH THE FILES

### 50 Years Ago

May 1, 1931  
With the sanction and cooperation of Local No. 483 of Journeymen Barbers, fourteen union shops in this city will open their doors Monday, May 4, from 7 to 8 o'clock four mornings a week and dispense their services to persons unable to pay for tonsorial parlor attention. Monday, Tuesday, Wednesday and Thursday mornings have been selected to remain open an hour prior to the regular opening time, 8 o'clock. Any person who is unable to pay for a haircut or shave will be given attention at that time.

The barbers realize there will be some instances of imposition, but believe that on the whole they will render a helping hand during the present business conditions. The free barber service will be continued indefinitely.

### 25 Years Ago

April 30, 1956  
With the new gymnasium and junior high school buildings nearing completion, the Granite City school board began making preliminary plans for site development of the new senior-junior high school campus during an adjourned meeting Thursday night. The board also took steps toward purchase of equipment and furniture which are to be ready for occupancy next fall. The new junior high and senior high school gymnasium buildings are the final phase of the district's multi-million dollar expansion program.

### 10 Years Ago

April 29, 1971  
Two proposals for utilizing the Wein tract of land near Maryville and Nameoki roads were presented to the board of education Monday night for its consideration. Both involve a departure from the original plan of a combined elementary school and junior high school. It had been proposed to convert the combined school to a second high school with the addition of more rooms and facilities in the late 1970s. Accrediting groups have been suggesting for some time that two high schools are needed in the Granite City community unit school district, which stretches from 12th Street to Mitchell, Pontoon Beach and Stallings. They renewed the recommendation during inspections last week. Whether or not it would be feasible to "shift gears" at this point has not been fully determined, but it is believed there would be no major problems.

## Car hits girl, 5

Pedestrian safety along Maryville Road is receiving renewed public attention following the injury of a five-year-old girl in the 3200 block at 3:49 p.m. Monday.

Seriously hurt, Erica N. Davis, 2427 E. 24th St., was taken by ambulance to St. Elizabeth Medical Center and then transferred to Cardinal Glennon Hospital, St. Louis.

The girl ran eastward onto Maryville Road from a point near 3219 Maryville.

Southbound autos of William C. Fior, 19, of 2921 Grand Ave. (middle lane) and Ross Halbrook, 51, of 3272 Edgewood Ave. (curb

lane) were believed to be traveling within the speed limit after having stopped at the sign at Emert Avenue.

When Halbrook noticed the child, he applied the brakes and was able to halt. Reacting to the adjacent auto, Fior also applied brakes and swerved slightly to the left in an effort to avoid the child.

Struck by the right front of the Fior car, the girl is thought to have been knocked through the air for a distance of 200 feet, landing on the pavement in the middle of the four-lane street.

## Cyclist injured

A motorcyclist, Anthony E. Bieker, 23, of 2530 Parkway Drive Apartment 16, suffered severe multiple abrasions at 5:15 p.m. Tuesday and was admitted to St. Elizabeth Medical Center for surgery.

He was northbound on Maryville Road at a curve 200 feet south of Terminal Avenue when his motorcycle went out of control.

A city ambulance took him to the medical center.

## Season finale for North Concert Band

The Granite City High School North Concert Band will perform its final concert of the 1980-81 season at 8 p.m. Monday, May 4, in the North High cafeteria.

Thirty graduating senior students who are members of the band department will be honored during the concert, according to Robert D. Todoroff, band director.

The graduating seniors are Tracy Barham, Laura Conreux, Kenna Corzine, Ernesto Cuevas, Robert Dago, David Filkins, Mark Fossum, Debbie Gebhardt, Brenda Hart, Robyn Hebl, Leanne Jarrett, Jerry Jarrett, Alan Jorgensen, Kevin Knipping, Michael Niemeyer, Janice Noth, Suzanne Norris, Evelyn Pates, Reginald Rodgers, Michael Simpson, Ronald Walton and Dawn Winters.

Senior Pom Pon members who are graduating are Diane Beeler, Jill Donley, Carol Fabry and Taina Kilponen, class; Cheryl McIlvoy, Bridgett McNew and Elissa Wilson, rifles; and Mary Ann Votoupal.

Monday's hour-long concert will include:

- "Eternal Father, Strong to Save," Claude Smith;
- "Elgy for a Watchmaker," William Hill;
- "Variations for Tuba and Winds," Arthur Frackenhof;
- featuring senior tuba soloist Alan Jorgensen;
- "Carnival" from La Fiesta Mexicana, H. Owen Reed;
- "The Centaurs," Laurence Weiner;
- "Blues in Six-Eight," Milton Weinstein;
- "Bellavia," Chuck Mangione;
- "Odyssey" (pop rock), Jay Chaitaway; and
- "Pacific National Exhibition March," arranged by Floyd Werle.

## News notes

The U.S. Court of Appeals in Washington this week approved proceeding with construction of the new Alton river lock and dam, also ordering the Engineer Corps to hold a non-binding final public hearing on the project this spring. A group of 21 railroads and two environmental groups has yet decided whether to appeal the authorization to the U.S. Supreme Court.

William Brandt, a Teamsters attorney, said Tuesday a decertification election among Madison County governmental employees would be illegal. A County Board committee has ruled that employees in the State, County and Municipal Employees Federation would first have to hold such a vote before conducting a runoff election between the union and the Teamsters.

Brandt said any move for decertification would need to come from employees, not the county.

GCHS North students raised \$2,874 and GCHS South students earned \$2,423 for the Heart Fund in a rope jumping program this spring. Parkway School pupils raised \$3,471.

St. Louis city budget cutters are discussing sharp reductions in expressway and street lighting.

Robert Weis, Bricklayers Local 65 business manager, said this week that donors of the Goshen Preservation Alliance to preserve the former Madison County jail, a 110-year-old structure that many County Board members want to tear down. He said union groups are willing to provide money and labor to help restore the building, and endorsed the idea of converting it to law offices.

Congressman Paul Findley is urging new organizations to provide financial aid to the Alton Telegraph newspaper, which lost a \$8.2 million libel judgment.

The Illinois Senate Agriculture, Conservation and Energy Committee voted 7-2 Tuesday to bar electric utilities from submitting to their customers monthly bills that include money for power plants not yet producing electricity.

The Southwestern Illinois Area Agency on Aging will hold public hearings on its 1982-83 area plan from 2 to 4 p.m. May 12 at the Madison County Senior Center, 3512 MacArthur Boulevard, Alton, and from 10 a.m. to 12 noon May 13 at the Edwardsville Senior Center, 1003 N. Main St., Edwardsville.

Utilizing monitoring sites in Granite City, East St. Louis, Edwardsville, Wood River, Alton and 32 other locations, the Illinois Environmental Protection Agency tomorrow will resume issuing daily ozone summaries. In general, there has been no ozone problem here but advisories have been issued in past summers for Wood River and Edwardsville. An advisory is declared when levels reach 70 parts per billion (ppb) for a two-hour average and this level also is expected to be reached again the following day. A yellow alert is declared at 170 ppb but none was necessary anywhere in the state in 1980.

## Schuler appoints committee

The Granite City Council approved committees for 1981-82 at the council meeting Tuesday night.

After the new council was seated last week, council members decided that new committees must be appointed immediately.

Following an informal caucus last week, aldermen submitted their recommendations to Mayor Paul Schuler.

Schuler was unable to attend the caucus, but concurred with the council's recommendations, making only minor changes.

New committees, with the chairmen named first, are:

- Finance: Paul Ray Bowler, Warren D. Atur and Fred "Pat" Schuman.
- Ordinance: Paul Fisk, Casmer Skubish and Schuman.
- Street and Alley: Mike Modrusic, Mac Warfield and Jake Varadian.
- Police: Everett Morlen, Fisk and Sam Whitmer.
- Fire and Water: Warfield, Modrusic and Morlen.
- Lights: Steve Salitch, Sharon Perjak and Marge Nonn.
- Safety: Warfield, Modrusic and Salitch.
- Negotiations: Fisk, Sharon Perjak and Skubish.
- Intergovernmental: Schuman, Carl Kittel and Varadian.
- Ambulance: Whitmer, Kittel and Sharon Perjak.
- Planning and Zoning: Sharon Perjak, Bowler and Salitch.
- Pollution: Skubish, and Schuman.
- Plant: Decatur, M. Varadian.
- Traffic: Salitch and Skubish.
- Hall: Modrusic, and Warfield.

Inspection: Whitmer, Bowler and Decatur. City Buildings: Marge Nonn, Decatur and Morlen.

Downtown: Varadian, Bowler and Marge Nonn. Rehabilitation: Kittel, Fisk and Varadian.

## Install Miss Smith at BPW convention

By VALERIE EVENDEN  
of the Press-Record

Annelen P. Smith, 2810 Yale Drive, was installed as president-elect of the Illinois Federation of Business and Professional Women at the annual state convention which concluded this week at the Marriott Hotel in Chicago.

More than 900 delegates, including 16 from the Granite City Business and Professional Women's Club, attended the four-day conference.

Alma Holland of Arlington Heights, Chicago, was installed as the 1981-82 BPW state president in ceremonies held in the Marriott ballroom on Saturday night.

She announced her program during the coming 12 months will place great emphasis on working with younger members to build future leadership in the business women's organization.

Her approach will focus upon the theme, "Declare, Prepare and Dare."

The new state president also announced the appointment of Norma Mendoza, first vice-president of the Granite City BPW, as state Legislation chairman. Two other local BPW members, Sharoid Young, second vice-president, and Sylvia Wright, a past president, were appointed to the state Public Relations and Finance committees, respectively.

Miss Smith is a 15-year member of the Granite City BPW in which she has held most offices, including president, and many chairmanships.

At the state level, she also has served as first and second vice president and chairman of the state bylaws and membership committees. Miss Smith also has been active in several official capacities at the BPW District 14 level.

The Granite City woman retired in 1976 from the Department of the Army after having worked for 30 years in the field of logistics

**ANNELLEN SMITH** of Granite City, new president-elect of the Illinois Federation of Business and Professional Women. She was installed in ceremonies at the state convention in Chicago.

and financial management as a systems analyst.

She began a new career in 1976 as an advertising counselor with Directions Unlimited, Inc., a Fairview Heights firm.

Miss Smith is an active member and officer of St. Peter Evangelical United Church of Christ and her community activities have involved the Girl Scouts, Heart Fund, Cancer Crusade, Salvation Army and the Granite City Society for Crippled Children.

In other action taken during the convention, the Illinois Federation voted to allow clubs the option of including students as members.

Stated members would have all privileges, except those of serving as officers or delegates to the state convention.

Honors accorded the Granite City Business and Professional Women's Club of Illinois greeting the new state president-elect.

Attending the state meeting from Granite City, in addition to those previously mentioned, were Rose Ezell, Pauline Weir, Ruth Milhouser, Ruth Nicholas, Shirley Rapoff, Hazel Rollins, Lois Wetton, LaVelle Stephens, Carolyn Frye and Pearl Kennerly.

**ANNUAL BIKE-A-THON** by members of the Granite City Lions Club is set for this Saturday, May 2. Members of the club solicit pledges for miles traveled with proceeds going to Camp Lions. The club has set a goal for this year of \$3,000. From left, are: Oscar Nazetta, president-elect; Harley Davis, a co-chairman of the event, and Elmer Wortham, president of the service club.

## \$4,000 loss in fire at tavern

Fire of unknown origin caused an estimated \$4,000 damage to the building at the Sports Tap Tavern, 916 Niedringhaus Ave., at 4:10 a.m. Wednesday. Firemen were at the scene until 6:30 a.m.

An investigation is being made to establish the cause of the blaze, which was primarily limited to a rear storage room.

Firefighters credited police on a routine patrol with noticing flames coming from the rear of the frame structure, enabling the fire department to respond quickly.

It proved necessary to tear metal siding from the rear wall and to break open a back door.

Repair work was started yesterday to restore the building to its previous condition.

In an unrelated call at 4:30 p.m. Tuesday, Granite City firemen extinguished blazing tires and vehicles at the Granite City Used Auto Parts Co., 2684 Missouri Ave.

At 5:50 p.m. Monday, fire caused \$375 damage to an exterior wall of a frame home at 2811 Benton St. owned by John Janek.

## A. A. Schreiber funeral today

Funeral services for Arthur A. Schreiber Sr., 56 of 2290 Delmar Ave., were held at 1 p.m. today, April 30. Burial was in Sunset Hill Cemetery, Edwardsville Township.

Mr. Schreiber collapsed in a locker room at Granite City Steel and was taken by ambulance to St. Elizabeth Medical Center, where he was pronounced dead upon arrival at 7:16 a.m. Monday April 27, 1981. He had been ill health for nine months.

He was born in Madison and was a lifelong resident here. He had been employed at the steel plant for 31 years as a slab furnace heater.

Mr. Schreiber was a veteran of service in the U.S. Army. He was a member of St. John United Church of Christ and Masonic Lodge 677, AF&M.

Surviving are his wife Mrs. Eleanor (Rickert) Schreiber, two sons, Douglas Schreiber of Granite City and Arthur A. Schreiber Jr. of Victorville, Calif.; daughter, Mrs. Josephine (Judith) Bodi of Godfrey two brothers, Alfie Schreiber of Granite City and William Schreiber 2 Madison; and five grand children.

Masonic services were held at 8 p.m. Wednesday at Mercer Mortuary, 141 Niedringhaus Ave.

## Murder charge filed in slaying

Caruth C. Alexander, 33, of San Antonio, Tex., was arraigned on a charge of capital murder during the week in connection with the slaying of Mrs. Lori (Lybarger) Bruch, 19, formerly of Madison.

Mrs. Bruch was found murdered on a street in San Antonio early Thursday, April 23. She was bound and gagged and had been beaten severely about the head.

Jewelry items linked to Mrs. Bruch allegedly were discovered by police in a medical supply van Alexander was operating, a local officer said.

Bond for Alexander was set at \$100,000. Initially, Mrs. Bruch's auto was found abandoned in a rural area of San Antonio

by the sheriff's department and was towed away as a traffic hazard.

The rear and one side of the car, which was new, were battered and her purse was inside the auto.

The former resident had started a new job less than a week prior to her death and she was returning home from work at the time, a local relative said.

Soon after the car was discovered, Mrs. Bruch's husband, Marvin, reported her missing and San Antonio police began an investigation.

Mrs. Bruch had moved from Madison to Oklahoma City, Okla., with her parents, Mr. and Mrs. Charles (Rita) Lybarger, about five years ago. She and her husband had been living in San Antonio for several months.

Beside her husband and parents, she is survived by a brother and sister, Larry and Linda Lybarger, both Oklahoma City; her maternal grandfather, George Marshall of Madison; her paternal grandmother, Mrs. Anita Lybarger, also of Madison; and many relatives here.

## The Light Touch

By  
Frank  
Townsend

One reason many worthy folks don't get much recognition is that the college of hard knocks doesn't hand out honors degrees. A neighbor's noisy, cheap old car can be quite annoying. But so can his quiet, new expensive one.

Let's stop to think how much that little house on the prairie would cost today?

If you ask enough people, you can usually find someone who'll advise you to do what you were going to do anyway.

When the world throws you a lemon, start a lemonade stand!

Here's some "juicy" news. We have super buys on all sizes of color and black-and-white TVs at Townsend TV.

## BETHEL CHAPEL TO HEAR COLLEGE CHORUS

"The Overcomers," a chorus consisting of college students from Ozark Bible Institute in Neosho, Mo., will appear at Bethel Chapel Pentecostal Church, 25th Street and Ohio Avenue.

They will present a sermon and song service at the local church on Saturday evening beginning at 7:30, according to the Rev. Clifton Galther, pastor.

The public is invited to attend, the minister added.

**\$290 IS TAKEN**  
About \$290 in cash was stolen from the upstairs apartment of Jim Childers, 2815 Grand Ave., early this week. Childers said he believes someone climbed the porch supports and broke the upstairs kitchen window to gain entry.

## Logan pupils perform Tom Sawyer operetta

The sixth grade students at Logan School presented the operetta "Tom Sawyer American Boy" written by Mary Kay Strasek, based on the story by Samuel Clemens at a PTA meeting held at the school.

Members of the cast included Jake Varadian as Tom Sawyer, Tatia Baum as Becky Thatcher, Jeanetta Teachenor as Aunt Polly, Sheila Noel as Huck Finn, Tom Pinkerton as Ben, Joe Crawford as Joe Harper, Kenny Harvey as Billy,

Patricia Clark performed as Susan Harper and Heather Matahew as Tom Boy. Special singers were Terri Flaughner, Everett Hughes, Toby Condon, Tracie Brown, Jeanna Winnie, Larry Johnson, Julie Bonilla, Pauline Tadlock, Tami Hahn, Charles Collins, Yvonne Gillham, Jennifer Raynor, Joel Kelly, Michelle Wheatley, Robin Mize, Theresa Woodward, Gina Schalle, Christina White and Tommy Pinkerton.

The operetta featured a Mississippi square dance routine, a painting, an engagement, pirate and steamboat scenes all with songs.

Fred Noeth is principal of the school and sixth grade teachers include, John Boyer, Floyd Clay and John Hutchings. Jennie Lynn Totten is the music teacher.

## Opposition to HB 831 voiced

Pete Harris, regional director for the International AFL-CIO Department of Organizing and Field Services, at a meeting of the Alton-Wood River Area Federation of Labor said HB 831 is "right to be a parasite" legislation.

Bill 831 has passed the Illinois House Labor and Commerce Committee. Harris said, "Right to work legislation is a moral issue. If it becomes law, it will mean that in an organized workplace the few who chose not to pay dues to their union will be reaping the same benefits as dues-paying members. This includes representation in arbitration cases that can cost thousands of dollars from a union's treasury."

Charles Mohr, president of the 25,000 member federation, said "The Alton-Wood River Area Federation of Labor will tirelessly fight HB 831 and all other anti-labor legislation."

## City wants its money

The Metro-East Sanitary District owes Granite City \$1,666 for lighting the Napevski Drainage and the city wants its money.

"No problem. I talked to Shang the other day and he said it would be paid immediately," City Treasurer Nick Petrillo told the council, referring to Walter "Shang" Greenhouse,

president of the sanitary district's board of trustees. Last year, the sanitary district agreed that if Granite City would have dug to dawn lights installed along the drainage ditch, the sanitary district would pay half of the cost of electricity. When the first monthly bill was received in October, the sanitary district im-

mediately paid \$129, its half. Since October, no payments have been received and the sanitary district owes the city \$1,666 for its half of the lighting.

Alderman Paul Ray Bowler of the Seventh Ward said he believes the confusion over the bills and contracts was, in part, the change of presidency of the sanitary district and the moving of the office. He said he is sure the sanitary

district will honor the agreement in a timely manner.

**11 WINDOWS BROKEN**

A vandal threw rocks and broke 11 windows at the Nierdinghaus School boiler room, it was discovered Monday.

**KING GEORGE V**

George V succeeded to the throne of England on the death of his father, Edward VII, on May 6, 1910.

## City 'holds'

(Continued from Page 1)

are down. This has been a big problem," he said.

D'Guiseppi pledged that only non-ferrous metals will be melted, if an when a smelter is erected.

Bowler also asked if D'Guiseppi has the authority to make promises which Pilot Brothers would be forced to honor. D'Guiseppi said he has such authority.

Bowler continued, "These are questions which have to be asked. Nearly 90 persons have signed a petition and they want these questions asked."

He added, "To go blindly into any type of industry is wrong. We are an industrial town. We need industry, but we need to protect the people who reside around this industry."

The Plan Commission, which was the first city body to study the rezoning request, noted that of the signatures on the petition opposing the rezoning, "Quite a few live outside the city," according to chairman Dave Morgan.

One woman, who resides on North Street, told the commission, "A lot of people have moved outside of the city because of pollution and health problems." She detailed breathing and allergy problems in her family and said she fears a smelter on Missouri Avenue would present an additional hazard to her family. She suggested the company consider moving further north on Route 3, near Pre-Coat Metals, where the prevailing wind would not pollute residential areas.

Alderman Warren Decatur of the Fourth Ward, in which the plant would be located, said he has spent hours studying the plans for the plant and believes the industry would be a good

neighbor.

Lengthy debate on the rezoning request ended when Plan Commission member Ed Reinagle pointed out that the only function of the commission is to make recommendations on whether the plans comply with the zoning and said it appears that the proposed industry would meet all zoning requirements. He then made a motion that the commission endorse the M-2 zoning request.

The eight members present unanimously voted to endorse the rezoning.

The Plan Commission's endorsement then was presented to the city council that evening, along with the petitions opposing the plant.

Alderman Decatur repeated his support of the new industry, telling the council, "This plant would eventually employ 40 persons. As bad as business is, I think we ought to welcome anybody hiring people."

New Alderman Jake Varadan of the Fifth Ward said he has received several telephone calls from persons concerned about emissions and noise from the proposed industry and he asked that action on the rezoning request be deferred until the next meeting of the council to give him an opportunity to study the plans.

Paula Case, head of the city's air pollution control department, pledged that her department also will study the company's proposals and will report to the council next week on the likely effect of the scrap yard on the city's air quality.

The aldermen then agreed to postpone a vote on the rezoning request until May 5.

## Bar observes

(Continued from Page 1)

assist the public in obtaining a better understanding of the function of lawyers and the courts.

A third project, which began last May, was the initiation of the Tri-City Bar Association Speakers Bureau. The association provides to area civic, religious and fraternal groups a qualified speaker for their meetings to discuss a wide range of legal topics. The speakers are drawn from change and can be arranged by contacting the Bar Association, with the topic of interest noted.

The association also sponsors a series of news articles entitled, "Know Your Legal Rights," spelling out fundamental legal rights in certain basic areas of the law. These articles span the time frame from the latter part of April to mid-May. The final event of Law Day, 1981, will be the presentation

of awards in memoriam or two deceased members of the association. The "Merlin G. Hiscott Award," named in honor of the late Associate Judge Merlin G. Hiscott, will be presented to a lay member of the community for meritorious service to the legal profession.

The second award, named in honor of the association who either practices alone or as a member of a small law firm, traditionally the backbone of the legal profession. The winners will be announced in early May.

Those desiring further information concerning this year's Law Day observation or wishing to actively participate, may contact Bar Association President, Terry O'Leary, or Judge Thomas Hildebrand, chairman of the 1981 Law Day Committee.

## City stickers

(Continued from Page 1)

City Township Hall, 21st Street and Duane Avenue, through May 15. Additional stickers must be purchased at the regular price.

Beginning May 16, the cost for automobile licenses will climb to \$5.50 and truck and van licenses will range from \$10.50 to \$27.50.

According to a spokesman for Stevens' office, sales of city stickers this year are "way, way, way behind

last year," and a rush is expected this weekend and next week to purchase the stickers before police enforcement begins.

Chief of Police Ronald J. Veizer will determine when police should begin roadblocks checking for stickers. Traditionally, enforcement begins about May 15, but all residents will be subject, by ordinance, to a ticket for failure to have a sticker after 12:01 a.m. Friday.

## Transit

(Continued from Page 1)

board Monday states that Bi-State is to continue the same level of service to Madison County that it was providing on Jan. 5, with reasonable adjustments.

Changes in the number, types or quality of buses; of routes, schedules, facilities, stops, fares or any other

change in service requires the transit board's prior approval, according to the contract.

If Bi-State does approve the Madison County transit contract today, it may find it difficult to eliminate or curtail many St. Clair County routes without

adversely affecting the agreed-upon level of service to Madison County. If Bi-State does not approve the Madison County contract, it risks speedy receipt of the first payments from the quarter-cent sales tax when they are received next month.

## Services for

### Mrs. Trotts, 65

Mrs. Mary Catholic Church in Madison for Mrs. Frances "Fritz" (Gavilsky) Trotts, 65, of 1022 Greenwood St., Madison, who died at 3:26 a.m. Friday, April 24, 1981, at her home.

Mrs. Trotts was born in Madison and was a lifelong resident. She was a member of St. Mary Catholic Church and the St. Ann's Altar Society.

Her husband, Anthony B. Trotts, and a sister, Mrs. Anna Bieleczek, preceded her in death.

Mrs. Trotts was active in the Madison Senior Citizens and held office in the Madison City Organization and the Democrat Ladies Auxiliary of Madison.

Among the survivors are a daughter, Mrs. Wayne (Deborah) Mott of Granite City; a son, Daniel A. Trotts of Granite City; two brothers, William Gavilsky of Omaha, Neb., and Anthony Gavilsky of Jefferson City, Mo.; two sisters, Mrs. William (Vickie) Eckels and Mrs. Stanley (Catherine) Sawicki, both of Madison; and one grandchild.

The Rosary was recited Sunday at Sedick Funeral Home, 615 Madison Ave., Madison. Burial was in Calvary Cemetery, Edwardsville Township.

## Miss Willie Fay is recuperating

Miss Willie Fay, society editor of the Press-Record for over 30 years and now retired, is recuperating after a series of tests at St. Elizabeth Medical Center. She is presently residing at the Pleasant Rest Nursing Home in Collinsville.

in Crossroads Plaza Shopping Center from 9 a.m. to 2 p.m.

Stickers also may be purchased weekdays between 8 a.m. and 5 p.m. at the office of City Clerk Robert W. Stevens in city hall, 20th Street and Nierdinghaus Avenue.

The cost of each sticker will increase in price by \$2.50 after May 15. Senior citizens (age 65 or older) may purchase one auto sticker for \$1 at the Granite

## Rabies an increasing problem

By MARY RICHARDS  
Ill. Department of  
Public Health

Rabies. The dreaded disease is becoming more and more of a problem. What can be done to stop it? How can it be avoided?

In 1980, Illinois had 324 confirmed cases of rabid animals—an all-time high. This year, we are more than 23 percent ahead of this time last year.

The state health department is especially concerned about increased incidence of rabies in domestic animals this year, because people have more contact with domestic animals than with wild animals.

Each year, rabies vaccine is provided by the Illinois Department of Public Health to 200 to 300 persons who may have been exposed to rabies. These people had been bitten or scratched by suspected or confirmed rabid animals or had considerable contact with the saliva of such animals.

Your family should be taught to stay away from all wild animals and strange domestic pets.

An animal with rabies often experiences a complete personality change. A wild animal that normally avoids people may begin to act quite friendly and appear in a farmyard or come close to picnicers.

Or a rabid animal may

become more aggressive than usual and may be likely to attack. The key thing to watch for is any type of behavior which is not normal for that animal.

If you see a stray animal and have reason to suspect rabies, immediately report the animal to the animal control office in your area. Do not try to capture or restrain the animal.

If a suspicious animal does bite or scratch you, the wound should immediately be thoroughly cleaned with soap and water, and a physician should be contacted.

There is a period between the exposure and the contracting of the disease when immunity can be built up. This time lag makes it possible for exposed persons to be vaccinated for rabies before they actually develop the disease.

If a dog or cat bites a person, it should be confined and observed for 10 days under the supervision of a veterinarian.

If the dog or cat shows signs of rabies during that period, it should be sent to the laboratory and tested for rabies. If the animal is proven rabid, persons bitten or scratched by the animal should start the rabies shots immediately.

If, however, the suspect animal is a wild animal, such

as a skunk or raccoon, it should be sacrificed at once and sent to the laboratory for rabies examination. For more information concerning rabies vaccine for humans, Quad-Cityans may contact the Illinois Department of Public Health, Division of Disease Control, 535 W. Jefferson, Springfield 62761.

## Felony charge follows theft

Steven A. Mueller, 28, of 2612 Kirkpatrick Homes, has been charged with a felony count of theft and a second count of being sought in connection with the theft of a turntable, speakers and stereo receiver from the apartment of Pam Gerber, 2601 Kirkpatrick Homes, last week.

The victim said she left her home briefly to visit a friend, leaving a door unlocked, and a short time later, she saw two men carrying a box from the apartment of Pam Gerber. She saw cords hanging down from the box, she said something to the two men and they hurried away.

She returned home and found the stereo had been stolen. The turntable and speakers were found in the bushes behind the 2100 block of Kirkpatrick Homes.

Police arrested Mueller in the 4900 block of Kirkpatrick Homes and set his bond at \$2,000 cash Friday. He was taken to the Madison County Jail at Edwardsville at 5:45 p.m. Friday.

**BURGLAR TAKES TV**  
A burglar obtained a \$250 portable color television set and a \$15 clock radio from an apartment at 2104 Washington Ave., Dora McCance told authorities last week.

**MADISON HIGH SCHOOL STUDENTS** and members of the Future Secretaries Association observe national Secretaries Week at the high school. The group was accorded honors at the school by the Principal Dan Kostenki on their chapter activities and code of dress for the day. Gail Foley from Ralston Purina Co., was guest speaker at the final meeting of the group for this school year. Mrs. Foley also is a member of the Tri-Cities Chapter of Professional Secretaries and is a certified professional secretary.

## School cuts likely

Illinois schools could lose \$105 million in the 1981-82 school year if President Reagan's proposed budget cuts are authorized by Congress.

"This news is not good," said School Superintendent John Palchek at the Madison School District 12 meeting last week. Palchek indicated that this is a 25 percent cut in the school system budget.

After a detailed analysis of the impact the proposed budget cuts will have on Illinois school systems, State Superintendent Donald G. Gill submitted a letter to the board, encouraging it to inform the public of this information.

Gill said that every student in Illinois will be affected to some extent. This figure is \$105 million below the level

that the school systems are receiving this year, Gill stated in the letter.

Gill also reported that an informed public would better express its wishes to congressional representatives, who will vote on this issue.

## DRIVER IS CHARGED WITH LEAVING CRASH

Loy Skeen, 34, of 3432 State St., was charged with reckless driving and leaving the scene of an accident after his car allegedly damaged three parked cars on Fehling Road near Bradley Avenue and then drove away at 12:45 p.m. Saturday.

Skeen's southbound car allegedly hit the rear of the parked car of Richard Ficker Sr., 3005 Denver St., pushing it forward into the auto of Gerald McKeahan, 2640 Angela Drive. McKeahan's auto was then pushed forward into the parked car of Stephen Dudak, 2338 Emert Ave.

Witnesses alleged Loy's auto then backed up and left the scene south on Fehling Road. Loy was arrested at his home moments later and was released after posting his driver's license as bond.

**GERALD BOWEN** has been awarded two scholarships to attend Central Methodist College in Fayette, Mo., next fall. A Service Scholarship has been awarded to him because of his involvement in his church's youth group, the school newspaper, and for work in the Little League program. He is also receiving a talent scholarship for his athletic ability in football. Mike is the son of Mr. and Mrs. Edward Bowen of Granite City.

## To the Residents of the THIRD WARD

I want to thank you for the support you gave me the past 16 years, as your alderman. It was a tremendous experience, and a privilege for me to have served you. Thanks again.

Roy Poules

## LENNOX ENERGY SAVING, DOLLAR SAVING DAYS are here.

"Take it from Dave Lennox..." Modernize your home with our revolutionary Lennox two-speed heat pump and enjoy tremendous energy cost savings. Like 4 units in 1, the Lennox Legend® with its two-speed compressor delivers twice the cooling and heating flexibility of single speed heat pumps. Ideal for add-on and replacement installation. Call us today for details.

## Pluses in economic outlook for Illinois and 2-county area

Contracts for future construction of non-residential buildings in Illinois show an upswing consistent with industry forecasts, according to the April Illinois Economic Data Sheets published by the Illinois Department of Commerce and Community Affairs.

January retail sales in Illinois were on the increase. But the March unemployment rate returned to its January level after a drop of 7 percent in February.

The March Illinois unemployment rate was 9 percent compared to a February rate of 8.3 percent. The U.S. March rate held steady at 7.3 percent.

However, latest data available show 17 Illinois counties, including DuPage, McLean and Champaign counties, registered February unemployment rates below the national February rate.

Three counties matched the U.S. rate, and 44 counties registered double-digit unemployment rates for February compared to 66 in January.

Jobless rates in the state's major metropolitan areas for February were as follows: Bloomington 7.0, Champaign 6.0, Rock Island-Moline area 6.3, Chicago 6.2, Decatur 11.5, Peoria 9.7, Rockford 10.8, Springfield 7.3 and Madison-St. Clair counties 10.1.

Recently revised data from the U.S. Department of Labor show the 1980 Illinois manufacturing rate was off by 3.8 percent.

Previous data had suggested the Illinois off-rate was considerably higher.

The February 1981 data show Illinois manufacturing employment for that month improved slightly over January: 4.5 from 4.6 percent.

Total Illinois contracts for future construction were off by four percent in January and was up two percent for February.

Construction industry analysts and operators have predicted a significant construction increase in Illinois beginning in mid-1981, ranking Illinois fourth among the states in the total amount of new construction activities.

Construction activity is one of the key economic indicators, but is heavily

dependent on the level of

inflation rates. The first 1981 retail data reported by DCCA show Illinois retail sales in January were up 7.4 percent compared to one year ago. Chicago metro area retail sales were up 7.1 percent for the same period, although Chicago city sales were down 5.7 percent. January U.S. retail sales were up by an even 10 percent.

January department store sales in major Illinois metropolitan areas were up as follows: Chicago 5.5, Chicago central business district 0.1, Rock Island 4.7, Decatur 8.0, Peoria 2.5, Rockford 5.1, Madison-St. Clair 5.2, Springfield 4.1, Danville 7.1 and Quincy 15.3.

David Decker, director of advertising for Black and Company Hardware, which operates retail outlets in most of the state's major cities, said, "Overall February sales were encouraging to us, considering the state of the economy. And March sales gave us every reason to be further encouraged."

"Of course, traditional sales and marketing techniques no longer always produce traditional results. The retail market is somewhat unpredictable at the moment," he said, "and appears to be more closely linked to key economic indicators than ever before."

## Maryville School leads rope jumping for the heart fund

Students in Madison County schools raised more than \$18,700 for the Heart Fund in this spring's "Jump Rope for Heart," a national event sponsored locally by the Illinois Association for Health, Physical Education and Recreation.

Maryville Elementary School in Granite City, coordinated by Margaret Roper for Heart, raised \$4,250. McKinley School in Alton, \$3,555; and Milton School in Alton, \$3,242.

School physical education teachers and students organized rope-jumping competition. Members of six-student teams each jumped rope, relieving each other when tiring, for a maximum of three hours.

Cash pledges collected from sponsors for each minute of their rope-jumping efforts were applied to Heart Association programs of research, to find better means of diagnosing and treating heart and blood vessel diseases; public and professional education; and community service projects, such as cardiopulmonary resuscitation training and blood pressure screening. The high rate of heart attack and stroke in America is due to lifestyle, says Dr. Norman Scheibing of Springfield, president of the American Heart Association's Illinois Affiliate.

"If we encourage children to adopt healthy habits early in life, there is a good chance they will maintain the same values as adults," says Dr. Scheibing. "Heart and blood vessel diseases, which are the nation's number one killers, can begin in childhood."

## Dixie Dolls place 4th in area contest

The Dixie Dolls Pom Pon Squad of Granite City High School South achieved a fourth place overall finish in the annual Invitational Pom Pon contest at Bethalto High School.

A total of 13 area schools participated in the event, which alternates each year between the schools.

Routines presented by the Dixie Dolls were designed and choreographed by Squad Captain Patti Sharp and Janet Fox, co-captain.

The squad leaders were assisted in preparing the presentation by Cathy Moran and Mary Koepfer.

"Does Your Mother Know?" was the theme of the routine performed by the 20-member squad.

In the contest, the pom pon team was rated by three judges in such segments as competition as variety, general technique, music and routine compatibility and spectacular effects.

In addition, there were demonstrations before a floor judge, who checked and rated correct posture, alignment and spacing.

The local students received many accolades and also were offered constructive advice to improve their performance, according to Joe Owens, South High band director.

O'Fallon, Mascoutah and East Alton—Wood River scored first through third places, respectively.

Following Granite City High School South, in the order of rating, were Alton of Belleville, Assumption of East St. Louis, Bethalto, Lebanon, Edwardsville, Collinsville, Central of Breese, Ill., Nashville and Westch of Trenton, Ill.

Other members of the Dixie Dolls performing in the contest were Sheila Mouria, Michelle Lombardi, Cindy

**STEREO IS TAKEN**  
A cassette player and an equalizer, together worth about \$200, were stolen from the auto of Roy Badgett, 2517 Hodges Ave., parked at his home last week. Badgett said his auto had been locked.

## AUTO FACTS

by Harold Chitwood

Each time the driver steps on the gas pedal of his fuel injected car, he triggers a new series of computer calculations. The new computer, comparable to the carburetor's choke, that increases the volume of air entering the engine's intake manifold. The computer instantly reacts to the increased air flow comparing it to the engine speed and power required, as well as to the temperatures of both the engine and the incoming air. It then calculates the proper fuel mixture and directs a spray of gasoline toward each cylinder.

When it comes to calculations, make sure you figure out the way to get the best service for your car. Thanks to BIG 4 CHEVROLET COMPANY's service team we were among the 3% of America's Chevrolet dealers to be awarded the 1979-1980 Service Supremacy Award for 22 areas related to customer service satisfaction. What that means for you is a service standard that's unbeatable. When it comes to service, come see us at 1820 Vandalia St. in Collinsville or phone 345-5444. We are open Mon.-Fri. 7-6. All major credit cards welcomed.

**AUTO TIP:**  
Fuel injection is a process which results in efficient combustion with a minimum of wasted fuel.

## Checkerboards in Loyalty Day parade

The Checkerboard Squares of Granite City will participate in the annual VFW Loyalty Day parade Saturday in South St. Louis. Bob Boyd, director of the renowned square dancing troupe, said the parade will start at 1 p.m. Saturday at Cherokee and Compton Avenues, St. Louis, and proceed a distance of 25 blocks.

Last year, the Granite City dancers won the first place award in the Loyalty Day parade as the "Best Motorized" unit, Boyd said. There was a total of 137 units in the 1980 event.

In Saturday's parade, 10 couples from the Checkerboards will perform square dancing routines on a decorated trailer, owned by the Greenhall Tavern in Madison.

Tonight, the dancers will present a show during the Granite City Moose "family night" at the local Moose club.

After their performance, the young people will demonstrate the basic square dancing steps and invite those attending to join

in a "western party" dance program, Boyd said. The Checkerboard Squares were rated third in the nation last year among all square dancing groups, the director advised.

## St. Elizabeth Medical Center to dedicate expansion project Sunday

The most extensive expansion project in the history of St. Elizabeth Medical Center is almost complete and will be dedicated at 1 p.m. Sunday in ceremonies at the Washington Street entrance to the center.

The expansion project which includes the renovation of the medical records department, laboratory, the physicians' library and lounge and the personnel and employment office, will be followed by an open house from 1:30 to 3:30

p.m. Tours of the center will be conducted during that period.

Ground was broken for the \$18 million project on May 25, 1978, and various developments in the project have been under way for almost three years. The third floor of the Binney Wing has been remodeled to create a cardiac care unit, a new power plant has been built and the food service area has been enlarged, including construction of a new

catereria.

The program included the construction of a new wing which bears the name of Father Peter Kaenders who purchased the Granite City hospital in 1911 and renamed it St. Elizabeth Hospital and later sold it to its present owners, The Sisters of Divine Providence.

The supportive services in the Kaenders Pavilion include the new business and admitting offices, social work, pastoral care, industrial medicine, out-

patient, security, coffee and gift shops, maintenance, print shop, switchboard, storeroom, the public relations department and ICU waiting room.

The open house program will include presentation of "So Fine" describing the history and growth of SEMC and Granite City, and "Building on Tradition" paying tribute to the people and traditions of the Medical Center which will be shown.

## Church reaches record in new 1980 openings

The Assemblies of God reached a 25-year high in new church openings in 1980 with 593 new churches established during the 1979-80 biennium. According to the Rev. Clarence E. Lambert, head of the New Church Evangelism Department, this is the largest number of new church openings in the denomination since 1955-56.

"During the '60's and '70's the Assemblies of God started fewer new churches. Today we are seeing the trend shift back," Lambert said. He credited the upswing to increased emphasis and effort by the church's 56 districts.

The top ten districts in opening new churches during the past two years are Illinois with 34; Puerto Rico, 28; Peninsular Florida, 28; Northern California-Nevada, 24; Gulf Latin, 23; Alabama, 21; Kentucky, 21; New York, 21; North Carolina, 21, and Pacific Latin, 21. Three of the denomination's seven Spanish speaking districts are among the top ten.

## Amvets, auxiliary make donations

The regular meeting of Amvets Auxiliary Post 51 was held last week with President Glenda Brockman in-charge of the business session, in which donations were made to the Granite City Parents for Special Education and the Girls Scouts Summer Day Camp Program.

Visits were made during the past week to the Madison County Shelter Care Home in Edwardsville and the Alton Elder Care Home. Patients at both nursing homes were given Easter gifts from the Auxiliary.

Regular monthly visits to John Cochran Veteran's Hospital is scheduled for April. Auxiliary and Amvets members will play Bunco with patients awarding prizes and refreshments will be served.

Discussed were plans for Memorial Day Ceremonies May 25.

Local post and essay contest entries have been collected and were judged Saturday, April 25. Winners in each separate contest will receive a \$50 savings bond and will be eligible for the Department of Illinois Contest which will be held at the Department Convention May 19-20-21.

Convened Delegates were elected, Glenda Brockman, president; and Ann Tucker, senior vice president will serve as auxiliary Post 51 delegates and Betty Clements, chaplain, and Betty Wilkins, treasurer were elected as alternates.

Officers at Post 51 plan to enter for the honors and awards in all categories. Nominations of officers for 1981-82 was held with the second nomination and election to be held at the next regular meeting, May 13.

Installation of Amvets and Auxiliary will be held on May 30 at 7 p.m.

**READY FOR SALE.** Pontoon Beach Lionsesses are preparing for their first Carmel Corn Day to benefit the hearing and sight impaired. Preparing for the sale Saturday are, from left, Ike Lipscomb, Laura Papp and Laverne Malzynski who will accept donations.

## Pontoon Lionsesses to sponsor benefit sale

The Lionsess first annual Carmel Corn Day will be held Saturday from 9 a.m. to 5 p.m. in the Quad-City area. Carmel Corn Day is an effort on behalf of many state Lionsess Clubs to raise money to help the blind, visually handicapped, deaf, and hearing impaired.

Pontoon Beach Lionsesses will be giving away sacks of corn and accepting donations to fund a variety of services and programs for the hearing and sight impaired. Proceeds from Carmel Corn Day will be used both locally to benefit

the blind or deaf and also statewide, through the Lions of Illinois Foundation, the charitable arm of the Illinois Lions Clubs.

Statewide, the funds will help support glaucoma, visual acuity, and hearing screenings; a camping program for children with visual or hearing impairments, an eye donor registry; used eyeglasses collection to furnish eyeglasses to people in poverty areas worldwide; and a program of social services and referral.

## Man is sentenced in trespass, damage case

Dennis Roy Winningham,

23, St. Louis, was sentenced by Associate Judge Thomas Hildebrand at 7 p.m. Monday to serve 364 days in the

correctional facility at Vandallia after Winningham pleaded guilty to criminal damage to property and criminal trespass to land.

Winningham was arrested at 3:50 a.m. Monday when he allegedly broke into the home of Tony Manogian, 2508 Nameoki Road, and the owner found him sitting at the kitchen table. When Manogian turned on the kitchen light, the intruder fled out of the house and was arrested at Nameoki Road

and Edwards St.

Entry to Manogian's home had been gained by tearing a plastic cover and the screen from the rear porch door.

Winningham told police that he is on federal parole for bank robbery and has been residing in a halfway house in St. Louis.

He pleaded guilty to both charges at 7 p.m. Monday and Judge Hildebrand sentenced him to serve 30 days in the county jail on the trespass charge in addition to the 364 days in Vandallia for the criminal damage to property charge.

## Fund dinner causes changes

The De La Roche Awards dinner, a formal event which will be attended by those who have made large contributions to St. Elizabeth Medical Center is Saturday at the hospital.

The dinner will cause some changes in the usual hospital routine, and visitors are asked to observe these temporary arrangements: 1. Bonaventure's will close on Saturday, May 2, after breakfast and will open again for breakfast on Sunday.

2. Visitors are asked to park in the garage, as the parking

lot in front of the lobby will be closed on Saturday.

3. The lobby will close at 2 p.m. Visitors may enter through the Reese's entrance or the entrance near the emergency room. Signs will be posted to direct people to elevators and the information desk.

4. The ICU (intensive care unit) waiting area will be closed from 6:30 to 7:30 p.m. The surgery waiting area will be available instead.

**SHOT ACCIDENTALLY**

Kenneth Mikulez, Rural Route Two, Box 117, Granite City, suffered a gunshot wound to his lower right hip at the old boat ramp in Madison at 6:35 p.m. Saturday. He and friends said he was playing with a 22 caliber pistol when it discharged accidentally, shooting him. He was treated at St. Elizabeth Medical Center and was transferred to the hospital at Scott Air Force Base, since he is in the military.

**GRADUATES.** Charles M. "Mike" McLean Jr., private first class, has graduated from Marine recruit training at Parris Island, S.C. He is the son of Mr. and Mrs. Charles M. McLean Sr., Granite City, and was a graduate of Granite City High School South in the 1980 class. He now will report to the Naval Air Station at Memphis, Tenn.

## Woman with knife threatens couple

Elaine Lance, 45, of 2216 Lee Ave., faces two charges of aggravated assault after an incident early this week in which she allegedly threatened Randy Mayes, 2419B Bromley Ave., and his wife Debra with a steak knife at the Mayes' apartment.

Police were told that Mrs. Lance came to the apartment, threatened Mrs. Mayes with the knife, even though Mrs. Mayes was holding a small child in her arms, and then backed Mrs. Mayes up a set of steps. Mr. Mayes met them at the top of the stairs with a shotgun in his hands and he was able to close the door and lock it after his wife and the child were inside, he told police.

Mrs. Lance was arrested at her home a short time after the incident on complaints signed by the Mayes couple.

## Car licenses due

Effective May 1, drivers of passenger cars with an expired green sticker will be subject to arrest and fine.

Owners have until midnight April 30 (today) to display proper brown 1982 registration stickers in the upper right corner of their plates.

Stickers may be purchased over the counter at the Secretary of State's Springfield and Chicago facilities, or many financial institutions participating in the license renewal program.

## COLLINSVILLE CRASH

David Kollmann, 16, Collinsville, was injured in a two-vehicle collision Tuesday morning on Belt Line Road in Collinsville. Kollmann was taken to Oliver Anderson Hospital by Collinsville Fire Department ambulance. Kollmann's car was westbound on Belt Line about 9:30 when the accident occurred. His car collided with a pickup driven eastbound by Michael DeGonia, 19, Granite City. Both drivers claimed the other vehicle had crossed the center line. According to Collinsville police, there was no evidence at the scene to indicate which side of the road the vehicles were on.

## Annual Lake Division band concert tonight

The Lake Division Elementary Concert Band will hold its annual spring concert at 7:30 p.m. today in the gymnasium of Grigley Junior High School, 3801 Cargill Road. Admission to this concert is free and the public is invited.

Among the selections being featured on tonight's program are: "Junior Varsity," a march by John Kinyon, "This Old Man" a novelty piece arranged by Peter Reynolds, "Little English Suite," a collection of three selections by Leroy Jackson, "Aura Lee" a ballad arranged by John Kinyon, "Daddy Day," a flute duet performed by Anna Oliver and Leslie Hodshire, "Stars and Stripes Forever," a snare drum solo, performed by Eric Wilson, "Melody in F," a clarinet quartet, performed by Kim Melton, Tina White, Yvonne Gillham and Richard Witt, and a French horn, solo, "Mazurka in A Minor" performed by Lori Hildebrand.

The students who comprise the concert band attend Emerson, Lake, Logan, Marshall, Webster and Wilson Elementary Schools. The instrumental music

director at Emerson and Logan Schools is Mrs. Mary Davis. The director of the Lake Concert Band and music instructor for band at Lake, Marshall, Webster and Wilson schools is Mrs. Alicia Poplichak.

Members of the Lake Division Elementary Concert Band are: Cindy Jeffries, Anna Oliver, Leslie Hodshire, Shannon Gaud, Vicki Staggs, Shannon Smith, Andria Boyer, Michele Ashby, Toni Ketterer, Ami Brooks, Tricia Turpenoff, Stacia Jateff, Lori Richmond, Tracy Brown, Yvette Mitalovich, Ann Ritz, Tracy Fleggenbuz, Tammy Garner, Karen Farless, Donna Gargac, Kim Stavely, Erica Fulcher, Michele Massey, Rocky Moss, Becky Clayton, Yvonne Gillham, Tina White, Travis Prather, Kim Melton, Chuck Mann, Robin Drum, Dawn Kostoff, Beverly Goforth, Chris Mabele.

**CHARTING A NEW PATH.** Three alumni of Southern Illinois University at Edwardsville have completed the cartographic orientation program at the Defense Mapping Agency Aerospace Center in St. Louis. From left are Paul Koniak III of Staunton, Kim Wilson of Belleville and Alice Fyalka of Granite City.

The three received bachelor of science degrees with concentrations in geography from the university in 1980. The Aerospace Center provides worldwide aeronautical support for the U.S. Department of Defense, furnishing products for manned aircraft and space missions, simulators, and missile guidance systems.

## Reservations not required for SILEC drug-abuse seminar here

Reservations are not necessary for Monday evening's free drug and alcohol abuse program being presented by the Southwestern Illinois Law Enforcement Commission Mobile Team, which will begin at 7 p.m. and will last until 10 p.m.

Persons interested in children, including parents, teachers, policemen, school officials, social workers, ministers and others are being encouraged to attend the event, which will be held in the auditorium of Tri-City Park Tabernacle, Maryville Road at Clark Avenue, although it is not a direct church-sponsored event.

The event is sponsored by the Granite City mayor's

office, police department and school district, the Tri-City Area Chamber of Commerce's Crime Prevention and Control Committee, the Granite City Ministerial Alliance and the Madison County Drug and Alcohol Council.

The vivid film, "Dead is Dead," will be shown and parents are being encouraged to leave young children with a babysitter, due to the film's vivid portrayal of the consequences of drug and alcohol abuse.

In addition, speakers will address several aspects of the drug and alcohol abuse program. Speakers include Granite City Chief of Police Ronald J. Veizer, J.W.

"Skip" Bennett, training coordinator for the SILEC Mobile Team, S.A. David Palmer, squad leader for the Northeastern Metropolitan Narcotics and Drug Enforcement Group of Elmhurst, Ill., and Jim Nichols, new director of the Metropolitan Enforcement Group of Southwestern Illinois.

Also, Jill Brandenberger, R.N., Mrs. Jean Schram of the Madison County Council on Alcoholism and Drug Dependency, Granite City High School South principal James Dumont, and Dr. Thaurace York, pastor of the host church.

There will be coffee served at the mid-point of the three-hour seminar.

## More paying child support

Illinois Public Aid Director Jeffrey C. Miller reports that the Illinois Department of public Aid has collected more than \$1.6 million in child support payments for March, 24 percent more than a year ago.

The March figure represents the highest monthly collection rate since the current method to collect under the Title IV-D Child Support Enforcement Program was initiated in 1976. "I'm encouraged by the improved collection rate," Miller said. "Child support collections lower the cost of public aid programs."

He said reasons for increased collections include more public support for child support enforcement programs, a stronger effort in the courts, and use of collection methods similar to those utilized in the private sector.

He also commended the efforts of the Bureau of Child Support staff.

Child support payments are collected by the bureau from absent parents whose dependents are receiving public assistance. The same services are available, at a fee, for individuals not receiving public aid. Bureau activities are coordinated with county state's attorney offices and nationwide with child support agencies.

## Reports purse stolen from car

Veatrice Banks, 73, Gareness Homes, reported her purse, containing \$192 worth of food stamps, was stolen from her auto, which was parked at Third Street Madison Avenue.

Alice Farran, 114 Grenzd's Homes, Madison, who was with Mrs. Banks, reported having \$100 worth of food stamps taken at the same time.

## COMPLETES TRAINING AT INFANTRY SCHOOL

Army Pvt. Jeffrey D. Kirkpatrick, son of Alan J. Reber of Rural Route 2, Granite City, and of Mary M. Kirkpatrick of Chatsworth, Ill., has completed One Station Unit Training at the Army Infantry School, Fort Benning Ga.

OSUT is a 12-week period which combines basic combat training and advanced individual training. The soldiers were taught to perform any of the duties in a rifle or mortar squad. Kirkpatrick is a 1980 graduate of Chatsworth High School.

## SUFFERS ARM INJURY

Percy E. Guest, 21, of 99 Hill Street, Eagle Park, was struck with a shovel handle last week near his home following an argument with a neighbor. He was treated at St. Elizabeth Medical Center for cuts and bruises on the left arm near the elbow.

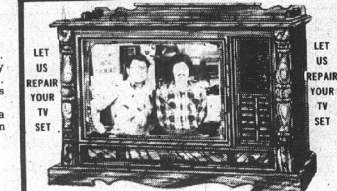

## Immediate arrest solves burglary

A 12-year-old was charged with burglary last week after cigarettes, a check protecting machine and a hot dog cooker were taken in a break-in a short time earlier at Plaza Billiards, 2420 Nameoki Road.

Apprehended at Henry and Hodges Avenue after patrolling officers discovered damage to the Plaza Billiards building, the boy was booked at the police station and then was taken to the Madison County Detention Home as a ward of the Department of Children and Family Services.

Ink on him and his clothes alerted matched ink found spilled at the billiards parlor.

## North student wins first in oratory meet

Mary Andrea Turck, a sophomore at Granite City High School North, daughter of Mr. and Mrs. Bob Turck, 2430 Pine St., won first place in the Optimist International Zone Oratorical Contest in the girls division last week.

By winning first place in the zone contest, she qualifies to compete in the Optimists State Finals.

Prior to winning the zone contest, she won first place in the Optimists Club Contest in Granite City. The zone contest was held in Edwardsville.

Dr. Goni Michaeloff, Mary's speech coach and chairman of the North Speech department, will accompany her to the state finals in Peoria, in May.

The North speech faculty has chosen Mary as the recipient of the Rotary Scholarship, an award which will enable her to attend a two-week summer workshop at Eastern Illinois University.

**WINS FIRST PLACE.** Mary Andrea Turck of North High School took first place in the Optimists Oratorical Contest. She displays a certificate of recognition awarded her for the achievement.

## Allege liberties with child

Felony warrants alleging indecent liberties with a child were served Friday on two Granite City men and they were taken to the Madison County Jail at Edwardsville pending court appearances.

Richard W. Janco, 19, of 2449 Edison Ave., was arrested in the 1400 block of Norwood Drive at 3:45 p.m. Friday and Lloyd Elmer Coad, 44, of 2715 E. 24th St.,

was arrested at his home a short time later.

The two appeared before a judge in Granite City at 4:25 p.m. Friday and Janco's bond was set at \$10,000 cash. Coad's bond was set at \$5,000 cash and they were transported by a Madison County sheriff's deputy to the county jail at 5:45 p.m. Friday.

## Recuperating after crash

Robert L. Galbraith Jr., 27, Edwardsville, has been released from the hospital after being treated for fractured ribs and other injuries suffered when his auto was struck nearly head-on April 18 at 15th Street and Madison Avenue.

According to police reports, the pickup truck of Charles Asperger, 18, of Granite City, was southbound when a southbound auto crowded into his lane, forcing Asperger across the center line into Galbraith's northbound lane, where the vehicles collided. Both drivers and a passenger in Galbraith's car were injured.

The dark blue Plymouth which forced Asperger's auto out of its lane left the scene.

Initial published reports on the accident were in error, according to the accident report police prepared.

## HUNTER THREATENED

Three unidentified men in a pickup truck threatened John Webb, 61, of 2807 Cayuga St. while he was mushroom hunting on Chouteau Island on Saturday and one fired four shots from a high-powered rifle, sheriff deputies were notified by a fellow mushroom hunter, Walter Volkmar, 2117 Pontoon Road.

**QUAD—CITY STUDENTS.** Members of Future Secretaries Association participating in the "Day in an office" project in conjunction with the national observance of Secretaries Week. From left, Kelley Blochberger, seated, a member of North High School FSA Chapter, Adrienne Pumphrey, North Chapter, Jenise Pingel and Diane Gorka, both of the Madison High School FSA Chapter. They were assigned to work at the First National Bank legal department in St. Louis.

**SECRETARY OF THE YEAR (SOTY).** Mrs. Mary Gain, left, accepts a bouquet of roses from retiring Secretary of the Year, Mrs. Helen Gieselman of Madison Metal Decorating Co. The honoree is secretary to Keith Jackson, vice-president and general manager of General Steel Industries Engineering Division, St. Louis. Mrs. Gain won the honor of 1981-82 SOTY through accumulating the most activity points in the Tri-Cities Chapter, Professional Secretaries International, during the contest year.

#### Kosta Vasiloff marks 89th year

Kosta Vasiloff, 1307 Washington Ave., Madison, celebrated his 89th birthday at the home of his daughter, Mrs. Rose Prazma, 3017 Willow Ave. Mrs. Prazma and her sister, Mrs. Mary Ballentine served dinner to the honoree and to Pat Prazma, Maryann Ballentine and Kathy Brockman.

## Future Secretaries spend day in office

The annual Future Secretaries Day, FSA, in the Office, held each year in April in conjunction with Secretaries Week, was again a successful event this year with 44 students from the three local FSA chapters participating. Corporations involved in this year's activity were Sidener Supply Co., St. Elizabeth Medical Center, First National Bank in St. Louis, First Union Bancorporation, St. Louis Union Trust Company, and Mercantile Trust Co.

Under the direction of Mrs. Gail Donnelly and Miss Peggy Martin, four FSA members from GCIS-North found that much goes on behind the scenes and in the offices of SEMC. Those assigned to St. Elizabeth were Sheila Crews, Laura Cappelli, Lauren Jarrard, and Leann Baker. Sherri Burns and Elizabeth Baldwin, GCIS-South, were hosted by Sidener Supply Co., with lunch at a local restaurant as a special treat.

Mercantile Trust Co.'s Personnel Office, Mrs. Mary Hales, was in charge of the placement of Linde Snider and Jill Donley, GCIS-North.

All other participants were assigned to First Union, First National Bank in St. Louis, and St. Louis Union Trust Co., as directed by Mrs. Linda Uhe, personnel department, and Mrs. Charlene Vunovic, FSA committee chairman.

Those members were Cheryl McIlvoy, Adrienne Pumphrey, Kelley Blochberger, and Brenda Alsbury (all from North); Loretta Rutledge, Georgia Scum, Kathy Plebanek, Marsha Haro, Dan Fife, Margaret Rowane, Cindy McFall, and Sabina Thompson (GCIS-South); and June Bosworth, Ernestine Branch, Carla Brooks, Carol Brooks, Laura Brown, Diane Gorka, Lisa Honorable, Debra Howard, Patricia London, Lois Miller, Terri Peck, Jenise Pingel, Karen Salmon, Terri Smith, and Linda Newson (Madison High School FSA).

The FSA members rode the bus to and from St. Louis chartered for the occasion, joined by Mrs. Vunovic on the ride to St. Louis, and by Lee Ashby, FSA faculty advisor, on the return trip. They were all guests of First

#### NEW OFFICERS.

Newly elected officers take the oath of office at an annual installation dinner meeting hosted by the Granite City Junior Service Club. Front row from left, Gale McFarland, installing officer, Brenda Weckman, president, and Faith Holsinger, the retiring president. Back row, Donna Polivich, recording secretary, Sue Reiss, corresponding secretary, Gail Miosky, first vice-president, Linda Gordon, second vice-president, and Betty Nighossian, treasurer.

## Historical Society to be formed

Quad-City residents interested in the formation of a historical society have been invited to attend a meeting in which the proposal will be discussed.

The meeting has been set Monday, May 18 at 7:30 p.m. in the Town Hall, 2060 Delmar Ave.

A committee of 20 persons met last January at the Granite City library to decide if there was enough interest to support such an organization.

Based on the enthusiasm shown at the meeting, it was decided to proceed with plans for organization that would maintain a museum for the preservation and exhibition of the history of the local area.

In the May 18 meeting officers will be elected and steps to organize will be taken.

On the advice of Blanche Burgess Cody, executive secretary of the Congress of Illinois Historical Societies at Springfield, the sponsoring group has prepared a proposed constitution and by-laws which will be presented.

## Emerson PTA to host dinner

A mostacoli dinner will be served Friday, May 1, at the Granite City Township Building, 21st Street and Delmar Avenue, by the Emerson School PTA, from 4 to 8 p.m.

Tickets will be available the night of the dinner at the township hall. Advance tickets are being sold for \$3.50 for adults and \$1.75 for children.

According to PTA officers tickets are also being sold at the school located at 20th and Benton streets.

## GC Jr. Service Club holds installation

The Granite City Junior Service Club held its annual installation dinner meeting last week at Charlie's Restaurant.

Mrs. Faith Holsinger, the retiring president, opened the meeting followed by officer reports of activities held the previous year.

Mrs. Brenda Weckman requested the club donate food to the Canteen for recent tornado victims. The club provided clothing to a needy Granite City family, it was noted.

Plans were discussed for the mother and daughter banquet which will be held May 18 at Sonny and Char's Restaurant in Collinsville.

After the meeting Mrs. Gale McFarland conducted an installation ceremony for President Brenda Weckman, First Vice-President Gail Miosky, Second Vice-President Linda Gordon, Recording Secretary Donna Polivich, Corresponding Secretary Sue Reiss, and Treasurer Betty Nighossian.

Also installed during the ceremonies were two probationary members, Kathy Mitchell and Peggy Willard.

Mrs. Holsinger was presented with a gold bracelet and scrapbook to commemorate her year as president. She then addressed the club members and expressed her appreciation for their assistance with club activities.

#### EVANGELISTS.

Gary LaVern and his wife, Gloria, of the Gary LaVern Evangelistic Association, formerly of Sandoval, Ill. He will bring a weekend of music and ministry to the Dewey Avenue United Methodist Church beginning Friday and concluding on Sunday, May 1-3, at 7:30 each evening. The guest speaker traveled with the television and recording artist Phil Enloe and with the Shilohs, the top all male group in 1975. The Rev. Ray Kelley is host minister, and extends an invitation to area residents to attend the three day program.

## Madison Jr. Service elects Mrs. Gushleff

Mrs. Jo Ann Gushleff was elected to the office of president of the Madison Junior Service Club at its April meeting held in the Madison Recreation Center.

The retiring president, Mrs. Fannie Fisk, presided.

Others elected to serve for the ensuing year include Mrs. Caroline Champion, first vice-president, Mrs. Donna Dorris, second vice-president, Mrs. Dottie Caffrey, third vice-president, Mrs. Linda Skokla, recording secretary, Mrs. Toni Shabo, corresponding secretary, and Miss Linda McMurray, treasurer.

Board members named were Mary Anna Kaminski and Carol Robertson and new members introduced were Mrs. Debbie Dillon and Mrs. Kathy Buckle. During the business meeting, donations were made by the club to the March of Dimes, the Madison High School "Stage Curdin Fund," Easter Seal summer camp, Happy Strings Tam's

and the Compassionate Friends (an organization helping parents who have suffered the death of a child).

Members also agreed to purchase a record player for the recreation center and to enter a float in the forthcoming Shriner's Parade using a patriotic theme.

The president gave a report on the March of Dimes pot luck dinner noting the project made a profit of \$423 which will also be donated to the March of Dimes Foundation.

Hostesses for the evening Georgia Stawar and Jackie Snell served refreshments to Mrs. Fisk, Janet Shultz, Dottie Caffrey, Donna Woodard, Caroline Champion, Jo Ann Gushleff, Linda Skokla, Toni Shabo, Donna Kostecki, Linda McMurray, Teresa Rhoads, June Reynolds, Carol Robertson, Donna Dorris, Georgia Stawar and Jackie Snell. The installation dinner will be held on May 12 at Alexander's Restaurant, the president announced.

## Junior Service Federation meets

The semi-annual meeting of the Madison County Federation of Junior Service Clubs was held during the weekend at Alexander's Restaurant with the Madison group serving as hostess for the day.

During the business meeting tentative plans were made by the Madison, Granite City and Collinsville Clubs, to engage in a joint project for the benefit of Hospice.

A committee will meet at a later date to formulate more definite plans as to the specific event to be held, it was announced.

Entertainment for the day was provided by students of Jerry Green Dancing School. These performing were Amy Robertson, Dawn Hamm, Beth Bodman, Janet Zamminer, Shari Stephens, Rose Wasylak, Carl Crawford, Karen Spencer and Angela Novosel.

Mrs. Fannie Fisk, president of the host club, was accompanied by Jo Ann Gushleff, Donna Dorris, Mary Anna Kaminski, Donna Kostecki, Toni Shabo, Jackie Snell, Donna Woodard, Caroline Champion, Elvera

#### First child for

James Ohlendorfs

Mr. and Mrs. James Ohlendorfs, 31 Gary Ave., Maryville, are announcing the arrival of their first child, a daughter, on April 15 at Oliver Anderson Hospital.

The child has been named Jennifer Elizabeth and she weighed nine pounds, three and one half ounces. Mrs. Ohlendorfs is the former Maria Brawley. Maternal grandparents are Mr. and Mrs. Ralph D. Brawley of Venice, and the paternal grandparents are the late Mr. and Mrs. William Ohlendorfs. Great-grandparents are Sam Brawley of Granite City and John Tur of Collinsville.

## Presbyterian Church anniversary dinner

The Rev. David B. Maxton, pastor of the First United Presbyterian Church, welcomed members of the congregation, friends and area residents, to the church sanctuary preceding the 75th anniversary church dinner.

Following the invocation members and guests preceded to the Fellowship Hall for dinner.

The anniversary cake, furnished by the United Presbyterian Women, was served after a special cutting ceremony.

Mrs. Brinley (Fairy) Bodman, who became a member of the church in February 1915, held the longest membership of those present and cut the first slice of cake.

After dinner Rev. Maxton served as master of ceremonies and introduced the program for the evening. These present took part in singing an old familiar hymn, "Church in the Wildwood" accompanied by Mrs. Isabel Schmidt, church organist.

The minister then read a membership list of living 50-year members and those present were introduced.

They included Mrs. Bodman, Miss Mary Frances Lynch, Henry Karandjeff, Charles McCollum, Tom Kelsie, Miss Barbara Kerch, Mrs. Arline Fox, Mrs. Schmidt, Mrs. Katie Reuss, Mrs. Maude Graham, Brinley Bodman, Alfred Stoeve, Mrs. June Von Gruenigian, Richard Kerch, William Daniel Jr., Mrs. Irene Pearson, Mrs. Mary Vernon, Mrs. Alvin Homan, Mrs. Helen Barney, Mrs. Thelma Ruppel, Mrs. Hannah Kleinschmidt.

Roswell Kleinschmidt, E. A. Roberts, Mrs. Dee Roberts and Mrs. Marie Coffey.

The featured speaker for the evening was Evelyn Fulton, executive Presbyter of 95 churches comprising Elijah Parish Lovejoy Presbytery.

Following her message, those present enjoyed a time of nostalgia viewing slides shown by Ralph Reeder, co-chairman of the anniversary committee.

As he narrated slides of various stages of the church development, he invited those present to identify the individuals taking part in various activities as they were depicted on the screen.

In closing the group sang, "Amazing Grace" followed by the benediction offered by the Rev. Robert Landes.

Mrs. Lillian Howe and Mrs. Betty Schmiedke, in charge of dinner arrangements.

**SCHOLARSHIP FUND DANCE ON MAY 8**  
Belleville Area College's Alpha Delta Chi fraternity will hold a dance at 7 p.m. May 8 to raise money to establish a scholarship fund.

Two bands — Specter and Intense — will play at the dance, which will be at the Executive Inn in Belleville, off Highway 15 and 158 behind Augustine's restaurant.

Tickets will be \$2.50 for BAC students with ID cards. The scholarship fund will be set up to help incoming BAC students meet tuition expenses.

**CREW LIQUOR IT'S STILL QUEER!**

## City Temple record album is released

"The Sounds of City Temple" a new album recorded by the City Temple Assembly of God Church has been released for sale, according to the minister, the Rev. Eugene Cope.

The album features some of the talent from the church including The City Temple Choir, City Temple Musicians, the Reflections, Rev. C. Ed Shemwell and Sounds of His Coming.

Area residents may purchase a copy at the Dayspring Christian Bookstore, 3717-D Nameoki Road at Crossroads Plaza or at the church located at 4751 Maryville Road.

## Y Senior Citizens elect officers

All officers of the YMCA Senior Citizens Club were re-elected to serve for the forthcoming year during a weekend business meeting. Those retained include Juanita Crawley, president, Viola Skaggs, vice-president, Marie Stanek, secretary, Elizabeth McCoy, treasurer, Blanche Scantling, financial secretary and Bertha Mott, chaplain.

Mrs. Crawley opened the meeting with the Lord's Prayer followed by every member reciting the pledge to the flag.

The president announced that Mrs. McCoy and Mrs. Mott are hospitalized. A prize was won by Veronica Wilson and a pot luck dinner was served to 50 members. After dinner games were played.

**MARRIED.** Mrs. Jimmy Brady, the former Barbara Ann Polach, daughter of Mr. and Mrs. Frank V. Polach, 2004 Twelfth St., was married on April 24 in Conroe, Texas. Parents of the groom, Mr. and Mrs. William Orr, also reside in Conroe.

## Gloria Hirsch to speak at May Fellowship Day

Mrs. Gloria Hirsch, of St. Louis, an active club woman and civic leader, will be the guest speaker at the May Fellowship Day on Friday.

Worship services will be held at St. John's United Church of Christ at 10 a.m. Registration will begin at 9:30 a.m.

Mrs. Hirsch is an active member of many community organizations. The Eternal Light in the New Shaare Emeth Sanctuary has been dedicated in her honor for her contribution in organizing a 2.5 million dollar fund-raising campaign in 1960.

She has served as chairman of the St. Louis Diabetes Bike-A-Thon for seven years (1974-80) which has raised \$700,000 for research and camp facilities for diabetic children.

Mrs. Hirsch also was the chairman of the First Annual Interfaith Conference, sponsored by the Archdiocese of St. Louis, the Laity Church Women United of the Metro St. Louis, and the National Federation of the Temple Sisterhood in March of this year.

She also coordinated the celebration of the 33rd anniversary of the state of Israel, featuring the premier showing "The Chosen," a book based on Chaim Potok's novel.

The Women's Division, St. Louis Jewish Federation, Columbia.

## Beta Gamma plans events

Preceptor Beta Gamma Chapter of Beta Sigma Phi Sorority, finalized plans for various events during a meeting hosted by Mrs. Martha Jean Dyer in her home in Sunny Del Acres.

The group will host a mother's day tea in the home of Mrs. Jane Laule on May 17 from 2 to 4 p.m., it was noted. They also attended Founder's Day event Wednesday at Charlie's Restaurant.

President Dolores Dorich presided at the meeting and presented May Ebling with a prize as top saleswoman in a chapter fund raising project.

Mrs. Carol Cathey will entertain the group at its next meeting, Mrs. Dorich announced.

Scrambled games of Beta Sigma Phi was played and the members discussed the meaning of the words. Barbara Jones then presented each one with a surprise gift.

A program on dancing, including ballet, folk, ballroom and square dancing was presented by Imogene Forrest and Linda Koenig.

The hostess served a dessert course to Ruth Stoyanoff, Jane Laule, Arlene Haldeman, Norma Rains, Evelyn Tolliver, Carol Cathey and Pat Teigloroff, and those mentioned.

AAA Maintenance—Carpet Cleaning—Call 931-4420

## Eta Chapter sets 'Fun Fund' party

Eta Chapter of Phi Tau Omega Sorority, will host a "Fun Fund Party" as its spring fund raising project in May, it was announced at a meeting held last week.

Members gathered at Charlie's Restaurant for the session.

President Mary Lou Richeson conducted the meeting and announced a sorority convention will be held in Des Moines, Iowa, in June.

Hostesses Lorraine Butler, Kathryn Weddell and Hilda Schroeder directed games and awarded prizes to the following.

Gladys Waggoner, Miss Schroeder, Dorothy Costello, Mary Hassler, Shirley Morgan, the president, Georgiana Van Buskirk and Mary Evelyn Yenko.

Eighteen members were served refreshments by the hostesses.

## Choir today at Gospel Mission

The choir of the First Baptist Church in Glen Carbon will present an "Easter Cantata" at tonight's mid-week service, starting at 7 o'clock at the Gospel Mission, 2014 E. 20th St.

The public is invited to attend. Offering the meditation will be the Rev. James Rains, pastor of the Glen Carbon church.

The choir will be under the direction of Mrs. Susan Hopkins, according to Mrs. Bethel J. Davis, mission superintendent.

At the 7 p.m. services on Sunday, the Rev. Dr. George A. Rosenthal will be guest minister.

Sunday school classes for all age levels begin at 9 a.m. at the local mission.

**BUTLER FLOOR CO. GLIDDEN PAINTS** 877-8428

## Mr. and Mrs. Favier mark 35th anniversary

Mr. and Mrs. John (Helen) Favier, 2102 Amos Ave., celebrated their 35th wedding anniversary, Sunday, at a dinner party at a St. Louis restaurant.

In the morning a 9 a.m. Mass of Thanksgiving was offered for them at St. Elizabeth's Catholic Church.

The couple was married April 27, 1946, at Sacred Heart Church, by the late Msgr. Michael Costello.

They have two daughters, Mrs. Michael (Mary) Goodrich who is employed in the Admitting Office of St. Elizabeth Medical Center and Mrs. Jeff (Annette).

Miss Sheryl Phillips of Collinsville, became the bride of Gary Willaredt of Granite City, in a late afternoon ceremony on April 25 at St. John United Church of Christ.

The Rev. Sheldon Culver performed a double ring service at 4 o'clock. Preceding the ceremony Mrs. Linda Koenig sang, "The Wedding Song" accompanied by Alan Milster, church organist.

Parents of the bride, Mr. and Mrs. Jack Wilson, reside in Caseyville. The groom is the son of Mrs. Marion Willaredt, 2703 Center St., and the late Raymond Willaredt.

For her wedding, the bride chose a street length off white dress designed with a tucked bodice, trimmed with lace, insets, and softly flowing skirt.

She wore sprigs of baby's breath in her hair and held a colonial bouquet of white roses and carnations.

Mrs. Madge Prather served as matron of honor. She selected a blue street length dress fashioned with short full sleeves.

Pulaski, a registered nurse, at the same Medical Center.

Mr. and Mrs. Favier have two grandchildren, Amy Goodrich and Paul Pulaski.

Mr. Favier retired after working 45 years with the retail clerk in both Granite City and St. Louis. He was a former manager of the A. & P. Store in Granite City, he retired from Bettendorf Food Store in Bridgeton, Mo.

Mrs. Favier is employed as a secretary at Granite City High School South. The couple is planning a trip with friends to Jamaica in the Caribbean.

## Willaredt-Phillips

Her bouquet was an arrangement of blue and white carnations and roses and she also wore a ringlet of baby's breath in her hair.

Edward Robertson served as candlelighter.

The groom chose Bill Simpson as best man.

After the ceremony the newlywed couple received approximately 70 guests at a reception held in St. Vincent Church hall in Caseyville.

The former Miss Phillips is employed in the offices of Blue Cross in St. Louis, and the groom is a special agent with the Illinois State Police in Fairview Heights.

## Memorial Mortuary, Ltd.

**THOMAS (931-2121)** **MERCER (876-4321)** **SEDLACK (876-1615)**  
ADELE THOMAS RAY THOMAS MARY CROMER  
BOB THOMAS ED WERNER ED BESSERMAN

Renhold Niebuhr preached occasionally in the small church near his summer home in Heath, Massachusetts. After one of the services, Howard Chandler Robbins, a summer neighbor asked for a copy of Niebuhr's prayer. He is reported to have handed the original with words to the following effect: "Here, take the prayer. I have no further use for it." Other people, it is clear, have felt differently. The prayer? "Oh God, give me serenity to accept what cannot be changed, courage to change what should be changed, and wisdom to distinguish the one from the other."

Such wise words serve as a soothing touch in times of stress. At MERCER, THOMAS and SEDLACK MORTUARIES we value the affect of such prayer and wise words. Through our experience we have developed a concerned approach to people's requirements in their hour of need. In addition to providing the physical services of our profession, we go further and try to offer an atmosphere of understanding and comfort so as to ease, as best as we can, the stress confronted by the bereaved.

**THOUGHT FOR THE WEEK:**

## Mrs. Arnovitz reviews book

Mrs. E. M. Arnovitz reviewed the book, "Death Comes to the Archbishop" by Willa Cather, which was written some years ago, at last week's meeting of the Bay View Reading Club.

The group met in the parlors at St. Peter Evangelical United Church of Christ for a dessert luncheon, served by ladies of the church. Mrs. Harold Jansen was hostess.

Mrs. Elmer Gruen, vice president, was in charge of a brief business session, with committee reports being presented.

Mrs. Dale Rea, program chairman, announced Mrs. William Miller, Mrs. Jansen and Mrs. Chris Louis have agreed to serve on her committee.

Theme for Bay View's club year is "Literature Old and New" and Mrs. Arnovitz's presentation represented an "older" literary work.

Other at the meeting were:

Mrs. Lily Dod, Mrs. Herman Huel, Mrs. Walter Klein, Mrs. A. E. Krumstiek, Mrs. Lawrence McCauley, Mrs. James Stuart and Miss Hazel Tovey.

Mrs. Miller will serve as hostess for the May 14 session.

## Aaron Dennis marks birthday

Aaron Eugene Dennis celebrated his first birthday at a party given during the weekend by his parents, Mr. and Mrs. Glen (Connie) Dennis, 2231 Lee Ave.

A Sesame Street motif was used for the party decorations and a Big Bird cake, made by Mrs. Janean Wehrman, was served by the hosts.

Guests included Mrs. Dollie Corbett, Mrs. Fern Stephens, Eugene and Edna Dennis, grandparents, Paul and Janean Wehrman, Mrs. Geneva Stephens, Mrs. Cheryl Stephens, Ricky Stephens, Mrs. Becky Smith, April and D. J. Smith, and Laura, Todd, Jeff, and Mindy Stephens.

BETTY ANN RIDLEY

## Lecture here is set for May 5

Christian healing, says a visiting Christian Science lecturer, is "perfectly natural" to anyone acknowledging the all-power of God. Betty Ann Ridley of Oklahoma City will offer "a fresh look at the Scriptures" in a public lecture Tuesday, May 5, at 8 p.m. at the Christian Science church, 2560 Delmar Ave., Granite City.

Throughout the lecture, Mrs. Ridley will point to ways in which the Bible brings "new views of our lives" — a new vantage point, as she puts it, "showing the present possibility of a Scriptural viewpoint which results in remarkable protection, promise, and healing from a source higher than matter."

Long active in her church, since 1973 she has devoted full time to the public healing ministry.

She is now a member of the denomination's Board of Lectureship, in which capacity she travels widely, speaking at Christian Science branch churches and college organizations.

Her lecture here will be titled "Exploring the Unlimited Dimensions of Spirit," and will include physical disorders, drug use, morals, and career stagnation.

First Church of Christ, Scientist, is sponsoring the free hour-long lecture and Charles A. James will introduce Mrs. Ridley.

## Church group plans events

Plans for a rummage and bake sale in mid-May and participation in the Fourth of July Festival at Wilson Park, were reviewed at Monday night's meeting of the Ladies-in-Action, at Briarcliff Pentecostal Church.

Mrs. Dorothy Dickerson, president, was in charge, with members planning to collect white elephant items and making handicraft and home baked goods to offer at the park festival in July.

The group set May 15 and May 16 as the tentative dates for the rummage sale at the church.

Mrs. Dickerson announced a chicken and dumpling dinner, previously scheduled for late May, has been reset for Oct. 17.

The devotional was given by Mrs. Dorothy Lakin, who recited a poem, "Gossip Town."

Hostesses for the meeting were Mrs. Bertha Dix and Mrs. Dot Smith, who awarded a gift to Mrs. May Buday.

Others attending were:

Phyllis Allen, Bonnie Davis, Marge Glasgow, Lillian Barton, JoAnn Buday, Marie Murphy, Opal Orrell, Norma Talbot, Nellie Edmiston, Omie Fairless and Doris Glasgow.

## Cleveland Cox gives lesson

The Harmony Class of the Niedringhaus United Methodist Church met in Wesley Hall with Mr. and Mrs. Clyde Myers, Mrs. Fern Hahn and Mrs. Ruby Corbett as hosts.

The business meeting was conducted by the president, Mr. Jamie Hamrick. Homer Huber gave the opening prayer, and Cleveland Cox gave the devotion entitled "What is the Meaning of Life?"

Refreshments were served to Mr. and Mrs. Homer Huber, Mr. and Mrs. Carl Thomas, Mr. and Mrs. Gus Prengel, Mr. and Mrs. Raymond Potillo, Mr. and Mrs. Harold Lynn, Mr. and Mrs. Calvin Compton, Mr. and Mrs. Fred Hacke.

Also Mr. and Mrs. Buster Goodwin, Mr. and Mrs. Edgar Padlock, Mr. and Mrs. Fred Stutch, Mr. and Mrs. Jamie Hamrick, Mr. and Mrs. Cleveland Cox, Mr. and Mrs. Waldo Frohardt, Mrs. Alice Cruse, Mrs. Bessie Milton, Mrs. Ida Cariss, Mrs. Golda Boyle, Mrs. Paul Martin.

## Nurses alumnae April meeting

St. Elizabeth Medical Center Nurses Alumnae held its April meeting at the Madison Recreation Center.

The Nurses Prayer was recited by each one present and the business segment was conducted by President Maxine Carson.

Reports were submitted by Helen Gages, treasurer, and Gladys Burgess, secretary.

Plans were formulated for the nurse's Reunion and Tea at the Medical Center on May 12 at which time the class of 1931 will be honored.

After the meeting refreshments were served by Dorothy Gerloff and Jo Czervinski to Dorothy Bruce, Ruth Novack, Bernadine Cooley, Alberta Ronney, Georgia Harlow and a guest Billie Bosworth, and those mentioned.

## Roubina Chapter meets at church

A Mexican style dinner was served by Mrs. Berjohi Haheshian to 25 members of the Roubina Chapter of the Armenian Relief Society preceding the monthly business meeting held last week.

The group met at St. Gregory Armenian Apostolic Church with the Rev. Khoren Haheshian offering the opening prayer.

After dinner committee reports were submitted by Marge Sissian, ways and means committee, Azniv Tateosian, cheer committee, Rita Garabedian, Armenian school report, Isabel Vartan, Lenten offering, and Mary Bedian, Mid-West Armenian Relief Society meeting held in Chicago.

During the social hour prizes were awarded to Dzhaghi Anadourian, Roxi Pashalian, Nevart Hagopian, Seta cherkoian, Nazli Ohanesian.

The closing prayer was given by Berjohi Haheshian.

## Receives award

Mrs. Gloria Vinton, 3248 Wayne Ave., won a membership award in for recruiting 12 new members into the American Iris Society while they were visiting in garden.

Mrs. Vinton of Illinois Region 9, also will receive national recognition in AIS publications for her efforts, according to an announcement received here from the Iris Society.

**EASTER EGG HUNTERS.** Children of Granite City Junior Service Club members participated in an egg hunt held in Wilson Park. Special eggs were awarded to Richard Repp, Greg Weckman and Paul Palaski. Others attending were Laura Palaski, Karl Weckman, John and April Miosky, Ryan and Rod Repp, Karey Reed, Ann Marie, Mark and Mary Kay Mitchell, Erin Weaver, Jennifer, Elizabeth and Jessica Harris, Mathew and Anthony Niebur. Refreshments were served after the event.

## KC May events

The Tri-City Knights of Columbus Council 1098 of Granite City will hold its third Monthly Communion mass in celebration of the 75th anniversary at St. Mark's Church in Venice May 3 beginning at 10 a.m.

There will be a communion at a different church each month until the Knights have visited all the Quad-City area churches.

The Knights of Columbus also is announcing plans for another steak-fry in June, due to the success of the previous one. Steaks are grilled to order and a baked potato is served with each.

On Saturday, May 16, there will be a "Smoker" for members and invited guests at the KC Hall. Members are invited all those who may be eligible to join the order.

## Shower fetes Miss Suess

Miss Veronica Anne Suess was the guest of honor at a miscellaneous bridal shower given by Mrs. Steven C. Suess at the Elks' Rathskeller, this week.

"Sweet April Showers Do Spring May Flowers" was the theme of the party, and dozens of yellow and white daisies graced the tables.

Ribbon sandwiches and fruit salad were served to the guest of honor and 26 guests. Games were played and prizes were awarded to Mesdames E. B. Nelson, Richard Oliver, Earl Buenger, Ken Hierman, and Alan Kennerly.

Other guests were:

Mesdames Richard Suess, Robert Douglas, Dale Arnette, Fremont Suess, William Sage, Joseph Poneka, Jeffrey Coulter, Don Robertson, Dick Schneider, Donald Bunselmeyer, Carol Denny, Roy Sage, Danny Oberneufmann, Walter Wydra, Elmer Rittenhouse, H. D. Bernard, H. Delacy Bernard, Albert Miller, and Misses Pam Denny, Jennifer Sage, and Carol Douglas.

Miss Suess, daughter of Mr. and Mrs. Richard C. Suess, will become Mrs. David Douglas on May 16, at St. John United Church of Christ.

## Women of Moose enrolls member

Pamela Thomason, sponsored by Marylee Busler, was enrolled as a new member of the Women of the Moose, Chapter 247, last week.

Senior Regent Clara Johnson presided at the session held in the Moose Lodge Hall, attended by 30 members.

Another candidate for membership, Doris Hitchcock sponsored by Juanita Gagle, was accepted and will be initiated at a later meeting.

Mrs. Johnson reported their will be a Moose state convention in Peoria, Ill., on May 8, 9 and 10, and a towel social is scheduled for May 12.

Pro tem officers for the evening were Benita Boyd, Margaret Hester, Marcella Bruce, Anna Kuerna, Louise McClanahan, Pat Macke,

Velma Finny, Alice Skaggs, Sara Gusewell and Verna Wilson.

During the social hour games were played and prizes awarded to Mary Andrea, Mrs. Hester and Mrs. Gagle.

Luncheon was served by the Luncheon Recorder committee. The next meeting will be held May 13 and will be acknowledged as Academy of Friendship Chapter night, according to Mrs. Johnson.

# Karandjeffs to help salute five new laureates of the Lincoln Academy

What do Burt Ives, the Chicago Symphony Orchestra, President Ronald Reagan, and every former governor of Illinois since Otto Kerner have in common?

A history buff would quickly say that they are all in some way connected with Illinois — and that would be right, but a bit short of the mark.

The fact is that all of these people and groups belong to a unique institution — the Lincoln Academy of Illinois. It is not a place you graduate from, but into.

The 1981 Lincoln Academy convocation and ball to be held in Springfield on Saturday, May 9, is attracting extensive interest and support.

The Lincoln Academy of Illinois was organized as a private, non-profit, non-partisan organization intended to honor present and former Illinois citizens whose contributions to the betterment of humanity have brought recognition to the state in the tradition of Abraham Lincoln.

This year's honorees are:

President Reagan.  
Thomas G. Ayers, retired, Commonwealth Edison, Chicago.

Dr. James W. Cronin, University of Chicago.

Adlai E. Stevenson III, former U.S. senator and former state treasurer.

John T. Trutter, Illinois Bell, Chicago.

Area chairman for the Quad-Cities are Mr. and Mrs. Drew (Joni) Karandjeff, 1312 Twenty-Seventh St. Founded in 1965 by former Governor Kerner, the Lincoln Academy honors Illinoisans who have gone on to great accomplishments — as in the case of Dixon-born Pres. Reagan.

The academy also honors prestigious individuals or groups who have contributed greatly to the state. The Lincoln Academy gathers every spring in an Illinois city to hold a ceremonious convocation and ball to "honor our own."

The Academy is made up of a board of regents and trustees, appointed by the governor of Illinois. The governor is the president of the Academy.

The regents and trustees vote to select which Illinoisans, or former Illinoisans, will be honored because of their contributions to the betterment of mankind on behalf of the state, or those who have brought honor to Illinois through their association with it.

But why a "Lincoln Academy?" Gov. Kerner decided that he wanted an award presentation to outstanding Illinoisans, but keeping in the tradition of President Lincoln.

Abraham Lincoln enjoyed balls and parties. He co-sponsored a cotillion in Springfield, and met his wife at a dance. His second inaugural ball was described as a "very handsome affair."

Opera and the theater were favorite pastimes during his presidential years. The point, however, is that Lincoln never knew in his lifetime the full appreciation of his fellow citizens for the qualities that after death have been so greatly admired.

The investiture of laureates at the annual convocation is solemn, a spokesman explained; the idea of a gala social event also paying tribute to the laureates for their contributions to mankind is merely an additional way of honoring them during their

lifetimes, as parties have traditionally been held at inaugurations, promotions, or other happy events.

Some of the people honored as Lincoln laureates

in previous years include Charlton Heston, Archbishop Fulton Sheen, Benny Goodman, Hugh Downs, Jack Benny, Marshall Field IV, Ben W. Heineman,

George Halas and Chick Evans Jr., to name a few. The Lincoln Academy honors people from several categories, some of which are: social service, religion,

government, science and technology, and education. Who is invited to attend the ceremonies?

The convocation ceremony, this year being

held at the State Capitol, House of Representatives (in Springfield), is open to the public. But the governor's reception and dinner dance is by special invitation only.

In addition to the new laureates honored each year, an outstanding senior from each of the four-year, degree-granting institutions of higher learning in Illinois

is awarded a mdallion of Lincoln.

Student laureates are honored for their overall excellence in curricular and extracurricular activities.

## Best time to treat thistles

Musk thistle and Bull thistle are a problem in many pastures in Madison County.

Both musk thistle and bull thistle are biennial plants. This means the plant forms a

basal rosette of leaves the first year and produces flowers and seed the second year.

April and early May is the best time to treat while the thistles are still in the rosette

stage. In the rosette stage, the plants are susceptible to 2,4-D. Once the plant starts forming a seed head, it is not very susceptible to 2,4-D.

Apply the 2,4-D-Ester at 1 to 1½ quarts per acre in 20 or

more gallons of water. For spot treatment, add 1 quart of 2,4-D to 25 gallons of water. Spray until the plant is moist. Do not graze dairy cattle for 7 days after treatment.

There are two types of germination tests that can be run on crop seeds. They are the cold test and the warm germination test.

Research shows that when soybeans are planted under stress field conditions such as cold soil, the results of the cold germination test is a more reliable prediction of the final soybean stand and the final yield than the warm test. The warm germination test has a very low correlation to final soybean stand and yield.

The Illinois Crop Improvement Association at Champaign has the facilities to run the cold test. Send samples to: Illinois Crop Improvement Association, 508 South Broadway, Urbana, Illinois 61801. There is a charge for running the test.

A warm germination test can be obtained through the Department of Agriculture in Springfield. The Department of Agriculture does not run a cold test.

When sending a sample to Springfield for a warm germination test, be sure to include your name, address, kind of seed, variety, year grown, month of harvest, where grown and kind of test desired.

Seeds such as corn, soybeans or wheat, you must send one quart or 1½ pounds of seed. For seeds such as alfalfa, red clover, sweet clover, or alfalfa, one cupful or five ounces of seed is required. For seeds such as fescue or ryegrass, one pint or ½ pound of seed is needed.

Madison County alfalfa producers should be watching their alfalfa fields for weevil damage. Because of the mild winter and early spring, large numbers of alfalfa weevil larvae are present in alfalfa fields.

A good rule of thumb for treatment is when 25 percent of the alfalfa plant tips are being skeletonized and there are two or more larva per stem.

There are a large number of chemicals that can be used for weevil control. If you would like a list of chemicals, contact the Extension office.

## Folk fest, Dutch days this week

The tenth annual Spring Folk Festival this Saturday and Sunday at the Clayville Rural Life Center, 14 miles north of Springfield, will feature demonstrations of frontier crafts such as dulcimer making, horseshoeing, weaving, potting and marksmanship. Visitors can sample homemade doughnuts, fresh from a cauldron of bubbling oil, plus popcorn, cider and other homemade delights.

Also offered will be tours of Broadwell's Inn, which served as a farmhouse and stagecoach stop in the 1850s. The folk festival will be held from 10 a.m. to 5 p.m. each day.

May in Illinois also will bring pow wows and Picnoses, wooden shoes, Frank Lloyd Wright architecture, Greek warrior-knights, American war heroes and the debut of a new 66 mile per hour roller coaster.

## Four charges against man

Donald R. Zeigler, 38, of 406 Kirkpatrick Homes was charged by police with disorderly conduct, resisting arrest, battery and contributing to the delinquency of a minor last week at the residence of Clyde R. Sanders, 2942 Marshall Ave. Sanders, 45, was charged with contributing to the girl's delinquency and was released on \$102 cash bail. Zeigler pleaded innocent before Associate Judge Clayton Williams and was released on a \$7,000 recognizance bond.

The 15-year-old and another girl were released to their parents. The girl aged 15 was found in an upstairs room when officers searched the building. She had left her home two nights earlier, and told authorities Zeigler then forcibly prevented her from leaving his presence. Sgt. Dennis Joyce received a cut on his right hand while Zeigler was being arrested.

## Burglar gets \$1,804 in loot

Items valued at more than \$1,804 were stolen in a burglary reported Monday at the home of Mrs. Aigine Martinez, 1108 College St., Venice.

A screen was removed from a kitchen window to gain access into the dwelling. Among the items taken were various articles of clothing, including several coats, valued at over \$1,464, a portable television, worth \$80, a compact stereo system with speakers, \$200, and an antique gold and white telephone, \$80.

**SPEAKER ON COLLEGE**  
Naomi Tsuzuki, assistant director of admissions at Lake Forest (Ill.) College, will visit two local high schools, Monday, May 4. Her schedule includes GCHS North at 10:15 a.m. and GCHS South at 11:30 a.m.

## Charged with pulling elderly woman's hair

Michael W. Rodgers, 23, of Rural Route Tow, Box 7086, Granite City, was charged with disorderly conduct and resisting arrest after he allegedly pulled the hair of an elderly woman and then cursed police and resisted them in the parking lot of Tri-Mor Bowl on Nameoki Road at 7:30 p.m. Saturday.

Granite City Patrolman Jeff Parker noticed a young man standing by an auto in the parking lot and reaching in. When Parker got closer, he noticed the young man was pulling the hair of an elderly woman in the car.

Parker approached and the young man got into a green auto, which started to drive away. Parker yelled and the car stopped. He then asked the woman what had happened and she said the passenger in the green auto had been pulling her hair.

Rodgers allegedly got out of the green auto and yelled loudly that the elderly woman nearly struck their auto on Nameoki Road. A young woman in the green car also got out and became loud, interfering with Parker's attempts to talk to the woman.

She refused to return to the green auto and she and Rodgers allegedly got louder and threatened to fight. Parker. They were warned and when a large crowd began gathering, Parker told Rodgers that he was under arrest. It was reported by officers.

## Regular dividend declared by Post

Post Corporation's board of directors has declared a regular quarterly dividend of 10 cents per share. The dividend is payable June 30 to shareholders of record June 15.

Post owns and operates newspapers, broadcast stations and commercial printing plants in nine states. William G. Walters, retired chief executive of Peters, Griffin, Woodward Inc., has been elected to the board of directors of Post Corp. to fill the unexpired term of the late Maynard Reiser.

Three other members of the board were re-elected to three-year terms. They are President V. I. Minahan, Vice-President Mary M. Walter and LaMarr J. Jackson.

## Pancake brunch

The Granite City Optimists will host a pancake and sausage brunch at the Nameoki Recreation Center on Sunday, May 3, from 7:30 a.m. to 1 p.m.

The cost for adults is \$2.75 and \$1.50 for children.

### Drug, alcohol abuse meet of value to adults, students

When we were in high school, many of us were subjected in driver's education to viewing a bloody, explicit film of fatal accidents. It was designed to give the soon-to-be motor vehicle operators vivid insight into the dangers of driving. Those who saw the film remember it clearly and think of it frequently when driving.

A similar film, but on the dangers of drug and alcohol abuse, "Dead is Dead," is said to be equally shocking—a motion picture which will leave a profound impact for years to come on those who see it.

The film will be shown during next Monday evening's (May 4) "Community Dangerous Drug and Alcohol Update Program," from 7 to 10 in the auditorium of Tri-City Park Tabernacle, Maryville Road at Clark Avenue. The program will be presented by the Southwestern Illinois Law Enforcement Commission.

It has drawn large audiences throughout Southwestern Illinois, even in small towns. Those who have attended such update programs say the audiences have left impressed and glad they attended.

We praise the Chamber of Commerce

### Better U.S. debt collection could help balance budget

Leaders of the federal government are right in urging collection of delinquent debts owed to Uncle Sam, particularly now that the need for balancing U.S. income and expenditures is receiving increased emphasis.

In this connection, Senator Charles H. Percy of Illinois is chairing Senate Governmental Affairs Committee hearings on ways to collect \$25 billion unpaid and overdue. As he sees it, "The government's failure to collect these enormous sums of money is one of the most scandalous examples of waste, fraud and mismanagement of public funds that I have ever seen."

"There is no question that legislation is imperative to give federal agencies new collection tools desperately needed to put some teeth into the lagging collection effort."

On Feb. 28, Sen. Percy introduced the Debt Collection Act of 1981 (S. 591) that would allow the government to report delinquent debtors to commercial credit bureaus. Such reporting, regarded as an effective means of debt collection in the private sector, is now prohibited by law.

The bill also would change the law to permit the U. S. to sue a portion of a federal employee's salary for payment of unpaid debts.

The Percy bill proposes to remove another obstacle by allowing limited access to Internal Revenue Service records for outside agencies assisting the government. This access would primarily consist

and other groups involved in inviting the SILEC mobile team to Granite City to give the program and encourage all residents to consider attending and taking their older children.

Emotionally immature children should not view the film, but the organizers comment that parents who feel their junior high school or older children are emotionally mature may want to bring them to the film.

It is intended to give insight not only into the dangers of drug abuse, but also to give clues on how to recognize the symptoms of drug and alcohol abuse—and tips on how to help the abusers.

Drug and alcohol abuse is a topic which should not be ignored or dismissed as "someone else's problem." Authorities say it is one which could strike each of us or our families or associates at any time. SILEC is endeavoring to provide an opportunity for all to confront the topic head-on. Citizens may wish to respond by viewing the film, since nearly everyone could benefit from learning more about this growing and threatening problem.

of the names and addresses of the debtors. Sen. Percy places the total debt to the federal government at \$175 billion, consisting of \$125 billion owed by individuals, businesses and organizations within the United States and \$40 billion owed by foreign governments.

The debt by Russia and its satellite countries to the U. S. and other Free World nations is believed to be so massive that it could be manipulated by Communists at some future time to bring on a worldwide economic disaster.

Of the \$126 billion owed by domestic sources, \$102 billion is in government loans and \$24 billion involves unpaid taxes, overpayments to beneficiaries, interest on the \$126 billion is delinquent.

The federal government operates 358 loan programs. Of these, 24 percent of the total amount of unpaid debt are the Departments of Agriculture, Treasury and Housing & Urban Development, and the Agency for International Development.

We concur with Sen. Percy's comment that "in view of the sacrifices we are asking all Americans to make in our efforts to cut federal spending, we can no longer tolerate billions of tax dollars being lost because the government is unwilling or unable to make a reasonable effort to collect them."

"If we could collect the \$25 billion now overdue, we could in effect send a check for \$2.75 to each and every taxpayer in the U. S."

### Fears blind opposition to industrial waste

To the Editor:  
The nation is now undertaking the solution of one aspect of the hazardous waste issue—that of cleaning up past mistakes. But the superfund, signed into law by Pres. Carter, will take care of only the easiest part of the problem.

There was broad general agreement that the nation's sites posing public health hazards had to be contained and cleaned up.

The difficulty was that the parties responsible sometimes could not be found or did not have the financial means to clean them up. So Congress created the superfund, dealing with abandoned waste sites.

What many people fail to realize is that there is another side to the hazardous waste issue.

It is more controversial, more complicated and potentially more serious in terms of its impact on industry—and on society in general.

That side is making sure that today's disposal practices don't cause problems tomorrow in a society increasingly concerned about its environment.

This is a matter of assuring ourselves that today's disposal practices are safe, and that the public realizes they are safe.

The question of where to locate disposal sites for industrial wastes has become an explosive environmental, political, and economic drama in many communities. Even the most secure and well-managed sites are meeting stiff public opposition.

Alternatives include high-temperature incineration, recycling or converting wastes to nonhazardous materials, and new

manufacturing processes that actually reduce the volume of waste generated.

However, none of these alternatives will work for all hazardous materials. The simple fact is that, with the exception of the basic laws of chemistry and physics, some wastes just cannot be incinerated, recycled, or otherwise disposed of in a safe manner by any means we know of today.

More than 90 percent of my company's solid wastes are sludges resulting from air and water cleaning. These sludges are almost entirely water and inorganic material—neither of which burns very well.

Incineration would take a great amount of energy and still leave residue for the landfill. So, for the foreseeable future, landfills must remain a primary method for disposing of wastes.

There is already a shortage of safe and properly managed sites, and the ones that are now in operation may be found substandard when new regulations under the Resource Conservation and Recovery Act take effect late this year.

The act's regulations create a cradle-to-grave system of tracing hazardous wastes from the time they are generated through transportation and final disposal.

The act encourages individual states to develop their own waste disposal programs within the guidelines of the law. But that job is not always easy.

Public awareness of prior mistakes has caused many communities to resist new waste sites, despite the fact that safe technology exists.

Conservation and Recovery Act is a constructive law. But it is not going to work if

provisions for proper storage, transport, treatment, and disposal of wastes are opposed blindly or instinctively at every turn.

People lose sight of the fact that the environmental science is still very much in its infancy.

There are a lot of things that I have yet learned to do, and it does not help much when the public is constantly demanding a regulatory "quick fix."

The obvious danger is that the "quick fix" won't be the right fix.

Even a slight difference of opinion can often mean unproductive expenditures of hundreds of millions of dollars—dollars that ultimately come out of the pockets of the consumer.

Waste disposal regulation has become a fact of life for industry. It will not go away. It presents a challenge to develop new recycling techniques for waste.

Another method—to extend harvests to plant several varieties with different maturity dates. This works well with cabbage and sweet corn.

Bearing fruit plants need spraying. This is the season for rapid growth of fruit and leaves, whereby they grow out of a protective pesticide covering. All fruits should be sprayed immediately after the majority of the flower petals have fallen. It also has time when waiting is needed from the many insects and diseases that are active. A spray program on weeds, Mulches will prevent them from growing. Apply Dacthal to new strawberry

Chairman, Monsanto Co.

**BOSS OF THE YEAR** Robert Crane, executive vice-president and controller of General Steel Industries, Inc., receiving congratulations from Harry Cottrell of Madison Metal Decorating Co., the retiring boss of the year. On right is Jane Davis, charter member of the Tri-Cities Chapter, Professional Secretaries International and secretary to the honoree. Crane was chosen by membership vote to represent the local chapter for 1981-82.

### May gardening

By CHRIS DOLL  
Area Garden Advisor  
Spring 1981 continues to be early. Gardeners are enjoying some of the early vegetables such as radish, spinach, asparagus and lettuce.

The early season also has stimulated growth of fruit crops so that development is two weeks ahead of normal and ripe strawberries in April were reported.

Based on the 1981 spring weather and experience, the following gardening practices should be considered for May:

It's planting time for warm season vegetables. Early May is the normal season for tomatoes, peppers, beans, okra, eggplant, cucumbers, squash, melons and sweet corn. A few gardeners have successfully made some early season plantings of these crops, but now is the best time to transplant.

Transplants need water. Tree, small fruit, or vegetable plants need adequate water for good root development. Even though soils are moist, watering firms the soil around the roots and helps overcome transplant shock. The addition of soluble fertilizers high in phosphorus to the water helps root development and growth.

Rhubarb plants are trying to bloom. This natural development isn't related to this spring, but to nature. For best yields, keep the flower heads out so that growth is forced into the leaves and stalks. Rhubarb can be eaten after cold temperatures if no injury symptoms are visible.

Many vegetable plantings are overcrowded. Vegetable plants need adequate space for optimum development.

Thin your lettuce, onions, beets, carrots, greens and turnips to the spacing in the seed packet or handbook so they have room to grow.

Some insects are hungry. There are a few little bluish-gray insects that jump and hide from you—are on radishes, sweet corn and potatoes, and are waiting for eggplants. Outcrops are waiting for beans or your transplants. Watch for these pests and treat with carbaryl or diazinon according to the label on the package.

Repeat plantings to extend the harvest season later. Crops such as sweet corn, beans, kohlrabi and radishes have short harvest periods and this can be extended by making more plantings.

Sweet corn is best planted every week for continuous harvest during the summer. Another method—to extend harvests is to plant several varieties with different maturity dates. This works well with cabbage and sweet corn.

Bearing fruit plants need spraying. This is the season for rapid growth of fruit and leaves, whereby they grow out of a protective pesticide covering. All fruits should be sprayed immediately after the majority of the flower petals have fallen. It also has time when waiting is needed from the many insects and diseases that are active. A spray program on weeds, Mulches will prevent them from growing. Apply Dacthal to new strawberry

Chairman, Monsanto Co.

Keep weeds from getting established. The secret is to stay ahead of them. Shallow cultivation or hoeing is the best way to kill seedling weeds. Mulches will prevent them from growing. Apply Dacthal to new strawberry

Chairman, Monsanto Co.

Chairman, Monsanto Co.

## When the Social Security check doesn't arrive in mail

Every month, 100 or more people come into or call the Social Security office with the question, "What happened to my check?" They generally find out that it is something they have either done or neglected to do that has caused their checks to stop.

Oliver M. Holmes, district manager of the East St. Louis and Belleville Social Security offices, said this week.

"Generally, for those who come back because their checks haven't arrived, we begin a process that could take anywhere from five to 21 days, depending on what happened."

"The most common cause of failure to receive a Social Security check is failure to report a change of address. You'd be surprised at the number of people who move without telling Social Security where they've moved, to the point that the Social Security check is their primary source of income."

"Some people think it's enough to report the change of address to the post office. However, the post office will forward mail from Social Security to your new address for a year only."

"After that they will send the check back to Treasury. It is important that people realize this."

"Certain changes in your payment status can automatically result in your check being stopped."

"These include, for example, a mother whose youngest child turns 18, or a dependent whose check is based on the work record of a person who goes back to work and earns over the earnings limit."

"It will take from one to two days to review the record to see what caused your check to stop."

"If it looks as if the check has actually been sent, our regional program center will contact the Treasury Department disbursement office."

"The Treasury Department will determine if your check has been returned and, if it has, a new check will be sent to you. This usually takes four to five

days from the day the process was started."

"If the Treasury Department finds that the check has not been returned, it will put a stop order on it, and transfer the matter to its Washington, D.C., office to determine if the check has been cashed."

"If it has not been cashed, Treasury will send you a new check immediately."

"However, if the check has been cashed, a new check cannot be issued until it is determined who cashed the first one. Treasury will send you the cancelled check and a form requesting any information you may have as to who cashed the check."

"If you were not responsible for cashing the check, the Treasury Department will send you a replacement check. The process from the time you came into the office to receive the replacement check could take up to 21 days."

"Nationally, about 60,000 people each month report they did not receive their checks, and about a third of these are actually having problems that result in the issuance of a new check."

"Names of three finalists recommended for the position of vice-president and provost of Southern Illinois University at Edwardsville have been forwarded to President Earl Lazerson by the search committee."

Recommended for his consideration were: Dr. Ronald Appelbaum, dean of the School of Humanities for California State University at Long Beach.

Dr. Paul S. Salter, dean of the College of Arts and Humanities for Washburn University, Topeka, Kan.; and

Dr. Barbara J. Teters, vice-chancellor for academic affairs, University of Kansas at Monmouth. Lazerson will make his selection and submit his recommendation to Vice-Chancellor Kenneth A. Stgaw and

the SIU Board of Trustees. The appointee will head up the Office of Academic Affairs and Student Services and will serve as the person in charge in the absence of the president.

The three finalists were recommended from a group of four finalists who were brought to the university for on-campus interviews earlier this month. Previously, the search committee had announced that 10 candidates had been interviewed on campus.

More than 125 applied for the position after Pres. Lazerson announced Sept. 15 that a nationwide search would be conducted.

Dr. Earl Beards is serving as acting vice-president and provost until the permanent appointment is made.

included. What will happen to us with Mayor Schuler in again?

When are the people of Granite City going to realize that the politics of yesterday are gone? It is no longer good enough to kiss babies and make promises.

We are in need of some affirmative action type of leadership in this city.

In closing, I would like to say that I personally am going to work my hardest for the next four years to convince people to see just how much a change is needed.

Maybe we won't make the same mistake four times. I am very unhappy.

MARY C. ROLLINS  
2505 Pine St.

### Alert Madison law enforcement

To the Editor:  
Almost every day we pick up the newspaper and read of house burglaries. Neighbors complain but do not because they do not want to get involved.

This is not so in my case; thank God for good neighbors who are not afraid to get involved.

Due to their quick thinking and observing, they called

the Madison police, who responded quickly and efficiently and arrested a young man who broke into my home and burglarized it.

If anyone ever doubts that we in Madison do not have one of the very best police departments, take my word for it: we do.

This proves that if the citizens are alert and helpful, our police department can and will respond

hit by the tornado were extremely upset when they were stopped, but to those of us who had lost so much, it was a blessing to know the police were watching so carefully.

A special thank you to Dan Partney, who took the time to see that we were taken care of.

RAY AND LINDA MCGEE

### Campaign spotlighted problems

To the Editor:  
It is very hard to put into words my sincere thanks to everyone who supported me in this last aldermanic election.

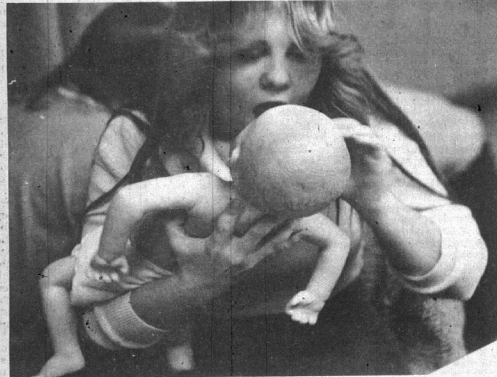

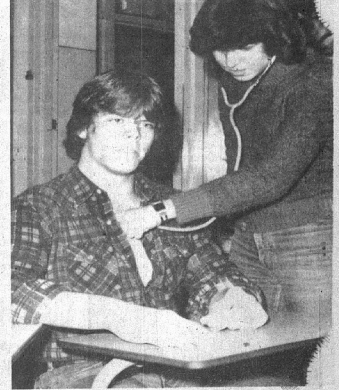

Some people say that I'm too outspoken. Well, this is probably true.

But I hope that some of the issues that I brought forth will help our new alderman in understanding the problems in different areas of our ward.

WOODY MOAD  
Candidate for alderman in the April 7 Sixth Ward election

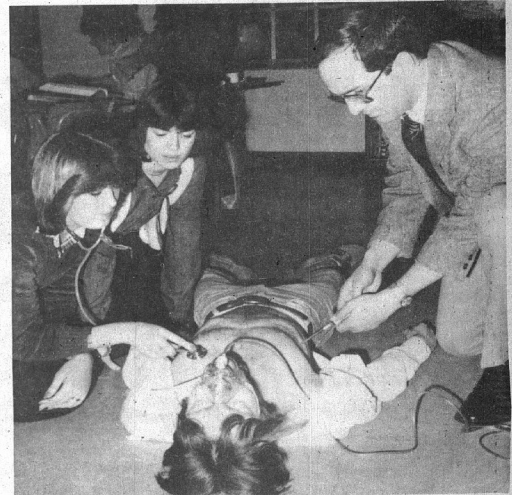

## 'New' Explorers train for emergency services

Emergency Medical Services is the specialty of the "new" Explorer Post 911 (formerly Post 80) which is sponsored by Jack Miller DDS. The members of the post are now taking Emergency Medical Technician (EMT) training through Belleville Area College after which the Explorers will take the State of Illinois exam for EMTs to gain state certification. Practicing some of the basics of emergency medical care is a usual occurrence at Post meetings. Several of the basics include blood pressure testing, top left photo, as Tim Streicher, right, checks Shelly Sullivan, left, as Mike Jackson, post president, watches. Also, monitoring a patient's heartbeat, top right photo, is practiced by Dave Owens and Jennifer Marler. A traction splint is applied to associate advisor Dawn Woodard, the "victim," by Eric Maass and Shelly Sullivan, left, as Genia Fox, right, post advisor and instructor of the EMT course, assists. Cardiopulmonary resuscitation (CPR) practice is an important segment of the training, photo at left, even on a baby. A model used has "lungs" which can be monitored to determine the success of the trainee. Procedures for immediate life-threatening emergencies have been discussed by Dr. Daake, a local surgeon, who shows the procedure for inserting a chest tube into a patient, photo at right. The post provided first aid teams during a camporee held in Wilson Park, lower left photo. Shown are Explorer Daphne Hawkins applying a cold pack to the forehead of Boy Scout Sean Mosby of Madison Troop 21. The procedures and tools for the extrication of victims involved in auto accidents have also been a facet of emergency medical training which the Explorers are learning. In the bottom center photo, Post advisor Genia Fox, back to camera, tries her hand at breaking a window of a practice car with a special punch, sometimes the first procedure in extricating victims. Post President Mike Jackson, lower right photo, appears to have his hands full as he handles the "Jaws of Life" Hurst tool.

Eighty-one hours of intensive medical training is required during the EMT course. The Explorers will be qualified to work on most ambulance systems in the state after taking the state exam and those members 18 years and older will be taking the exam to be nationally certified EMTs as well. All of the members underwent 16 hours of CPR training prior to the EMT training and a 40-hour state-certified "first responders" course which is designed for police and firemen. The course is aimed at training personnel to help victims prior to the arrival of ambulance crews.

PEOPLE

## Reject tornado loans

The Small Business Administration has rejected appeals for financial aid in repair of homes and businesses damaged in the April 3 tornadoes that caused an estimated \$6.8 million damage in Granite City, Pontoon Beach and Edwardsville.

Gov. James Thompson had requested the low-interest loans for the area around Granite City and Edwardsville, noting that many people will require financial aid in rebuilding and repairing homes and businesses.

But the SBA held that a survey disclosed that the

damage report does not meet SBA criteria "because most of the damage is covered by insurance."

Edward Goodbourn, an SBA spokesman, said that to meet SBA requirements there must be at least 25 homes or businesses affected, with a more than 40 percent uninsured loss. Although more than 200 homes and businesses were damaged by the April 3 tornadoes, the SBA said the damage "is pretty well covered by insurance."

Ed Harris of the Madison County Emergency Services and Disaster Agency (civil defense) criticized the ac-

### SWEAR IN FRIDAY

The swearing in ceremony of new United States Magistrate Gerald B. Cohn will take place at 2 p.m. Friday at the federal courthouse, 501 Belle Street, Alton. The ceremony will be conducted by Chief District Judge James Foreman and District Judge William Beatty. Expected to be in attendance are Chief Justice Joseph Goldenhersh, State's Attorney Don Weber, U.S. Attorney James Burgess and other federal and state dignitaries. A reception will be held at the courthouse, sponsored by the Law Wives of Madison County. Chief speaker will be Donald Metzger, president of the Madison County Bar Association.

## Nameoki to lose CETA workers

By LISA LUTZ  
of the Press-Record

Due to cuts in federal spending, Nameoki Township is going to lose four CETA (Manpower) employees as of June 15, the board was informed at the town board meeting Monday night.

Workers in community health-related jobs, including the senior citizens' van driver and an office worker will no longer be paid by CETA. The new board, not yet seated, will have to decide whether to replace these people or do without them entirely.

This federal cutback not only affects Nameoki Township, but 500 other

CETA employees in surrounding communities are losing their funding.

It also was noted at the meeting that residents whose homes were struck by the tornado may apply for low-interest loans to repair damages.

Illinois State Representative Sam Wolf informed the board that this assistance is available through Charles D. Jones of the Illinois Emergency and Disaster Agency (Civil Defense).

In a letter from Granite City Mayor Paul Schuler concerning the Metro-Area Rail and Gateway Enterprise (MARGE), the board was told that better representation is needed in

the Nameoki area. If MARGE is aware of the township's needs, it can better coordinate the effort for projected railroad relocation plans.

In other communications, Township Supervisor Harold Davis expressed his thanks to those people with whom he has worked for the past four years. Davis also indicated he is proud of past accomplishments and regrets that he will be unable to do more. He was not present at the meeting.

A letter from Bi-State Transit Agency informed the board that discounts to senior citizen and the handicapped will no longer be offered. Bi-State ex-

pressed regrets, but is apparently unable to rectify the situation.

It was announced that there will be a rabies clinic on May 9 at the Nameoki Township Garage, 4250 Highway 162, from 3 to 4:30 p.m. and on May 16 at the Long Lake Volunteer Fire Hall in Pontoon Beach from 3 to 4:30. The cost will be \$6 per animal.

**RESTITUTION ORDER**

Melba R. Schriver, 45, of Granite City Rural Route Two was sentenced this month by Associate Judge Thomas Hildebrand to one year of probation on an amended Jan. 30 charge of petty theft, and to pay a \$750 fine and \$8,100 restitution. A \$10,000 recognizance bond was set.

### 3 charges filed in scuffle with police

Tommy Chancellor, 2527 Nameoki Drive, was charged with aggravated assault, disorderly conduct and resisting a peace officer after he allegedly argued with police at a home in the 2500 block of Circle Drive at 8:50 p.m. Saturday.

Police had been called to the Circle Drive address on a report that a 14-year-old boy was ill and his parents were out of town and could not give their permission for him to receive treatment at St. Elizabeth Medical Center. Officers arrived and found the 14-year-old and his 11-year-old brother had been

left alone by the parents, who were visiting relatives in Missouri. Police took the ill boy into protective custody and signed consent forms for him to be treated and to receive surgery, if necessary, for an appendectomy.

The 11-year-old agreed to stay with neighbors, until his parents return home.

While officers were attempting to solve the problem, Chancellor allegedly entered the home asking questions. When he said he was not related to the boys, he was asked to leave and allegedly refused,

becoming belligerent toward Patrolman Tim Lyerla and cursing him.

Lyerla convinced him to leave the house, but in the front yard, Chancellor allegedly cursed Lyerla again and ignored warnings to stop. As a crowd of neighbors gathered, Lyerla told Chancellor he was under arrest and grabbed him, but he allegedly pulled away from the officer, cursed and made a fist.

Force then was used to subdue him. The two wrestled, during which Chancellor suffered a cut to his head and Lyerla suffered

an abrasion above a right eye and his shirt was torn and blood stained, it was reported.

At the booking window of the police building, Chancellor allegedly refused to give booking information, including his name, so he was booked as a "John Doe," until his real name was discovered.

**STAMP, COIN THEFTS**  
A burglar took \$100 in food stamps and an unknown amount of coins, Shirley Womack, 2837 Pershing, told police last week.

**TRESPASS, WEAPON CHARGES AGAINST 2**  
Gregory Flowers, 27, and Marcus D. Jones, 29, both of East St. Louis, were charged last week with criminal trespass to a Granite City Steel parking lot at 16th Street and Madison Avenue, transporting brandy, unlawful use of a .387 revolver and failure to obtain a firearm owner identification card.

Halted by police at 25th Street and Madison, they allegedly had the loaded gun in an unlocked glove compartment, and their auto contained numerous tools, a rifle bolt and Air Products cutting torches.

**CONTINUED SUPPORT** of the Granite City Senior Citizens exercise program held weekly in the township hall is presented by representatives of the Quad-City Chapter 53 of the Disabled American Veterans. Funding by the veterans organization initiated the program for the senior citizens. From left, are: Lawrence McGuire, commander of the chapter; Joseph Heffler, adjutant treasurer of Chapter 53; Ellen Wilson, exercise class instructor, and Mary Brewer, representing the township. The class meets each Tuesday at 10 a.m. and is open to all senior citizens in Granite City. (Press-Record Photo)

### Stop fight; arrest three

Two young men and a young woman were charged with disorderly conduct after a disturbance at Bromley Avenue and Edwards Street at 2 a.m. Sunday.

Police were called to the scene on a report of a fight and alleged finding two men fighting and four spectators around them. When officers attempted to break up the fight, Pat L. Johannigmeier, 21, of 2445 Edwards St., allegedly shouted at the officers, used profanity and continued stepping between the police and the fighters, shouting and waving her hands in the officers' faces. She also allegedly tried to slap one of the fighters. She was restrained and placed in a squad car, police said.

The other spectators agreed to leave, but the two fighters continued to trade insults and threats, leading officers to arrest both, according to official reports. Charged with disorderly conduct were Michael J. Stephens, 27, of 2539 Edwards St., Brian K. Richardson, 17, of 3037 Dale Ave., and Pat Johannigmeier.

### GOVERNOR ON TASK FORCE ON VIOLENCE

Governor James R. Thompson co-chaired the first two-day meeting of the U.S. attorney general's Task Force on Violent Crime beginning April 16 in Washington, D.C.

The task force was formed to advise the attorney general on what the federal government's role should be in combating violent crime, and how it could be strengthened without lessening the Justice Department's efforts against organized crime or "white collar" crime.

### Cause of high blood pressure uncertain

**By MARY RICHARDS**  
Ill. Dept. of Public Health

What causes high blood pressure? Is it nervous tension, obesity, too much salt or animal fats in the diet?

Researchers have several theories as to what can lead to or aggravate high blood pressure. But at this time, they are only theories. It is not known for sure why some short, heavy people have hypertension and other short, heavy people do not.

It is known that hypertension tends to run in families, but not everyone in the family is necessarily going to get it.

Many persons smoke too much, eat too much, and exercise too little, but these people are not going to get high blood pressure, either, unless they are already prone to it.

Some of the theories are based on knowledge gained through research. Salt, for example, does raise blood pressure. So does excessive smoking.

It is known that too much animal fat in the diet may lead to the depositing of fatty clumps on the linings of the blood vessels. This decreases the inner diameter of the vessel, requiring the heart to pump harder. This is known as arteriosclerosis.

If the pressure continues at high levels, the walls of the blood vessels will become toughened and scarred and less flexible, and this will eventually lead to arteriosclerosis.

We do not know why, but men get hypertension more often than women and usually in a more severe form.

Pregnant women or those taking birth control pills may develop hypertension. These women are more

likely to get it later, as well. This is true even if their blood pressure returns to normal after pregnancy or stopping the pills.

Blacks are twice as likely to develop hypertension as are whites and they get it more severely, especially men.

The elderly are more likely to have high blood pressure. So are the obese.

Three out of four people whose blood pressure varies from normal to high over a period of time eventually develop it.

But anyone can develop hypertension. Even children.

Contrary to popular opinion, tests done by several research groups on people in various occupations do not reveal a typical hypertensive personality.

Unfortunately, only five to 10 percent of all cases of hypertension can be traced to a specific cause. This is unfortunate, because this five to 10 percent are the only cases which can be cured.

This kind of hypertension is known as secondary hypertension. If may occur as a result of kidney disease, pinching of the main artery leading from the heart — this is an hereditary condition — or tumors on the adrenal glands which are located on each kidney.

Next we will continue our discussion of hypertension with an article on the consequences of uncontrolled essential hypertension — the kind that cannot be cured.

### TWO CHARGES FILED

Carolyn R. Bellman, 31, of 8008 Forest Ave. was charged with battery for allegedly throwing a milk carton that struck the shoulder of a security guard at St. Elizabeth Medical Center last week. She also was charged with trespassing for allegedly refusing a short time earlier to leave the center. She was released on \$202 bail.

**In Good Spirits!**  
by GEORGE CREWS

There is more difference between white and red wines than just the color of the grape. The taste of white wine is totally different, and that is largely because of the fermentation process. Because white wines do not need to pick up color from the skin of the grape, the grapes are pressed immediately, and the juice ferments away from the skins. The result: white wines contain less tannin than do the reds, since tannin is derived primarily from the skins which stay on the red grape longer. Tannin is an important part of fine red wines, giving them what might be called a slightly astringent or "puckery" taste. The absence of tannin from the whites gives them their characteristic, slightly sweeter taste, which should also give you a guide in your pursuit of a wine to delight your own individual taste.

DAN PATTERSON

## Patterson turns into power hitter Breaks North home run record

GRANITE CITY — When the season started, Granite City North baseball coach Bob Stegmeyer didn't expect Danny Patterson to be a power hitter. He just wanted him to drive in runs. But after Patterson blasted his record-breaking fifth home run of the season against crosstown Granite City South at home Wednesday, Stegmeyer realized he has something going in Patterson.

"Dan is a very strong guy. But hitting is matter of this much," said Stegmeyer, holding two fingers about

an inch apart. "I thought Dan would be a good hitter, but I'm really surprised because he wasn't hitting early in the season." It's true, Patterson, in the early part of the season, was having a so-so year at the plate. Up until April 8, he collected just four hits in 27 times at bat. That's only a .167 average. And he was the number three batter in the Steeler order. He went 1-for-18 before he cracked his first

home run. That was a grand slam job against Edwardsville. But the average wasn't good enough. So, Stegmeyer moved him down in the lineup. Then he started to pick up. Having worked on a weight program during the football season, Patterson continued building his strength under Stegmeyer. From April 8, the bats began to roll in.

In only three weeks time,

he raised his average .172 points. In that span, he ripped the ball at a sizzling .517 clip. He's now batting .339 and until he grounding into a fielder's choice in the sixth inning of the South game, he had a streak of eight straight base hits.

"He's (Patterson) now getting his swing down," said Stegmeyer. "He was batting third, but he wasn't hitting. So we move him down. Now that he has

started to hit so well, I'd like to move him up in the lineup, but he seems to be comfortable where he's at."

Patterson's home run production increased when he clouted one against Wood River and smacked two against Madison. The shot against South Wednesday broke the old record of four homers set by Mike Robertson last year.

Where he was once pushed down in the lineup, Patterson, now hitting in the fifth position, has turned into the hottest hitter on the Steeler team. "I was thought to be the RBI man. The one that hits the singles," said Patterson. "I really don't know why I'm hitting so good. It seems I'm getting the fat part of the bat on the ball and seeing the ball better."

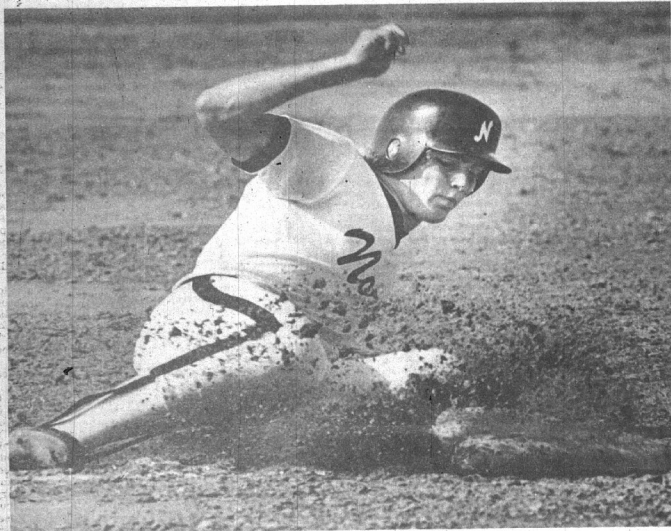

Increased strength and less quality pitching were other reason Patterson gave for his improvement, but all Stegmeyer knows is that he has a one-two punch in Rick Buer and Patterson that opposing pitchers will have a hard time reckoning with.

# North handles pressure (and South)

**SAFE AT THIRD.** Granite City North's Rick Buer slides safely into third base yesterday during action in his team's 9-3 GEC victory over

crosstown rival Granite City South at Steeler Field. The victory keeps North in a first place tie with Edwardsville in the conference standings.

## Kahoks add to South's frustrated feelings

By PETE HAYES  
Sports Editor  
of the Press-Record  
COLLINSVILLE — Granite City South didn't get much. But what the Warriors did get, they made them most of.

South took a two-run lead early in the first game of a scheduled doubleheader with Collinsville. The Kahoks managed to come back to tie the game in the sixth inning however before scoring in the bottom of the seventh for a 3-2 victory.

The Warriors won a four-inning unofficial second game 5-4. The game was called off early because of a mixup in scheduling with the umpires. It will not count in the records.

"With any hitting at all we should have won that first game," said South head coach John Modica. The Warriors were held to just four hits by senior right-hander Todd Miller, who is now 4-0.

"(Jody) Fenton only threw 71 pitches. That's almost perfect. He's 0-4, but he shouldn't be," Modica said.

Fenton also scattered four hits. When the Warriors did get on base, Modica kept them moving. After Miller breezed through the first inning, designated hitter Rick Daily led off the second with a bloop single into left. He was nailed trying the stretch it into a double, but the Kahoks found out South wasn't about

to play conservative baseball.

Ken Wilson walked with two out in the second and moved to second base on a single by George Jarvis. Wilson then stole third base, and catcher A.C. Danaway's throw was both late and off target. The ball went into left field and Wilson scored on the play.

The Warriors' chance for a big inning ended, however, when Dave Modicus popped out with the bases loaded. South's second run came in the third inning: John Linhart ripped a single to left, stole second and scored on a single by catcher Steve Ficker. Ficker was the last person to reach base for the Warriors as Miller retired

the next 13 batters.

"Our hitting has been our worst problem. Our defense has been our second-worst problem," Modica said. "It's taken us too long to learn how to hit. And these are mostly seniors."

While South's bats were taking a nap, Collinsville woke up. In the fourth inning, Junior Steve Blumner walked and later scored on a single by Kent Varianian.

In the sixth inning, Rod Woods led off with a double that just got over left fielder Linhart's glove. Woods later scored on Blumner's sacrifice fly. That set up everything for the seventh inning. Varianian and Brad Mayes each singled off starting pitcher Fenton before Randy Cann came on in relief. Cann led the runners advance to second and then on a wild pitch and Danaway tied deep to center to drive home the winning run with a sacrifice.

Collinsville coach Russ Keene was relieved to come out with a victory, which upped the Kahoks' record to 17-3-1. Collinsville was plagued with mental mistakes in both games.

"The team that makes the fewest mistakes usually wins the game," Keene said. "If it's cutting off a throw or backing up a play, you've got to do those things. We still managed to win the first game but we made some mistakes in the second game and it cost us some runs."

The Warriors rattled starter Jeff Lamoreaux for four runs in the second

By TOM SCHOCKER  
of the Press-Record

GRANITE CITY — Last Saturday's encounter was just a preliminary match-up. If only for pride, the contest really didn't mean very much. But when Granite City North and Granite City South met for the second time this season at North Wednesday, there was more than just emotion riding on the game.

With their Gateway East Conference title hopes on the line, the Stealers were in a must win situation. The pressure didn't seem to bother them as they routed South 9-3. North now posts a 5-2 record in the GEC and remains in a tie for first place with Edwardsville.

Because of the pitching rotation of both squads, the duel was on again between North's Rick Takmajian and South's Randy Cann. Neither hurler lasted beyond the fifth inning, but the Stealers got their money's worth off of Cann before he departed.

It looked like Cann just couldn't quite handle the crosstown rivalry. He opened the game by walking North's Jeff Puryear. After a force for the second out, Cann seemed to avoid early trouble, but Dan Patterson had different ideas. Smacking a hit, he drove in his first of three runs for the game.

Cann wasn't out of the woods yet. Jack Luehmann, a left-handed batter, then drove a shot to the opposite field (right field) for a double and North was quickly on top 3-0.

"You can play your own game when you get a lead," said Steeler assistant coach Jack Parker. And North had some tricks up its sleeve.

Walks again led to problems for Cann in the third. Patterson's fielders

choice enable another run to come in. But with Rick Buer on third, having singled, and Luehmann on first, Steeler head coach Bob Stegmeyer went to his hat of tricks.

Luehmann took off for second and when the throw from South catcher Steve Ficker went through, Buer sprinted for home. Now with two outs, Luehmann remained in a run down until Buer crossed home with the run. "It was a super play," said Stegmeyer. "I wanted them (South) to throw to second. I was going to give up Luehmann for a run and it worked."

Nothing wanted to go right for the Warriors, though. They put runners on base in every inning except two and ended up stranding 13 men. They didn't get on the scoreboard until the fifth. And even then when they had scored twice, they still left the bases loaded.

Two straight walks by Takmajian to open the fifth was enough for Stegmeyer. He had walked the opening two batters in the fourth and pitched out of the jam. But Stegmeyer wasn't taking any chances. Paul Eads was brought in and he quickly loaded the bases.

John Linhart's ground out into a double play scored one run for South and Rick Daily's second base hit drove in another. Eads loaded the bases with two outs in the same inning and Patterson was called for relief. With two pitches, he forced Larry Holder to line back to him, ending the inning.

The fifth frame was the deadly inning for both starting pitchers. Three straight hits by North gave reason for Warrior head coach John Modica to lift Cann. "Randy just doesn't want to pitch against Nor-

th," said Modica. "I didn't have anybody else. I had to pitch him."

Not wanting things to get out of hand, Modica brought in Mike Zukas. But he wasn't greeted too kindly as Patterson ripped his fifth home run of the year. It was a school record. (see related story) The game was now out of hand.

South desperately tried to make it respectable, but it again left the bases loaded in the sixth and two runners on in the seventh. Ken Wilson managed to score in the final inning on a wild pitch. For the game, South was given 11 walks and stranded 13 runners on base.

"Maybe I'm expecting too much," said Modica. "But you can't win leaving 13 runners on. I didn't know it was that bad. I thought our

hitting was coming along. But I don't think we are a lot better than our record might indicate."

With the pressure on, the Stealers responded. But Stegmeyer never would have guessed a blow-out. "I refuse to make any predictions when we play South," said Stegmeyer. "But you can't let down in a conference game. Anything can happen. It was a big win for us."

North's season record improves to 11-7-1, while the Warriors drop further under the .500 mark to 9-19-1 and 2-4 in the GEC.

## Tennis courts to open Monday

GRANITE CITY — The lights at the Wilson Park Tennis Courts will be turned on each evening beginning Monday, May 4, 1981 for the summer season.

**RULES AND REGULATIONS**

1. Tennis Courts may be reserved Monday through Friday from 5 p.m. until 11 p.m. 2. Reservations can be made after 4:45 p.m. for that evening only and in person. 3. Court time for those making reservations will be limited to 1 hour. 4. Players are limited to one reservation per day. 5. Reservations can only be made at

court side. 6. Those reserving courts must be residents of the Granite City Park District with identification cards issued by the Park District. 7. Reservations may be made by working high school students over 16 years of age through adults. 8. All persons using the Wilson Park Courts must wear tennis shoes.

The Granite City Park District also has a tennis court at Sycamore Park located at Amos and Johnson Roads. No reservations are required, but court time is limited to one hour.

## USAC stock cars to race Sunday at Speedway

GRANITE CITY — The United States Auto Club (USAC) Center Line stock cars will be featured this Sunday afternoon at the Tri-City Speedway.

Professional stock car drivers in USAC for the 1981 racing season expected to be on hand will be Bob Brevak of Ashland, Wis., former USAC stock car champion Butch Hartman of Springfield, Ohio, Gordon Granada of Kansas City, Mo., Ray Darnell of Deerfield, Ill., Tom Meinberg of Hamilton, Ohio, Dean Roper of Fair Grove, Mo., Chuck Potts of Morocco, Ind., Ken Rowley of Bloomington, Ill., Terry Ryan of Keokuk, Iowa and Sal Taveola of Chicago, Ill.

Tri-City Speedway's local drivers also expected to compete in the race are Johnny Prior of Central Ill., Larry Phillips of Springfield, Mo. (who will drive the Sieveking

Granada), Kenny Schrader of Fenton, Mo. (who will drive another Sieveking car — a 1981 Mustang) and Rusty Wallace of Arnold, Mo., the 1980 USAC stock car runnerup.

Hotties for the race will begin at 2 p.m. Sunday and the race will begin at approximately 2:30 p.m. Limited late models and the sprint cars will continue

this Saturday night (May 2) beginning at 7:30 p.m. Kenny Schrader and Terry Gallaher of Hannibal, Mo., will be trying to win their second consecutive feature races as each one won in their respective divisions — Schrader in the sprint cars and Gallaher in the limited late models last Saturday night on the opening of the weekly races.

Promoter of the speedway Gil Rimmel says that the street stock class will bring exciting racing to the fans and should create a new and exciting class of drivers to the speedway.

On May 16, a new class of stock cars will be added to the weekly races. It will be the Street Stock Class to be run on the quarter-mile dirt track.

Promoter of the speedway Gil Rimmel says that the street stock class will bring exciting racing to the fans and should create a new and exciting class of drivers to the speedway.

## Trojans fourth at Roxana Relays

ROXANA — The Madison boys track team had first place finishes in only two events and came home in a tie for fourth place with Roxana in the running of the 23rd annual Roxana Relays Tuesday.

O'Fallon continued to show why it's considered one of the top track teams in the area. The Panthers won the meet with 117½ points. Mascoutah was a distant second with 71½. Jerseyville was third with 58. Madison and Roxana finished with 42 points each. Wood River was fifth with 31 followed by

Civic Memorial of Bethalto with eight.

Madison's Trojans came in first in the 400 meter relay in a time of 46.1 seconds. O'Fallon was second in 46.3. Jerseyville was third in 46.8. Members of Madison squad in the event were Shawn Brown, Charles Fuller, Darnell Dixon and Richard Borney.

In the mile relay Madison's foursome of Fuller, Elmer Collins, Trojans Manzy and Borney finished first in a time of 3:35.0. Mascoutah came in second to the Trojans with a

time of 3:35.6. O'Fallon was third in 3:35.8.

In the 800 meter varsity relay, Madison's Tyrone Branch, Shawn Brown, Fuller, and Borney finished second to O'Fallon. The Panthers won it in a time of 1:35.4. The Trojans' time was 1:36.0.

Madison was third in the freshman sophomore 880 relay. O'Fallon was first in 1:39.6, followed by Jerseyville in 1:40.0. Madison's A.C. Ware, Shawn Brown, Elmer Collins and

## South wins GEC crown

GRANITE CITY — The Granite City South Warrior tennis team clinched its second straight Gateway East Conference championship here Monday with a 4-1 rout of GEC rival Belleville Althoff at the South courts.

The meet victory was South's 14th straight Gateway East dual meet win going back over the last two seasons. Monday, the netters of Coach Dick Harmon won all singles matches and all but one doubles match.

In singles, South's Tom Longos came from behind to beat Althoff's Brad Wren 2-6, 6-3, 6-3; Warrior John Menendez beat Crusader Bill Burnsworth 6-2, 6-1; Matt Sheridan of South

defeated Mike Murphy of Althoff 6-3, 6-1; and South's Ed Schmulbach completed the singles sweep with a 6-4, 6-3 straight set victory over Althoff's Bryan McGovern. In doubles competition, Longos and Sheridan of South were in complete control in their match. They allowed the opponents, Althoff's Burnsworth and

**ANNUAL PRESENTATION.** Illinois State Representative Sam Wolf (D-56) presents Granite City South head coach Gene Baker and the team's tri-captains from last season a resolution by the Illinois House of Representatives praising the team's accomplishment of winning its fifth con-

secutive Illinois state championship last November. It was also the fifth consecutive House resolution for the Warriors. Left to right: Baker, Wolf, David Paz, David Fernandez, Greg White and school board member Tom Miosky. The presentation was made Friday at South.

(Press-Record Photo by Ed Sade)

## NASL defies FIFA regulation

NEW YORK — The United States Soccer Federation announced today that the North American Soccer League has not received permission from FIFA, the international governing body, to revert back to using the 35-yard offside line and three substitutions and that the League has defied the FIFA directive by not complying with international rules in its games this past weekend.

The League's decision to play its matches under its former rules appears to be the result of a misin-

terpretation of the contents of a letter from FIFA President Dr. Havelange received by the Federation on April 9," said USSF President Gene Edwards. "By choosing to twist the contents of this letter and defying the directive, the League has placed the United States Soccer Federation and all of its affiliates, including the NASL, in the untenable position of facing sanction by FIFA."

In an attempt to have FIFA reconsider its direc-

tive relative to the NASL's compliance with international rules, received by the USSF on Dec. 22, President Edwards met with FIFA officials between Jan. 8-10 in Montevideo, Uruguay. As a result of a meeting on Jan. 12 in Rio de Janeiro, Brazil with Dr. Joao Havelange and Dr. Artemio Franchi, the chairman of FIFA's Referee's Committee, President Edwards was told that an attempt to arrange a meeting with the FIFA Executive Committee on the request of the

Federation might be considered and consideration given for the League to operate under its former rules for the 1981 season on the condition that the Federation advise FIFA that the League had agreed to permanently discontinue its experimentation after the 1981 season. This discussion was communicated to NASL Commissioner Phil Woosnam in a draft letter dated Jan. 15, but the terms of permanently discontinuing the experiments after the 1981 season were unacceptable to the League.

The offer to meet with the FIFA Executive Committee under such conditions was reiterated by Dr. Havelange in his letter to USSF Secretary General Kurt Lamm, a correspondence dated March 23 and received by the Federation on April 9. In the letter, Dr. Havelange referred to the discussion in January, but did not make a new offer to allow the NASL to play under its own rules. The FIFA directive received on Dec. 22 was clear and still in effect, namely to discontinue the rule violations prior to and for the 1981 season. The NASL complied with the international rules at the start of its season on March 28, but reverted back to its former rules beginning April 10.

The FIFA directive, received by the USSF in its capacity as the national governing body of soccer and

the U.S. representative to FIFA, required that the League conform with the international rule for off-sides, measured at the center line. This is opposed to the 35-yard line offside marker adopted by the NASL. The directive also stipulated that the League limit its number of substitutions to two, as required internationally. The NASL has permitted three substitutions.

## South girls fall to Althoff

By TOM SCHOCKER  
of the Press-Record  
GRANITE CITY — There is definitely something wrong. And Pat Yates doesn't know quite what it is. But as head coach of the Granite City South softball team, Yates does know that her team is not playing softball like she knows the Warriors can.

South's problems have resulted in a three-game losing streak. The latest defeat came Monday when Belleville Althoff's Tammy Tolbird dazzled the Warriors with her pitches and tossed the Crusaders to an 8-1 Gateway East Conference victory. It was the second conference loss in three games and put the Warriors at 3-3 in the GEC and 5-4 overall for the season.

"The girls are down for different reasons," said Yates. "Coaching girls is very hard. They're emotional and they can't seem to forget things that have happened before."

The troubles for the Warriors seem to have started when cross-town rival Granite City North handed them a heart-breaking defeat. That game marked the end of South's Faye Wills' season as she broke her ankle. The Warriors pride themselves on their hitting and the loss of Wills was a big blow. "Faye was our leading hitter," said Yates. "Losing her has, poised some problems."

Although Yates feels that South still has good hitting, Wills' absence has been felt. In the loss to Belleville West, the Warriors collected just two hits and against Althoff, they were held to five.

Those hits against the Crusaders were hard enough to scrap up and to think, when the Warriors faced Tolbird, Althoff's starting pitcher, before they racked her for 13 hits. "We hit her (Tolbird) before at Althoff," said Yates. "But this time she had a lot better control and she was really throwing the ball hard."

Tolbird was certainly on her game. Until this Boyd's single in the fifth inning when South scored its lone run, Tolbird had allowed just two base runners while striking out six, including the side in the third. "The last time Tammy pitched against South, it was her third game in three days," said Althoff head coach Mary Kloess. "We had a lot of errors in that game, too. But she was more rested up this time and we got back at South, sort of a revenge game."

Althoff didn't waste any time to satisfy its grudge in the second inning. Karen Spencer, South's starting hurler, helped out, but the Crusaders made their point. Scoring three times on four walks in the second, Althoff added another in the fifth on three straight base hits and broke South's back with a three-run homer and four more runs in the seventh.

"Karen didn't pitch that badly," said Yates. "We made some mistakes behind her. But we can afford it if we can get our bats going."

Tolbird faulted only one time and the Warriors jump on the rare chance. An opening single by Boyd to start the fifth was followed by a walk to Natalie Buster. As simple as that, Nita Graham stroked a single and Boyd scored. However, Tolbird regained her composure and set the side down in order. She finished with a nine strike outs while walking just three.

The Warriors' situation wasn't aided much as they caught Althoff on the upswing. The Crusaders had won five in a row. Make that six.

South will now have to rebound as it begins play in the Cahokia Invitational starting Friday. "I suppose we just have to sit down and talk to make sure we are striving for the same things. A win right now will help us the most."

## Cahokia upsets North

CAHOKIA — Having a runner thrown out at home plate didn't help the Granite City North baseball team. It dropped its second Gateway East Conference game of the year here Monday to Cahokia, 3-1.

The Steelers had to fight back from a 3-0 deficit when Brian Corey drove in Mark Hester with a double in the fifth.

In the sixth, Rick Buer singled and stole both second and third. On Dan Patterson's short single, Buer was thrown out at home, then called safe when the Cahokia catcher dropped the ball. After the play was over, the Cahokia bench yelled that Buer had to slide, which he didn't, and the umpire changed his call a third time and Buer was out.

## Evans helping SIU-C

CARBONDALE — It's a do or die weekend for the Southern Illinois University-Carbondale baseball team as it heads into the final stages of the Missouri Valley Conference schedule. The Salukis face Indiana State May 2 and 3 at Abe Martin Field, and then travel to Bradley the following weekend.

The Valley race tightened up Friday and Saturday when Bradley and Indiana split a four-game series. All three teams are tied for first place with .500 records. Bradley is 4-4; Indiana State is 4-4; and Salukis are 2-2. The Salukis must win three out of four in each series to insure the division championship. They split a four-

game set with Bradley earlier this season at SIUC. Saluki baseball coach Ichy Jones is disappointed with his team's inability to get timely base hits, but he's been more than pleased with the performances of his pitching staff.

"Jerry Green (Southern's first-year assistant coach) has done an excellent job with our pitchers," Jones said. "Their ERA is lower than it was at this time last year. All they need is a little support from our bats."

The Salukis' team ERA is 3.98 in 33 games, and ace reliever Paul Evans has seven saves to lead the staff. The most recent proof of the Salukis' tough pitching came

April 26 at the University of Kentucky. Senior Jerry Halstead pitched 10 innings and gave up four runs—only two of them earned—in a losing cause.

SIUC continues to make an assault on the school base and gave up four runs—only two of them earned—in a losing cause. SIUC continues to make an assault on the school base and gave up four runs—only two of them earned—in a losing cause.

The Salukis will have to face two tough in-state rivals between the two conference series. SIUC travels to SIUE-Edwardsville on May 5, then enters the University of Illinois on May 6 for the season's final home game.

## Trojans

(Continued from Page 25)

Charles Fuller with a time of 1:40.4. Madison's Darnell Dixon, Howard Leonard and Harper were fifth in the low hurdle shuttle. O'Fallon was first in 39.1, followed by Roxana, Mascoutah and Jerseyville. Madison's time was 63.4.

In the 100 yard dash, Trojan Richard Borney was third in 10.9 seconds. Mascoutah's Dover was first in 10.6, followed by Berry of O'Fallon in 10.8.

The 120 yard high hurdles were won by the Jerseyville's Thurston in a time of 15.7 seconds. Roxana's Finki was second in 15.8. O'Fallon's squad won the high hurdle shuttle in a time of 49.9 seconds. Roxana finished second.

In the distance medley, O'Fallon in a time of 15.7 seconds. Roxana's Finki was second in 15.8. O'Fallon's squad won the high hurdle shuttle in a time of 49.9 seconds. Roxana finished second.

The pole vault was won by Finki of Roxana with a height of 13 feet, 6 inches.

Bellevue of O'Fallon was second at 12.4. In the shot put, Jerseyville's Radtke was the winner with a distance of 43-6. Wood River's Sickmann was second at 43-1, followed by Bernard Harper with a toss of 40-5.

## Softball tourney pairings released

CAHOKIA — Pairings were released here last night for the annual Cahokia High School Girls Softball Tournament, which will be held this Friday at Saturday at the Khoury League fields in Cahokia.

Granite City North and South are included in the field of 16 teams entered in the tournament. Other entered will be East St. Louis, Roxana, Valmeyer, McClellan North, Belleville Althoff, Bethalto, Mascoutah, Wood River, Belleville West, Belleville East, Freeburg, Alton, Edwardsville and Cahokia.

East St. Louis received the number one seed, followed

by number two Belleville West, Cahokia, Wood River, Althoff, South, Freeburg and McClellan North. Belleville West is the defending tournament champion.

Both North and South will play in the second session (lower bracket) of the opening round Friday at 4 p.m. North will face Belleville West and South will play Alton. The other 4 p.m. games will feature Belleville East vs. Freeburg and Edwardsville vs. Cahokia (four fields will be used).

In the upper bracket, which will feature opening round games at 2 p.m. Friday, East St. Louis will face Roxana, Valmeyer will face McClellan North, Althoff will tangle with Bethalto and Mascoutah will face Wood River.

If North wins its first game, it will play the winner of the East-Freeburg game at 10:30 a.m. Saturday. If it loses, it will play at 9:30 a.m. against the loser of the same game. Should South defeat Alton, it will face the Edwardsville-Cahokia winner at 10:30 a.m. Saturday. If the Warriors lose, they'll play at 9 a.m. against the loser of that game.

The semifinals are set for 2 p.m. Saturday and the finals for around 4:30 p.m.

## Kahoks

(Continued from Page 25)

ning of the second game. Both Mark Clark and Larry Holder doubled in the inning. Holder also had an RBI single in the fourth inning off reliever Kent Parker.

"I'm just glad we won a ball game," Modica said, despite the fact it was an unofficial game. "I can't tell you the losing streak we were on. And a lot of them were one-run losses when we left a lot of runners on base."

South's losing streak has reached six games. The Warriors are now 8-18-1.

**Effective April 1, 1981**

Due to an overabundance of applications for two and three bedroom apartments at the MADISON COUNTY HOUSING AUTHORITY, we will suspend the taking of applications from families who qualify for those size apartments. This suspension will be for a period not to exceed five (5) months. (Until September 1, 1981). We will publish notice upon opening up our applicant waiting list. We are continuing to accept applications from those who qualify for one and four bedroom units. If you have any questions or for your questions please contact the Madison County Housing Authority project office nearest you.

## Public Notices 33

ORDINANCE NO. 3771  
REPEALING STOP  
SIGNS ON KILNEY  
DRIVE AT ITS  
INTERSECTION WITH  
NEWELL DRIVE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GRANITE CITY, ILLINOIS, as follows:

SECTION 1: That the following intersection controls at the location indicated below, are hereby repealed:

Location: Kilney Drive and Newell Drive

Controls Repealed: two (2) stop signs on Kilney Drive (North and South traffic).

SECTION 2: The former traffic ordinances of this City, or parts thereof, relating to the traffic controls listed above, are hereby repealed, except that this repeal shall not affect or prevent prosecution or punishment of any person who has acted done or committed in violation of any Ordinance repealed hereby prior to the taking effect of this Ordinance.

SECTION 3: That the Superintendent of Streets is hereby authorized and directed to remove said stop signs on Kilney Drive at its intersection with Newell Drive.

SECTION 4: This Ordinance shall be in full force and effect from and after its passage, approval and publication as provided by law.

PASSED BY THE CITY COUNCIL OF THE CITY OF GRANITE CITY, ILLINOIS, this 8th day of April, A.D. 1981.

APPROVED BY THE Mayor of the City of Granite City, Illinois, this 13th day of April, A.D. 1981.

Paul Schuler  
MAYOR

ATTEST:  
Robert W. Stevens  
CITY CLERK

Southerly right-of-way line distance of 471.36 feet to the Northeast corner of lot 24 in said subdivision; thence Southerly along the Eastern line of lot 24 a distance of 154.4 feet to the North right-of-way line of Illinois Route 162, thence Westerly along said right-of-way line a distance of 200.0 feet to the POINT OF BEGINNING.

Subject to an easement to County of Madison for Lift Station Site 26A. Said easement being a rectangular tract located on the Northeast corner of lot 24 more fully described as follows:

Beginning at the Northeast corner of lot 24 in "Stallings Subdivision A Resubdivision of Stallings"; thence measure Southerly from said beginning point along the East line of lot 24 a distance of 20.0 feet; thence Westerly and parallel with the North line of lot 24 a distance of 90.0 feet; thence Northerly and parallel with the East line of lot 24 a distance of 20.0 feet to the POINT OF BEGINNING.

(Zoned: R-2 One-family residential) Inspection of Buildings and/or grounds may be done immediately prior to the sale with bidding to begin exactly at the specified time.

The property will be sold upon the following terms:

The real estate shall be sold to the highest and best bidder with the Board of Education of Community Unit School No. 9, Madison County, reserving the right to reject any or all bids of 10 percent of the bid price must be paid on the date of the sale. The balance of the money will be due within 30 days or upon delivery of a deed of conveyance or evidence of a deed.

Dated this 6th day of April, 1981.

Milwaukee area  
newspapers sold

Post Corporation has announced that Post Newspapers, Inc. the Milwaukee area will be sold to Hutchison Publications, owned by David E. and Thomas H. Hutchison.

The suburban newspaper group has been published by Post Corp. since 1964 when it bought the West Allis, Wis. Star.

Both Hutchison brothers managed the group for Post during its ownership. Thomas from 1964 to 1967 and David from 1968 to 1977.

David Hutchison will be editor and publisher under the new ownership. Thomas Hutchison will remain as general manager of WLUC-TV, Green Bay, which is owned by Post.

The new owners are to take over May 1.

District rids itself  
of Cahokia trunk line

By LISA LUTZ  
Of the Press-Record

The Village of Cahokia and the Commonwealth of Cahokia Public Water District are now the owners of seven sewer lift stations and the Cahokia trunk line sewer, formerly owned and maintained by the Metro-East Sanitary District.

Keys to the lift stations were turned over to the bodies last week after a resolution was passed by Commonwealth to accept responsibility for the system.

Cahokia had passed such a resolution earlier.

The lift stations, when previously owned by the sanitary district, were a great expense, officials said.

Also, an 8 1/2-inch diameter trunk line, which serves more than 30,000 persons, was built about 18 years ago and, since then, has been a source of costly maintenance. The lines have developed many cracks in the past and they are 25 feet underground, making repairs difficult.

Walter "Shang" Greathouse, president of the sanitary district's board of commissioners, said he is happy the district has been relieved of the financial burden. "It's like a monkey off of our backs," said Greathouse, adding, "The utility bills alone were running \$18,000 a year."

To repair the trunk leaks will cost an estimated \$400,000. The Environmental Protection Agency will provide 75 percent of the money and the other 25 percent will be the responsibility of Cahokia and the Commonwealth.

Repairs will take approximately nine months to a year, according to the Hurst and Rosche Engineering firm.

Although this transfer of ownership will relieve the sanitary district of financial obligation, assessments and funds continue to drop and more money needs to be generated, according to Greathouse, and that is what he intends to do.

The district is starting to collect easement debts from utilities, pipeline companies and others. Most of the easements are about 25 years old. Mrs. Helen Christlieb, district clerk, said she found 60 easements that are past due, 17 of which are owed by Union Electric.

The companies asked to pay these back easement obligations are not pleased; however, there is no disputing the fact of their indebtedness to the sanitary district, according to Greathouse.

The district is also trying to automate pump stations, as this would also generate

more dollars. The district had specifications for the automation drawn up and has submitted the plans to the U.S. Army Corps of Engineers.

After studying the proposition, the Corps told the district that a 1944 bill passed by Congress dictates that station pumps be manned by hand.

Greathouse informed U.S. Congressman Melvin Price (D-East St. Louis) of this situation and an amendment

will most likely be passed in three weeks, Greathouse believes.

Automation will cost approximately \$600,000 and the Corps may be expected to pay the full cost.

Greathouse believes the combination of cost-cutting and increasing income is reducing the sanitary district's indebtedness and hopes to have the once, "deeply in debt" district in the black in the near future.

Professional experience  
program helping students

By DAVE PROTERFIELD  
Every spring, graduating college seniors are told they "need experience" to get the job they want.

It's a frustrating statement that causes young and ambitious graduates to wonder what they could have done during four years of college to get better prepared for the job market.

At SIUE, the Professional Experience Program (PEP) enables students to get the necessary job experience most employers want. The jobs offered through PEP are full-time, salaried positions, related to the student's discipline.

Delana Huels, Carlyle, a senior majoring in business, is among 115 SIUE students participating in PEP. The students are employed in one of 28 companies in this metropolitan area.

Since June 1979, Miss Huels has worked at Monsanto Co. for six-month periods in management information systems department, the center of all computer information for the company.

Through PEP she is receiving the equivalent of 18 months of work experience. It will take her five years instead of four to complete her education, but she thinks it's well worth the time.

"I think I learn more at my job in six months than in two years of college," she said.

"The opportunity gives me a chance to work on a professional basis and at the same time get the necessary

skills and training from college."

At Monsanto, Miss Huels also receives the job training and company computer courses. The classes are conducted independently in a microfilm library.

Each year that she returns to Monsanto, her responsibilities are increased. "During my first work session I was a computer operator, and my second work period involved the technical operations of computers," she explained. "For her final job session this June, she'll be programming computer."

After graduation in the spring of 1982, she hopes she'll be hired by Monsanto on a permanent basis.

"Most students are offered jobs after they graduate by the companies they work for through PEP," she said.

Robert Schutzius, director of PEP, said almost 85 percent of the students who work at least two six-month periods are asked to return to their sponsoring company. "The program offers students a chance to get job experience and earn money, and often gives them a starting point in their careers," he concluded.

To enter the program, students are interviewed on a competitive basis by company representatives for jobs. Those who would like to participate in PEP during the upcoming fall and winter quarters may contact Schutzius at 692-3840.

## State assisting industry training

A state-funded program which pays a portion of the salaries of new workers while they are being trained has helped create more than 500 jobs in Illinois since its beginning last year.

The Illinois Industrial Training Program pays the state's agreed salary portion of workers in training. Payment goes directly to a firm, which then adds its salary commitment and writes the payroll checks.

"ITP is a streamlined, cost-effective method to help Illinois industries expand and to lure new industries into Illinois," John W. Castle, director of the Department of Commerce and Community Affairs, explains. The DCCA administers ITP.

In a recent example, ITP contracted with Blaw-Knox of Madison to train 100 workers.

Illinois will pay the firm \$43,000 to train the workers

who, according to DCCA, will return \$210,000 to the state in various taxes during just the first year of their employment.

"In one year," Castle said, "these 108 will have paid in to the state far more than the cost of their training; will have secured well-paying jobs; and will, of course, continue to contribute to the economies of their communities and the state."

"A hundred new jobs can mean 100 new households; 400 new residents; \$1.1 million more in bank deposits; \$1.7 million more in retail sales; and 78 more support service sector jobs."

Individuals and firms wishing more information on ITP may write or telephone Industrial Training Program, Illinois Department of Commerce and Community Affairs, 320 W. Washington St., Springfield 62706, telephone 217-785-3206.

## TV show on youth employment project

Don Young and Mark Somma, youth counselors of the Madison County Office of Manpower Development, will appear on the "Coffee Break with Gregg McGee" television program. They will present a videotape produced by Somma that explains the Operation Turnaround program designed to provide employment for economically disadvantaged juvenile offenders.

The hour-long program will be shown in two parts. Part one will be shown on May 4, 5 and 6 at 10:30 a.m. and also at 6 p.m., May 6.

Young, Somma and two of the juvenile participants of Operation Turnaround will be featured on part two of the program May 11, 13 and 15 at 10:30 a.m. and also at 6 p.m. May 13. The programs will be shown on South-Western Cable TV on community access channel 1.

Shirley Wiemers, coordinator of youth programs for Madison County, initiated Operation Turnaround, and has received the support of the County Board, chaired by Nelson Hagnauer, and Dan Churovich, director of Madison County Manpower Development. Turnaround is funded through the U.S. Comprehensive Employment and Training act.

## GIRL HIT BY CAR

Lia Mendoza, 7, of 2452 Kilmer Drive, was admitted to St. Elizabeth Medical Center after her bicycle was struck by a car at 28th Street and Washington Avenue at 5:35 last week. The auto, driven by Michael Zarlingo, 3220 Willow Ave., skidded approximately 25 feet, but was unable to avoid the accident. The girl suffered abrasions to her right shoulder and knee.

Drive a safe bike. Have it inspected to ensure good mechanical condition. Drive your bike defensively; watch out for others.

## GC Steel water purity earns top state award

First place among Illinois water pollution-control programs has been awarded to the Granite City Steel (GCS) Division of National Steel Corporation.

In ceremonies in Springfield last week, GCS won the "outstanding achievement award for an industrial pollution control program" from the Illinois Association of Water Pollution Control Operators.

Granite City Steel was one of five facilities in Illinois nominated for the award last October by the Illinois Environmental Protection Agency.

Judges in the industry wastewater competition were officials of the Illinois EPA and the presentation was made by Roger Kanerva, manager of the EPA's Water Pollution Control Division.

The award was accepted by J. R. Parmley, general superintendent of maintenance, on behalf of GCS.

The awards were presented at the annual conference of the Illinois Association of Water Pollution Control Operators. Several hundred people attended the three-day meeting at the Holiday Inn East in Springfield.

The award is a large traveling trophy. Upon learning of GCS's victory in the competition, Granite City Steel President James V. Stuck said, "This is one of the most important awards we have ever won, and we consider it quite an honor."

"National Steel Corp. has spent many millions of dollars here for environmental control, and it's good to know that those efforts are being recognized and appreciated."

Dr. John G. Manda, GCS

vice president - environmental control, added, "We are most pleased to receive this major award, because our people have spent untold time and energy on environmental control, and we appreciate this recognition of their efforts."

"The wastewater treatment program at Granite City Steel is one of the best in the industry, and it is doing an excellent job, thanks to

the outstanding people who operate it."

"In fact, the water we put into Horseshoe Lake is much cleaner than the water we take out of the Mississippi River for use in our plant."

GCS uses about 70 million gallons of water each day for its various operations. The water is circulated as many as five times in its journey through the plant; 25 million gallons of water per day are pumped from the river and finally discharged into the lake after going through the water treatment plant for removal of impurities.

## Scholarship to Madison youth

Winners of Children of Veterans county scholarships in Madison County have been reported to Harold E. Briggs, regional superintendent of schools, who accepted applications for these scholarships last December.

Three scholarships are available in Madison County, awarded primarily on the basis of scores made on ACT examinations, with preference given to children whose veteran parent is deceased or disabled. They exempt the winners from tuition for four years at the University of Illinois.

There were 18 applicants from this county. For Madison County, the winners this year are:

Child of veteran of — World War I: No applicant.

World War II: Matthew Thomas, 1633 Sixth St., Madison.

Korean War: Jana V. Loen, Edwardsville.

Vietnam War: Larry D. Mills, Marine Rural Route One.

## PLAN SEMINAR PURCHASING AGENTS

Company buyers who want to strengthen their purchasing skills may benefit from a seminar May 6-8 in St. Louis, given by the Center for Management Studies of SIUE.

The seminar will be led by Myron E. Frye, vice president for Maremont Corp. in Chicago. It will meet from 9 a.m. to 4:30 p.m. each day at Musial and Biggie's Airport Hilton Inn. The tax deductible fee, including luncheons and meeting materials, is \$550, payable to SIUE.

## NAMED IN WARRANTS

Sandra D. Rouse, 30, of 2008 Bryan Ave., booked by police last week on warrants alleging criminal trespass and petty theft, was released on \$352 cash bond.

She was charged the previous day with criminal damage to property, being released on a notice to appear at a hearing May 29.

## Kindergarten registration at Venice school May 6

Kindergarten registration for the 1981-1982 school year will be held at the Venice Elementary School on May 6, from 11 a.m. to 5 p.m.

Any child who will be five years of age on or before Dec. 31, 1981, is eligible to enroll in kindergarten. Kindergarten classes are held at the Venice Elementary School. There are morning and afternoon sessions each day.

A birth certificate and immunization record are to be presented at the time of registration. Hospital records are not accepted. These must be presented before actual attendance can begin in the fall.

Illinois law states that no child may enter school for the first time without the following immunizations: whooping cough, diphtheria, tetanus, poliomyelitis, rubella (measles), and rubella (2-day measles). Exceptions are made only for religious or medical reasons.

Physical and dental examinations are also required before attendance in kindergarten. These forms are distributed to parents at the time of registration so that appointments for the exams can be arranged during the summer.

The school nurse will be available at the time of registration to explain health regulations to parents and also to review the immunization record.

The child being registered is to accompany the parent. Any questions concerning the registration can be answered by calling Venice Grade School at 877-5966.

The third annual Early Childhood Screening is scheduled (May 6) in conjunction with Kindergarten

registration. Vision and hearing, speech and language, cognitive skills and fine and gross motor development will be checked. Any child between the ages of 3 and 5 is eligible for the screening. Those who want a child to participate in the screening, may call the Venice Grade School (877-5966) for an appointment. Calls should be made May 1, May 4, or May 5 for an appointment. This service is free and takes approximately 30 to 60 minutes, a spokesman said.

## JEFFERS WILL LEAVE STATE CABINET POST

Governor James R. Thompson accepted the resignation of James S. Jeffers as director of the Department of Rehabilitation Services on Tuesday, effective June 1. Jeffers wishes "to pursue career opportunities beyond the scope of those currently or likely to be available in state government."

In a letter to the director, the governor said: "Although I understand your desire to further career opportunities in areas other than state government, we in Illinois are losing a talented director and a person who has made significant progress in bringing the two-year-old department to cabinet-level status—the first of its kind in the nation."

## FORGERY PROBATION

Two-year probation was ordered this month by Circuit Judge A. A. Mateosian for Byron Lamar Bell, 18, of 903 Bissell St., Madison, on a Dec. 19, 1980, forgery case filed by the Illinois Bureau of Investigation. Restitution of \$734 also was ordered.

## Bike safety emphasized

Bicycle safety is being emphasized for the May observance of American Bike Month. Tips include: Handbars and seats should always be adjusted to fit the bike driver, and tightened.

Chains should always be kept lightly oiled and the May observance of American Bike Month. Tips include: Handbars and seats should always be adjusted to fit the bike driver, and tightened.

Check tire treads to make sure there are no stones or glass bits lodged there. Obey all applicable traffic regulations, signs, signals and markings.

Observe all local ordinances pertaining to bicycle operation. Keep right, and drive with traffic, not against it. Drive single file.

Watch out for drain grates,

soft shoulders and other road surface hazards. Be watchful for car doors opening, or for cars pulling out into traffic.

Don't carry passengers or packages that interfere with your vision or control.

Never hitch a ride on a truck or other vehicle.

Be extremely careful at all intersections, particularly when making a left turn.

Use hand signals to indicate turning or stopping. Protect yourself at night with the required reflectors and lights. Wear white clothing at night.

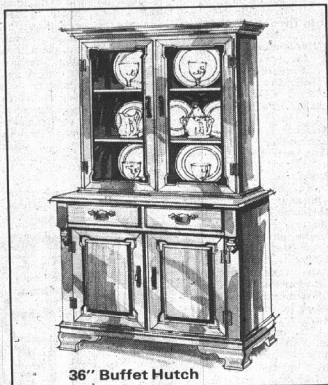

Drive a safe bike. Have it inspected to ensure good mechanical condition.

Drive your bike defensively; watch out for others.

## The more you expect from your dining room furniture, the more you need our Tell City.

Of course you expect good looks. But your needs don't stop there, and neither does our Tell City. It's company-pretty, but it's family-practical, too. So practical, thanks to exact-match Formica tops, that tables can be used for homework or hobbies and still come up beautiful.

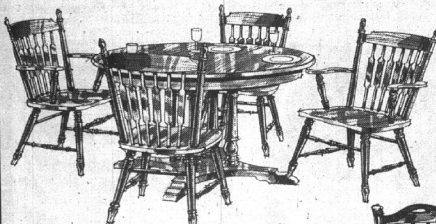

For the years of use you expect, quality is built in. Everywhere you look. And in lots of places you can't see. Tell City craftsmen use only hard rock maple and incorporate all the fine furniture construction features. They finish every piece with a multi-step process that makes them simply glow! You'll want to see both finishes, the traditional Andover maple and the darker Rumford. Come see our many, many choices. The more you expect from your dining room furniture, the more you'll find that Tell City fills the bill.

## SEMC to dedicate expansion

For almost three years, the sound of jackhammers has filled the air; dust from the destruction and construction of plaster board wall, has resettled in the hallways as soon as it is cleaned; the associates, patients and visitors have been detoured from their routine traffic patterns.

But finally, after almost three years, the jackhammers will soon be silent; the halls will be dust-free and everyone can once again settle into a regular routine. The most extensive construction and renovation project in the history of St. Elizabeth Medical Center is nearly complete.

The dedication ceremony for all new and renovated areas will be held at 1 p.m. Sunday, May 3 at the Washington Ave. entrance to the Medical Center. Both the ceremony and the open house which follows, from 1:30 to 3:30 p.m., are open to the community.

Ground was broken on May 25, 1978 for the \$18 million project. The expansion represents another step in

building SEMC's tradition of quality health care throughout the Quad-Cities community, a spokesman said.

The building project includes the renovation of the medical records department, laboratory, the physician's library and lounge and the personnel and employment office. The third floor of the Binney Wing has been remodeled to create the intermediate cardiac care unit. A new power plant was built and the food service area has been enlarged. This included the construction of a new cafeteria.

The program also included the construction of a new wing, which bears the name of the Catholic hospital's founder, Father Peter Kaenders. Father Kaenders purchased the Granite City Hospital in 1911 from the Lutheran Hospital Association and renamed it, St. Elizabeth Hospital. In 1921 Father Kaenders sold the hospital to the present owners, The Sisters of Divine Providence.

The Kaenders' Pavilion houses many

of the medical center's supportive services, as well as the expanded emergency care and X-ray department and the hospital's new lobby.

The supportive departments include the business and admitting offices, social work, pastoral care, industrial medicine, out-patient, security, the coffee and gift shops, maintenance, print shop, switchboard, storeroom, ICU waiting room, and the public relations department.

The expansion and renovation program is a tribute to SEMC to continue its concept of total patient care, embracing the physical, emotional, social and spiritual needs of all patients.

Following the dedication ceremony, tours of all new areas will be provided. The presentations "So Fine," describing the history and growth of SEMC and Granite City and "Building on Traditions" paying tribute to the people and traditions of the Medical Center will be shown.

## 16th Slavic dinner May 9

Slavic and East European Friends of Southern Illinois University at Edwardsville will hold their 16th annual conference Saturday, May 9, beginning at 2 p.m. on the university campus.

The conference will include an exhibit of Lithuanian, Slovak, Slovene and Serbian books from the Slavic-American Imprints Collection in Lovejoy Library from 2 until 3 p.m. Three slide presentations will be shown in the Science Building auditorium, beginning at 5 p.m. Presenters are John Siller on "Slovenia," Zigmaz Grybinus on "Lithuania" and Stanley Kimball, a professor of East European history, on "All East Europeans in the Metropolitan Area."

The organization will hold its annual meeting in the auditorium beginning at 4 p.m. Guests will be welcome to attend the meeting.

Three ethnic performing groups will entertain the conference audience on the north patio of the University Center. In the event of rain, the performances will be held at the Religious Center.

The East European Ethnic Heritage Program at the university will present a cycle of dances from Vazec, Slovakia, Slovenian national folklore, and Serbian folk traditions. Lithuanian folk dances will be presented by a group from Caseyville.

The banquet is scheduled in the Mississippi-Illinois Rooms of the University Center at 6:45 p.m. May 9. Kimball will be the keynote speaker.

The ethnic dinner will include Slovene "Pecna Juba" (beet soup), Polish marinated carrots, Slovak chicken paprikash, Lithuanian "Kugala" (potato loaf), Serbian green beans and Polish "serowiek" (cheese cake).

Beginning at 9 p.m., conference participants will be entertained by the Button Box Players, who will perform Slovene traditional music as it is still played in Europe.

The Slavic and East European Friends of SIUE was formed to preserve and foster the culture and

## Sunflower pageant for region to be May 16

The Illinois-Missouri Sunflower Pageant will be held Saturday, May 16, 9 a.m. — all day at the Hartford Recreational Building, Hartford, Ill.

Contestants will be judged on an individual interview; modeling a party dress (formal for 11 years and older); and modeling a sportswear outfit. Contestants are to wear white slacks and official Sunflower T-shirts for their interview.

Talent competition is judged separately and must be three minutes or less. Contestants may enter modeling and talent or may enter either separately. Talent and beauty winners each receive a crown, banner, trophy, flowers, gifts and entry fee to the National Sunflower Pageant to be held in Las Vegas, Nev., the last week of July, 1981.

For more information on the Illinois-Missouri Sunflower Regional Pageant, Quad-Cityans call Sheila MacLaughlin (618) 451-1577. Deadline for entries is May 9.

## New assessment objection rules

Madison County will begin using a strict set of guidelines May 1 to handle protests of property assessments, it was announced Friday by Madison County State's Attorney Dan Weber. Weber, whose office has been investigating allegations of improper use of certificates of error to reduce some home assessments, said Friday, "It is the position of the state's attorney that the methods used prior to this date to contest real estate assessments are subject to abuse and not consistent with the law of the state of Illinois."

"To conform Madison County to the requirements of the law and to eliminate areas where abuse in assessment practices is possible, the following policies will be effective as of May 1," Weber said.

The new guidelines prohibit the use of certificates of error, except to correct an error in computation or other matters of a clerical or mathematical nature, or to allow a residential exemption under Senate Bill 1790, in certain cases.

No certificates of error will be issued for errors in judgment as to the valuation of properties. Nor may certificates of error be used for special sewer district number one taxes, for prior years, or at any time after a court judgment for delinquent taxes has been entered.

Certificates of error challenging computation or other matters not involving valuation will require a hearing before the board of review before they can be granted, according to the new guidelines.

Instead of using certificates of error to protest property assessments, Weber suggests meeting with the local township assessor and requesting an adjustment. If that fails to satisfy the property owner, he may file a written complaint with the Madison County Board of Review within 30 days of legal publication of assessments. The Board of Review then will set a hearing date.

If the decision of the Board of Review is not satisfactory, the property owner then may either file an appeal to the State Property Tax Appeal Board or may pay his taxes by the due date under protest and object to the treasurer's application for judgment when it is issued.

If an appeal to the state appeal board is filed and the decision of the board is unsatisfactory, the property owner may file with the courts for an administrative review.

If, instead, the taxpayer has paid his taxes under protest and objects to the treasurer's application for judgment, he should schedule a conference with the state's attorney's office within 90 days to determine the valuation of his property.

If that decision is not satisfactory, a hearing will be held within 90 days. Finally, if still dissatisfied after the hearing, the taxpayer may file an appeal with the courts, Weber explained.

He warned, "A taxpayer should consider consulting an attorney before attempting to use the tax protest procedures."

Any taxpayer who would like a free one-page sheet explaining the protest procedure may send a self-addressed, stamped envelope to the state's attorney's office, 103 Purcell St.,

Edwardsville, Ill. 62025.

A more detailed set of procedures is available at the state's attorney's office, but the person obtaining the detailed document will have to pay for the actual photocopy costs.

"It is the opinion of the state's attorney's office that these procedures, if followed, will eliminate favoritism and abuse in the tax assessment process. Matters concerning tax rates or assessments should be referred to the appropriate county officials who have authority in that area," Weber concluded.

Weber's outlining of the assessment objection procedures comes on the heels of his announcement last week that a criminal investigation and grand jury probe is underway into the procedures of the Madison County assessor's office and the county's Board of Review.

Members of the Board of Review have been subpoenaed to testify before the grand jury and two of the members, Terry Francis and Fred Finck, are known to have appeared. The jury adjourned last week without hearing from Board of Review chairman Robert Harris of Granite City, but that was because the grand jury ran out of time too soon.

Madison County Superintendent of Assessments James Barton has denied any wrongdoing and said he used the certificates of error only to correct improper assessments. Byron apparently concluded there were no law violations in the use of the certificates of error.

However, when Weber, a Republican, was elected, he reopened the investigation, which centers primarily on Democratic politicians.

time, according to Weber.

He said he expects the current investigation to be concluded within 30 days.

The investigation centers around a secret report prepared by the fraud and forgery division of the Illinois Department of Criminal Investigation (DCI) which was submitted to former state's attorney Nick Byron following a DCI investigation into the use of certificates of error to change property tax assessments.

Several prominent political names appeared on a list of persons whose home assessments had been reduced through the certificate of error process, the report notes. Byron refused to make the report public.

Madison County Superintendent of Assessments James Barton has denied any wrongdoing and said he used the certificates of error only to correct improper assessments. Byron apparently concluded there were no law violations in the use of the certificates of error.

However, when Weber, a Republican, was elected, he reopened the investigation, which centers primarily on Democratic politicians.

## Contracts for multi-purpose building OK'd

By PETE HAYES of the Press-Record

All contracts on the proposed multi-purpose building at Southern Illinois University at Edwardsville were approved by the Illinois Capital Development Board in Springfield and, according to the State Senator Sam Vadalabene of Edwardsville, it came none too soon.

The multi-purpose building at SIUE will house a gymnasium, classrooms, a swimming pool, laboratories, studios, offices, locker rooms, training rooms and special recreational facilities. It will be built along the service road that runs behind the main campus classroom building in the general area of Lovejoy Library. Construction on the proposed nearly-\$10 million project should begin shortly. It is expected to take about two years to build.

Vadalabene, who has worked hard to get an athletic facility at SIUE for more than 14 years, was gratified as he spoke from his office in Springfield. "This is a tremendous success for me," he said. "But what satisfies me the most is that SIUE will now be a total university. Students can go to SIUE and participate in physical education programs they couldn't before," said Vadalabene. "It will mean tremendous training for our students. We can now have major athletic events from all over the United States in our area."

The general contract for the construction project was awarded to

Azzarelli Construction of Kankakee, Ill., with a low bid of \$6,224,278. Plumbing and heating contracts were awarded to Kane Plumbing and Heating of Wood River. The bid for plumbing was \$747,000. The bid for heating was \$571,755. The ventilation contract was awarded to Francis Plumbing and Heating of Edwardsville with a bid of \$558,860. The contract for electrical work on the project was awarded to U.D.E. Inc. of St. Louis which submitted a low bid of \$700,000. Bids totaled \$8,801,913.

To say that SIUE's athletic community wanted the facility would be an understatement. The SIUE men's and women's basketball teams have had to play all of their home games at the Edwardsville High School gymnasium. They also have had to schedule their practice sessions either late at night after the EHS teams were finished with the gym, or at the SIUE "bubble gym," an air-inflated building located on the school's campus which is used mainly for intramural sports and recreational activities. After completion of the multi-purpose building, the bubble gym will most likely be taken down.

According to SIUE Athletic Director Ed Bigham, athletics will not be the only area to benefit from the multi-purpose building. "We don't want to overlook the fact that this will be a MULTI-PURPOSE building," said Bigham. "There will be classes held

(Continued on Page 6)

## End list for natural gas

Illinois Power Co. has notified the Illinois Commerce Commission of its intention to issue gas permits to 10 large industrial applicants who have permit requests on file with the commission.

Because the release will completely eliminate the waiting list for gas service contracts that formed when Illinois Power Co. filed a controlled attachment plan on July 7, 1970, the company hopes to issue gas permits upon application to all except extremely large industrial applicants, according to Kenneth W. Robertson, director of gas supply at Illinois Power.

All of IP's five pipeline supplies are now able to deliver full requirements under existing contracts, Robertson said. Improved pipeline supplies and a continued strong conservation effort by customers have enabled the company to eliminate the waiting lists for gas service and to issue gas permits on a current basis, he added.

# SILEC to bring 'eye-opening' drug-abuse seminar here

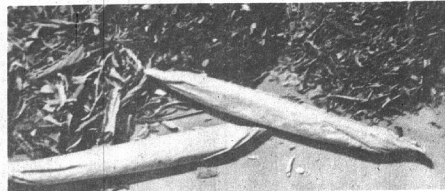

Residents planning to attend the May 4 drug and alcohol abuse program are being warned to be prepared for "a shock they won't forget," planners said this week as the final agenda for the evening program was released.

The "Community Dangerous Drug and Alcohol Update Program" will be presented by the Southwestern Illinois Law Enforcement Commission Mobile Team under sponsorship of the Granite City mayor's office, the police department, the school district, the Tri-City Area Chamber of Commerce's Crime Prevention and Control Committee, the Granite City Ministerial Alliance and the Madison County Drug and Alcohol Council.

The program, to be held at in the auditorium of Tri-City Park Tabernacle, Maryville Road at Clark Avenue, will center on the shocking film, "Dead is Dead," which vividly portrays the dangers and consequences of drug and alcohol abuse. Parents are being advised to consider obtaining a baby sitter that night for younger children, due to the nature of the film.

Specially-selected speakers will address many facets of drug and alcohol abuse, including its medical, social and spiritual consequences, its effect on education and how law enforcement is attempting to deal with it.

Law enforcement speakers will include J.W. "Skip" Bennett, training

coordinator for the SILEC Mobile Team, S.A. David Palmer, squad leader for the Northeastern Metropolitan Narcotics and drug Enforcement Group of Elmhurst, Ill., Jim Nichols, new director of the Metropolitan

Enforcement Group for Southwestern Illinois (MEGSI), and Granite City Chief of Police Ronald J. Veizer.

Medical and social effects of drug abuse will be discussed by Jim Brandenberger, R.N., coordinator of the Chemical Dependence Unit of Weldon Springs Hospital, St. Charles, Mo., and Mrs. Jean Schram, coordinator of Youth Services for the Madison County Council on Alcoholism and Drug Dependency.

James Dumont, principal of Granite City High School South, will discuss the effects of drug abuse on the educational environment and Dr. Thurnace York of Tri-City Park Tabernacle will discuss

the spiritual aspects of drug and alcohol abuse and what churches and ministers are doing to combat it.

The program will begin at 7 p.m. and last until 10 p.m. There will be a break in the middle, during which coffee will be served.

There is no charge for attending the training program and parents and professionals who deal with children are encouraged to be present.

"This information alert program should be of vital concern to any city official, school administrator, teacher, parent, social worker, minister, police officer and others who care about the future of our children," Chief Veizer commented.

**DEB TOMLIN** of Edwardsville won a Radio/Cassette Player

## Earls is expanding

Earl's Sports is again expanding its operations. Friday, the plans were announced to open a new store at St. Clair Square in Fairview Heights Friday, May 1.

Approximately 25 years ago, Earl's was a surplus store, managed by Earl Harris, who now is owner and president of the chain. The store then moved across the street to its present location on Niedringhaus

Avenue 12 years ago.

Recently, the company celebrated its 10th anniversary. Earl's Sports, located at 3675 Nameeki Road, was the first addition to the chain. Both of the sport branches will feature a full line of running shoes, athletic wear, backpacking gear, exercise equipment and hundreds of other items, according to Harris.

The Fairview store will be located next to Six, Baer & Fuller, in the upper level. The space formerly was occupied by Woolsey Sports.

## Hiring Ban

California, where opposition to Chinese immigration had been particularly strong, adopted a new constitution on May 7, 1979, that forbade employers to hire Chinese workers.

## Grave markers for veterans

Families of veterans who select a burial site for a deceased veteran in a private cemetery have two options for Veterans Administration assistance in marking the grave, the VA is reminding them.

VA will provide a headstone or marker free of charge and ship it to the consignee designated on the application. Cost of placing the marker in a private cemetery must be borne by the applicant, however.

A second option is that VA will reimburse part of the cost of a headstone or marker bought privately and placed on the grave of a veteran. The current amount is \$99, which is the average cost of headstones purchased by VA.

Application for the VA headstone or marker may be addressed to: Director, Monument Service (42), Department of Memorial Affairs, Veterans Administration, 810 Vermont Ave., N.W., Washington, D.C. 20460.

An application for the \$59 reimbursement for a marker other than the VA standard is to be filed at the nearest VA regional office. Proper routing of the application will expedite service, it was noted.

## GAS PLAN

California Gov. Edmund Brown Jr. signed a proclamation of emergency on May 8, 1979, that wrote an "odd-even" gasoline distribution plan into state law.

# Win instant cash and prizes.

## Play Pepsi Pay-off.

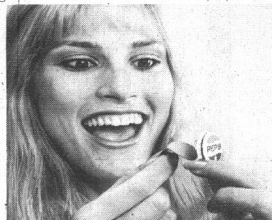

## Take it off.

If your next Pepsi\* has a star on its cap, go ahead... take it off! Take it off, and you've got a chance to win one of thousands of prizes. It's the Pepsi Pay-Off Game.

## Just peel back and enjoy the show.

Go on, peel back a cap liner and take a peek. You might win a TV. Peel another, maybe you'll find a new bike. Don't stop now. You could even peel yourself some instant cash.

## WIN \$500!!

Some Pepsi Pay-Off caps have letters underneath. If the caps you collect spell out PEPSI SPIRIT, you win yourself \$500!!

## Get in the act.

Just go down to any participating store for your Pepsi Pay-Off caps and check out the display for all the details. Play Pepsi Pay-Off. And peel yourself a winner!

## Dudley steps down as SIU-E cage coach

Special to the Press-Record  
EDWARDSVILLE—Jim Dudley, head basketball coach at Southern Illinois University at Edwardsville, announced his resignation, effective June 30.

Having compiled a record of 146 wins and 143 losses in his 11 seasons at the University, Dudley said his plans for the future are indefinite, but he expressed a desire to have more time with his family while looking at some other employment possibilities.

"I'd like to develop a little more regularly in my schedule and devote more time to my wife and two sons," Dudley said. Dudley, who has tenure as an instructor in the department of health, recreation and physical education, said he is giving serious consideration to going back to teaching on a full-time basis.

Commenting on the announcement, Athletic Director Ed Bigham said, "Jim Dudley has been a great recruiter for SIUE and has had a winning record despite the handicap of not having a gymnasium. I'm sorry

JIM DUDLEY

about his resignation, but I understand his wish to try something different."

Dudley said he has been pleased with the development of the basketball program at SIUE, even without a gymnasium. "We have competed against some of the most outstanding teams in the country," he said. "The strength of our schedule has brought national recognition to the

University and has earned consideration for several trips to NCAA post-season competition. It speaks well for the dedication and hard work of our players during these 11 years, who gave the program their best effort in the most difficult circumstances."

Prior to joining SIUE, Dudley coached three years at Lake Land College, where his teams posted a record of 65 wins and 22 losses. He also served as an assistant coach at Eastern Illinois University one year while completing his master's degree and previously had coached and taught at three northern Illinois high schools for eight years—Riverdale, Riverside-Brookfield and Lake Park.

A native of Farmington, Ill., Dudley received his bachelor's degree at Lake Forest College. He has done graduate work at Western Illinois University, Chicago Teachers College South and Northern Illinois University. In addition to completing his master's in education at Eastern Illinois University, the former Carol Jean Loebach of Edwardsville.

## Army offers student loan forgiveness

For those who have a National Direct or Guaranteed Student Loan, part of the loan will be forgiven for each year served in the Army or Army Reserve, if the student enlists before Oct. 1, 1981. Either \$1,500 or one-third of the outstanding balance, whichever is greater, will be eliminated from the loan for each year of service in the Army. After three years of service, the entire loan would be excused.

Army Reserve enlistees can reduce their student loans at the rate of \$500 or 15 percent per year of service, whichever is greater. "The loan forgiveness program offers an education a reward for their educational achievements," says Lieutenant Colonel Joseph M. Lukitsch, Army St. Louis district recruiting commander.

To qualify for the program, enlistees must be high school graduates enlisting for certain skills. Student loans must have been made after Oct. 1, 1975, but before military service is performed. Enlistees who choose certain selected skills can also receive cash bonus of up to \$5,000 in the Army and \$1,500 in the Army Reserve.

## Flight nurse at Scott base

Air Force Reserve Second Lieutenant Janis C. Vitale, daughter of Mr. and Mrs. Clarence Etheridge of 15 Terrace Lane, Granite City, was awarded silver wings upon graduation from the flight nurse course at Brooks Air Force Base in Texas.

Graduates of the course, already fully-qualified Air Force nurses, received specialized training in aeromedical evacuation techniques. Lieut. Vitale, a flight nurse, will now serve at Scott Air Force Base, Belleville. She received an associate degree in 1978 from Lincoln Land Community College in Springfield.

## DaNita Taylor to graduate

Miss DaNita Renee Taylor, a Madison High School graduate, received a Certified Registered diploma at graduation ceremonies of Hickey Secretarial School held during the weekend at the Sheraton Hotel in downtown St. Louis.

She completed a business and secretarial 10-month course at the St. Louis school and plans to continue her education in the medical secretarial field this fall.

INAUGURAL BALL The first inaugural ball was held in honor of George Washington in New York City on May 7, 1789.

AAA Maintenance—Carpet Cleaning—Call 931-0420

In Good Spirits!  
by GEORGE CREWS

There is more difference between white and red wines than just the color of the grapes! The taste of white wines is really different, and that is largely because of the fermentation process. Because white wines do not need to pick up color from the skin of the grapes, the grapes are pressed immediately and the juice ferments away from the skins. The result: white wines contain less tannin than do the reds, since tannin is derived primarily from the skins which stay on the red grape longer. Tannin is an important part of fine red wines, giving them what might be called a slightly astringent or "pucker" taste. The absence of tannin from the whites gives them their characteristic, slightly sweeter taste, which should also give you a guide in your pursuit of a wine to delight your own individual taste.

## Hart to speak

GRANITE CITY—Jim Hart, quarterback of the St. Louis Football Cardinals will be the featured guest speaker at a YMCA fundraiser May 20 at the Tri-City Area YMCA.

Hart was recently named the recipient of the coveted Brian Piccolo-YMCA Award for Humanitarian Service at ceremonies in Washington, D.C. The award, named for the former Chicago Bears football running back, is given annually by the National Council of the YMCAs to a sports figure who has rendered exceptional community service. Hart, his wife, and children, are long time members of the West County YMCA in St. Louis. He has coached youth sports at the West County YMCA and currently serves on its Board of Managers.

JIM HART

(Photo provided by Ed Seibel)

The program for the fund-raiser includes a buffet dinner and presentation by Hart. There will be an opportunity for youth and adults to have their pictures taken with Hart. Tickets are

available on a first come-first serve basis at the YMCA, Mendoza Sporting Goods, Tops & Bottoms, and at Lord Nelson's Men's Fashion Clothing, or from ticket sales chairpersons

Emylee Alford, Charlie Meyer, Rich Essington, Paula Case or Roger Neumann.

FREE CLASSES FOR PULMONARY PATIENTS A free program for persons with chronic obstructive pulmonary disease will be offered by the Pulmonary Rehabilitation Program of St. Louis University Hospitals from 7 to 9 p.m. May 11-14.

The course is designed to help persons with emphysema, chronic bronchitis or adult asthma take better care of themselves at home. It consists of six hours of lectures, discussions and demonstrations by physicians, physical therapists, respiratory therapists, nurses and other allied health specialists. The entire family is being encouraged to attend and participate.

The People's Choice award, based on the votes of all who visit the exhibits, will be announced Sunday, May 17 at 3 p.m.

The Town and Country Art Show is sponsored by the University of Illinois, the Cooperative Extension Service, and the Madison County Town and Country Art Committee. Local support is provided by Cottonwood Companies and the Illinois Lumber Company, Contract Division. Questions about the show or eligible exhibits may be directed to Geraldine Bower, University of Illinois Extension Adviser, at 666-8400.

## Town and Country Amateur Art Show to be May 15-17

The Madison County Town and Country Amateur Art Show will be held May 15 through 17 at Cottonwood Station Mall-upper level on Highway 139 south of Edwardsville. Show hours for the public are: May 15 at 7:30-9 p.m.; Saturday, May 16, 9 a.m.-9 p.m. and Sunday, May 17, 1 p.m. to 3 p.m.

Chairman for the 1981 Show is Carolyn Smith of Granite City. The show is an opportunity for amateurs to display their original art work for the public and to receive formal recognition.

Deadline for entering the show was April 22.

Rules for the show define an amateur as a person who (1) does art work as a pastime, rather than as a profession, (2) does not hold any degree in art, architecture, or similar arts, (3) is self-taught or has learned art skills through adult classes, (4) volunteers of charges nominal fee for instruction, if given, (5) receives less than 50 percent of income from sale of art work or services, and (6) participates in local amateur exhibits within the community, primarily for pleasure of showing and receiving recognition for work—not for purpose of sale.

Exhibits will be judged by a university art professor and winners will be eligible for regional competition in June.

# Cameras may be allowed in courtrooms

By MARK RESMANN  
Imagine viewing the "highlights" of a controversial murder trial in the comfort of your living room. Depending on Illinois Supreme Court action, cameras could be allowed in courtrooms for a one-year period.

This possibility comes in light of the recent U.S. Supreme Court ruling which said states are free to allow still cameras, TV and radio coverage of criminal trials even if defendants object.

The U.S. Supreme Court carefully noted that television has no constitutional right of access to the courts, unless authorized by a particular state court system. But it also said television is a responsible and nondisruptive journalistic medium.

That opened the door for electronic media's fight to demand equal access to the courts.

But area court officials and lawyers seem less than enthusiastic about allowing cameras into the courtroom. "It would detract from the legal process," said James Radcliffe, a criminal lawyer from Belleville. "The press adequately covers trials now."

Madison County Circuit Judge Phillip Barick agreed that the press is doing "a fine job" of keeping the public informed. He said cameras,

both still and T.V., would add to the problems.

"There's barely enough room for those involved in the proceedings without adding the people required to broadcast a trial," he said. "But whatever the Illinois Supreme Court decides, I'll be happy to abide by their ruling," he added.

Madison County Chief Judge Horace Calvo said he "recognizes the right of the public" but thought the facts of a fair trial should be

weighed against the public's right to be informed.

He said in many states currently allowing cameras in court, it is up to the presiding judge to determine when cameras would be allowed. He said he thought Illinois would probably follow the same procedure.

"Cameras can be disruptive not only because of bulkiness, but because they may hamper court proceedings," he said. "Many witnesses involved in

serious criminal cases are intimidated even before

T.V., with coverage it would be much worse." He said he thinks it would be a "hazard" to show portions of a trial on T.V., because the highlights might exclude contrary evidence viewed by the jurors.

"The only cases the media would probably think newsworthy would be those involving serious crimes. If both sides of the story were not told, the public could get

a unfair opinion of the defendant and could possibly

relay this feeling to the jurors. Calvo said this could lead to the sequestering of more jurors, something Madison County really can't afford. Added to the concern concerning camera coverage would be the number of cases appealed by defendants who said they received an unfair trial because of media coverage.

"In many cases the appellate court would be asked to declare a mistrial on the basis of media coverage. This could overburden the appellate courts with additional appeals," Calvo said.

The Illinois Supreme Court turned down a broadcast organization's petition for cameras in the courtroom in 1978. In light of the recent U.S. Supreme Court decision, journalism groups have asked the state Supreme Court to re-examine the issue.

# Downtown House Tour and Fair set May 3

by DONNA KIMBRO  
Older and restored homes built in the early 1900's along Delmar Avenue and Cleveland Boulevard, once known as "silk stockings row" in Granite City will be featured in the May 3 House Tour, sponsored by the Downtown Neighborhood Restoration Society.

This neighborhood is the oldest residential section in Granite City with many of the homes built for early prominent citizens including mayors, an architect, businessmen and school superintendents and faculty members.

Granite City was incorporated as a city on March 9, 1896 with a population of 992. During this time there were 100 brick houses built, fifty single family and fifty two family dwellings to accommodate families of workmen who settled here to work in the local plants during the industrial boom between 1894 and 1914.

Included on the itinerary of the tour is the Tri-City Area YMCA and five homes in various stages of renovation and restoration. The stately building constructed in 1924 to house the community YMCA has undergone several projects of renovation and remodeling during the years.

In 1957 work was completed on the locker rooms and swimming area. In 1966 the auditorium was reconstructed. During 1974 extensive work was done on the existing windows and the ceilings were dropped.

The building contains a gymnasium, health area for men and women which includes a sauna, steam room, and exercise rooms as well as the swimming pool and auditorium. In 1968 a basketball court was added to the facilities and the upper floors contain the business offices and sleeping rooms for men.

A house owned by Ralph and Ladonna Walden located at 2225 Delmar Ave. was built in the early 1900's as a single family dwelling. In later years, it was used as a two family dwelling.

The Waldens converted the house into a single family residence and began extensive work on the woodwork, which is now restored to its original beauty. There are stained glass windows in the dwelling and the latest project, turning a butler's pantry into a library is near completion.

At 2225 Delmar Ave. is the home of Pat and Alice Murphy at 2240 Delmar Ave., which features beautiful hardwood floors and unique kitchen cabinets.

The home is believed to

have been built in the late 1920's or early 1930's.

Eric Scott, Jr. and his son, Eric moved into a house at 2330 Delmar Ave. in 1979 and Mrs. Scott is in the process of remodeling the bedrooms in preparation to restoring the rooms to a comfortable living area.

A house, designed by Granite City architect Charles Pauley, at 2214 Cleveland Blvd., is owned by Bud and Debbie Jones. They have started removing layers of paint from the woodwork which is solid oak.

The four bedroom home has a formal dining room and was built in 1904. Focal points of the home is the oriental rugs and a deacon's bench in the foyer, and Bill and Mollie Beatty are the fifth owners of a two story brick townhouse built in 1913 at 2323 Cleveland Blvd.

There are three gas fireplaces in the house and an oak paneled staircase. A new kitchen was added to the rear of the house and the old kitchen is being converted into a family room.

The planning committee for the DNRS has arranged to have a bus for the tour day. Area residents interested in visiting the homes may board the bus at the Granite City Township Hall at 1 p.m. and will be transported to each of the display houses. The bus will continue to run until 4:30 in the afternoon.

In addition to the tour, a craft fair will be featured at Civic Park at 20th Street, Netherland Avenue and Delmar Avenue, where various craftsmen will demonstrate their skills. A wide variety of items will be on sale at reasonable prices, the chairman noted.

Another highlight of the craft fair will be a display by members of the Granite City Art Guild who also will be selling unusual hats at a cost of \$5.

Refreshments will be served at the Township Hall throughout the afternoon. Merle F. Price, DNRS, will be at the Township Hall and Family Thoughtfulness Center, or at the Township Hall on the day of the tour for \$3.

Area realtors will also host open house programs at homes in the downtown area during the day of the tour. Those participating will be Century 21, Granite City Realty Co., Remax, World Realty and Hocking Realty.

The home is believed to

## St. Mary-St. Mark school registration

St. Mary-St. Mark School will hold registration for first grade and for new students in grades 2-8 on the following dates:

Saturday, May 2: Registration will be held 10 a.m. to 12 noon at St. Mark's School in Venice for children of St. Mark's parish.

Saturday, May 9: Registration at any other venue, families are to call the school office for an appointment (877-8203). Sister Barbara, principal, said.

Registration will be held 10 a.m. to 12 noon at St. Mary's School in Madison for children of St. Mary's parish.

For registration at any other venue, families are to call the school office for an appointment (877-8203). Sister Barbara, principal, said.

## Examination of ballots supports Nameoki wins

Losing candidates in Nameoki Township were given the opportunity to examine the ballots in nine precincts Thursday night during a discovery session which lasted until midnight.

Precincts three, seven and nine were challenged by incumbent tax collector Freida Baller, who lost to Norman Hall for that position by only nine votes, according to the canvass. Precincts four, five and six were challenged by incumbent town clerk Douglas Teeter, who lost by 27 votes to Donald Ridgeway, according to the canvass, and precincts 10, 11 and 12 were challenged by unsuccessful trustee candidate Andy Besserman, who finished sixth in an eight-way race for four trustee positions. Besserman had 1,482 votes and needed 58 more to defeat W. Lee Adams, who had 1,540

votes, the canvass showed. Also challenging the ballots in precincts three, five and six was unsuccessful trustee candidate Jan Langenstein, who finished fifth in the trustee race with 1,502 votes, 38 votes less than W. Lee Adams.

Discovery requests by Richard Klimer, successful candidate for supervisor, and David Partney, unsuccessful tax assessor candidate, were refused by the election board, since neither's vote total was within the required five percent of their opponent's winning total.

Thursday night's examination of the ballots failed to show more than one or two votes difference from the canvass, the candidates agreed. The only three precincts not opened to discovery, precincts one, two and eight, were previously recounted by Madison County Clerk Evelyn Bowles under court orders.

## Curriculum workshops planned

Eight workshops will be held in the Granite City school district this summer to aid in further improving the caliber of instruction and updating the curriculum.

The planning was carried out by administrators and by members of American Federation of Teachers Local 743. The workshop schedule has been outlined to the Board of Education by Curriculum Coordinator Warren D. Collins. It consists of:

KINDERGARTEN, four persons, week of June 29-July 3; study and revise the kindergarten supply list.

ELEMENTARY, six persons, two weeks from July 6 to 17; develop a structural program for teaching of penmanship at the elementary level, including cursive and manuscript.

JUNIOR HIGH, six persons, two weeks from June 8 to 19; develop programs for gifted seminars at the junior high school level.

SENIOR AND SENIOR HIGHS, six persons, two weeks from June 22 to July 3; revise the content of existing art courses at the secondary level.

SENIOR AND JUNIOR HIGHS, six persons, two weeks from June 22 to July 3; revise the descriptions and content of present physical education courses and re-evaluate the program to ensure compliance with federal Title IX requirements.

HIGH SCHOOL LEVEL, six persons, two weeks from June 9 to 19; revise the course content in secretarial training and clerical training.

SENIOR HIGH SCHOOLS, six persons, two weeks from June 22 to July 3; study and develop programs for use of microcomputers in mathematics and science.

HIGH SCHOOL LEVEL, two weeks; revise the English curriculum under a federal grant.

"All of the workshops are in areas that have not been studied in recent years, and are areas of valid concern to our staff," Collins commented.

In other matters, the Granite City school district has applied for \$50,000 in state funds to underwrite the gifted instructional program for the 1981-82 school year.

Education officials are planning to hold a conference on the sixth grade, it is proposed to continue the present program of identifying and serving five percent of the pupil enrollment. The Otis

Lennon mental ability test will be included as an identifying instrument.

A qualifying score of 126 on the test has been established. Other instruments to be used stipulate an intelligence quotient of 130 or above.

IN GRADES SEVEN AND EIGHT, the gifted program will include a seminar class for students identified as a daily half-hour lunch period elective. Gifted facilitator representatives, counselors and principals from the three junior high schools have been active in planning such seminars.

THROUGH TWELVE, the top eight percent of students will be identified on the basis of test scores, teacher recommendation, standardized test scores, and student interest. It will then be determined in which specially designated courses, such as those known as "advanced placement" and "honors" sections, that these students will be served.

Gifted objectives, activities and evaluation procedures have been consolidated to identify and inform the public on topics concerning the school system, including financial special events, district-wide programs and the 1981-82 school calendar.

The spring reimbursement claim for vocational education will total \$100,000, representing half of the total district reimbursement to operate the vocational program.

Permission has been given to solicit funds for the American Cancer Society at the schools, with participation on a voluntary basis. The program is known as "send a mouse to college."

Band students in the fourth through twelfth grades are to participate in the ninth annual all-city band festival, with a public concert at 7:30 p.m. Saturday, May 16. Rehearsals for elementary, junior high and high school band students during the morning and afternoon of that day will be led by the guest conductor, Robert Allan of Illinois State University, Bloomington-Normal.

The GCHS South science club will travel to Branson and Round Springs, Mo. May 23-25 and the GCHS South Letterman's Club will go to the Lake of the Ozarks May 27-29. Both trips will be no cost to the school district.

Madison County Regional School Supt. Harold E. Brinkley has complimented the Granite City district on "the general condition of your school buses and the fine attitude and enthusiasm exhibited by your drivers. Their courtesy and cooperation is thoroughly appreciated."

The latest enrollment total is 10,272, with average daily attendance of 94.72 percent.

Those reaching 21 will be permitted to finish the school year in which they became 21.

Students eligible for graduation at the end of the first semester of a given year, based on credits earned, will be allowed to attend classes at the high school level during the second semester, subject to all regulations applicable to other students.

In programs other than graduation, the graduation requirement will be 18 units of work, including two majors and one minor. All students will be required to have seven semesters of English, one

semester of oral communication (speech), two of mathematics, two of science, one of consumer home management, two semesters of American history, one of civics, one of health and at least six semesters of physical education.

Depending on the program a student follows, certain requirements may be waived, the policy relates. Special education students will be determined eligible for graduation based on a multi-disciplinary conference. They will be subject to all rules applicable to other pupils.

The policy committee also has discussed the idea of exploratory leaves for certified employees, and the present term to further the concept back to the committee for additional evaluation. Under such leaves, individuals would be granted time off without pay to try out alternate career fields.

It has been decided to publish a school district newsletter in the last week of the present term to further inform the public on topics concerning the school system, including financial special events, district-wide programs and the 1981-82 school calendar.

The spring reimbursement claim for vocational education will total \$100,000, representing half of the total district reimbursement to operate the vocational program.

Permission has been given to solicit funds for the American Cancer Society at the schools, with participation on a voluntary basis. The program is known as "send a mouse to college."

Band students in the fourth through twelfth grades are to participate in the ninth annual all-city band festival, with a public concert at 7:30 p.m. Saturday, May 16. Rehearsals for elementary, junior high and high school band students during the morning and afternoon of that day will be led by the guest conductor, Robert Allan of Illinois State University, Bloomington-Normal.

The GCHS South science club will travel to Branson and Round Springs, Mo. May 23-25 and the GCHS South Letterman's Club will go to the Lake of the Ozarks May 27-29. Both trips will be no cost to the school district.

Madison County Regional School Supt. Harold E. Brinkley has complimented the Granite City district on "the general condition of your school buses and the fine attitude and enthusiasm exhibited by your drivers. Their courtesy and cooperation is thoroughly appreciated."

The latest enrollment total is 10,272, with average daily attendance of 94.72 percent.

Those reaching 21 will be permitted to finish the school year in which they became 21.

Students eligible for graduation at the end of the first semester of a given year, based on credits earned, will be allowed to attend classes at the high school level during the second semester, subject to all regulations applicable to other students.

In programs other than graduation, the graduation requirement will be 18 units of work, including two majors and one minor. All students will be required to have seven semesters of English, one

semester of oral communication (speech), two of mathematics, two of science, one of consumer home management, two semesters of American history, one of civics, one of health and at least six semesters of physical education.

Depending on the program a student follows, certain requirements may be waived, the policy relates. Special education students will be determined eligible for graduation based on a multi-disciplinary conference. They will be subject to all rules applicable to other pupils.

## Earl Lazerson delegate to national conference

The selection of President Earl Lazerson of Southern Illinois University at Edwardsville as the higher education delegate to represent the colleges and universities in Illinois at a national conference on educational quality, has been announced by Robert Benton of Des Moines, Iowa, president of the Council of Chief State School Officers (CCSSO).

The conference will convene August 2-7 in Colorado Springs, Colo., where the 50 chief school superintendents—one from each state—will discuss the key issues in education for the 1980s.

"Because of their deep concern about education at all levels, the 'chiefs' are education, one key college or university president from each state to join them at this historic conference," Benton said.

Describing the conference as a "summit meeting," the CCSSO president said it will be the first time the leaders of elementary and secondary education from every state will meet with their counterparts in higher education.

Benton, who is superintendent of public instruction for the State of Iowa, said the agenda will include discussions of the changing student patterns; curriculum, testing and evaluation; teacher training and assessment; state coordination and statewide evaluation.

"An outstanding faculty is being assembled, plus well-known speakers who will report on national trends," Benton said.

In addition, the State Higher Education Officers will be meeting at the same time and place and will join the conference in a number of sessions.

President Lazerson, who has been the University's chief executive officer since September 1979, announced in his annual address in February that one of his goals is to forge a strong partnership between the University and the common schools.

More than 100 school administrators, teachers, students and agency personnel from various sections of Illinois attended the first statewide conference on "Options in Alternative Education," held last week on the Edwardsville campus of Southern Illinois University.  
Participants expressed definite interest in the continuation of sharing information and resources through future conferences and newsletters published by the Illinois Alternative Education Association according to Donna Deisy of the local Alternative School staff.  
The conference was co-sponsored by Coordinated Youth Services of Granite City, Southern Illinois Law

**HONOR SGT. PRICE FOR PERFORMANCE**  
Marine Sgt. David W. Price, son of James N. and Marie F. Price of 932 St. Thomas Road, Mitchell, has been awarded a meritorious mast while serving at the 1st Marine Corps Service Support School, Camp Lejeune, N.C.  
A meritorious mast is an honor bestowed on an individual's commanding officer for superior individual performance. It is the highest award in the form of a bulletin published throughout the command, and a copy is entered in the command's permanent service records.  
**OATH REMOVED**  
The oath of allegiance to the British Crown was removed from the Irish constitution on May 3, 1933.

# SAINT ELIZABETH MEDICAL CENTER

Just For The Health of It...

## Please Join Us... Sunday, May 3, 1981

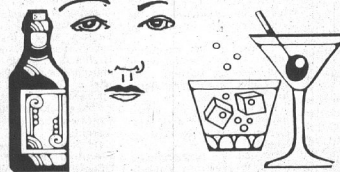

to share in the growth of our traditions...  
1:00 pm Dedication of Kaenders Pavilion  
1:30 pm Open House  
Tour of all new departments

The Illinois State Health plan, whose goal is the achievement of equal access to quality health care at reasonable cost, has designated 10 health care priorities for the State of Illinois.

In keeping with our tradition of caring for the community, St. Elizabeth Medical Center is responding to these health care needs.

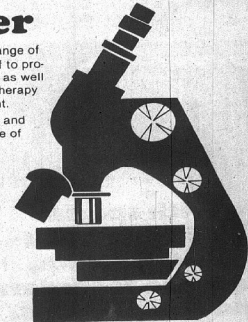

## Alcoholism

- Managed by the Medical Center and responsible to a Community Board of Directors, ARCH (Alcoholic Rehabilitation Community House) is a half-way house for alcoholics.
- An alcoholic treatment and rehab program providing hospital care, will be operational in July of 1981

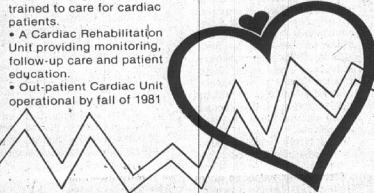

## Cancer

- SEMC has a full range of specialists and staff to provide early diagnosis as well as surgical, chemotherapy and cobalt treatment.
- SEMC is affiliated and assists with Hospice of Madison County.

## Cardio-Vascular Disease

- 14 bed Intensive Care Unit equipped with sophisticated cardiac monitoring facilities and a nursing staff specially trained to care for cardiac patients.
- A Cardiac Rehabilitation Unit providing monitoring, follow-up care and patient education.
- Out-patient Cardiac Unit operational by fall of 1981

## Cost Containment

- SEMC has an excellent record in this area; our per diem expense is in the lowest quantile in the Metro-St. Louis Area.

- Associates who suggest ways to reduce costs are awarded a check for 10% of the Medical Center's savings when the idea is implemented.
- A new program to educate associates in cost containment is being initiated as part of the Quality Assurance program.

## Emergency Medical Service

- SEMC is designated by the State of Illinois as an area-wide Trauma Center.
- The Medical Center has a fully equipped Emergency Room with 24 hour physician coverage.

- Using radio or phone contact and long distance telemetry units, paramedics can transmit EKG tracings to the Emergency Room. The Emergency Room Physician can then read the EKG and instruct the paramedics in the administration of medications and treatment at the scene of an emergency. Paramedics are under a Physicians supervision at all times.

## Financial Access to Health Care

- It is the policy of St. Elizabeth Medical Center to provide medical care to any person in need, regardless of their ability to pay.

- In 1980, the cost of providing free care was \$640,000.

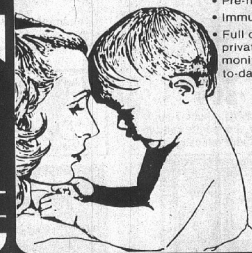

## Long Term Care

- Home Health provides skilled nursing personnel to care for people in their homes, providing a non-institutionalized aspect of health care, thus reducing the length of hospital stay and providing an alternative to nursing home care.
- Mobile Meals gives people unable to prepare their own food the opportunity to have regular nutritious meals in their homes.
- Stroke Rehab provides continuing therapy for patients after discharge.

## Maternal & Child Health

- Pre-natal classes
- Immunization Clinic
- Full obstetric services with private labor rooms, fetal monitoring and the most up-to-date Newborn Nursery.

## Preventative Health Services

- Pre-natal classes and diabetic teaching provide people with a better understanding of their physical condition and ways to maintain optimum good health.

- Screening is done as part of the Industrial Medicine Program.

- Patient teaching is an integral part of rehabilitative teaching in stroke, cardio-pulmonary and alcohol units.

- Immunization Clinic
- VD Clinic
- Free Community Seminars provide information to the public about current health concerns.

- The Employee Assistance Program enables local business and industry to provide their employees with the benefit of confidential help and referral for family, social or emotional difficulties.

## Primary Care Physicians

- There is a shortage of primary care physicians both nationally and in the state of Illinois. St. Elizabeth Medical Center has 36 primary care physicians on staff to serve the needs of families in the Metro-East area.

## Financial Information

1980 Expenses	Total for Year	Cost per day
Operational expense over-all	\$31,044,403	\$85,053
Salaries	14,766,117	40,450
		1,685/hour
Employee Benefits	2,354,838	6,451
Fuel	220,942	605
Electricity	473,132	1,296
Water	81,647	223
Total Utilities	775,721	2,125
Food Cost	949,163	2,600
Supplies	5,569,011	15,257
Interest expenses	1,206,598	3,305.72
1981	1,930,825	5,289

## Attempt to fix blame for cracks in tennis courts

The newly-resurfaced tennis courts in Wilson Park are cracking and the Granite City Park Board is attempting to determine who is at fault.

Board member David Nolan said he has contacted the contractor who resurfaced the courts and the contractor has contacted the asphalt company.

The park's engineer is getting copies of the specifications and will attempt to determine whether the asphalt or the base is to blame.

The asphalt was put on top of the old tennis court and is possible the old base shifted, causing the new surface to shift. Another possibility is that rain during the resurfacing caused the asphalt to cool too rapidly, resulting in imperfections.

The board agreed not to attempt to repair the cracks until summer to see if they close when the asphalt gets hot and expands. To fill the cracks could result in additional damage or bubbles when the asphalt gets hot, it was noted.

Board member Jeff Worthen said it should be determined if the park district gave the contractor proper specifications. He noted the newly-resurfaced basketball courts have no cracks, possibly because of a different base.

Board President George Sykes said the cracks are small enough that there is no danger of anyone tripping on one and one of a crack misdirecting a tennis ball.

Board member Jeff Worthen suggested that the district withhold five percent of all future construction contracts in the future until the district is satisfied with the work done. He made a motion that future contracts specify that five percent will be placed into an escrow account until released by the park board.

Board member Barry Lohman disagreed, saying that such a stipulation might cause contractors to increase their bids. The motion to withhold the five percent was approved on a four to one vote with Lohman voting no.

The board also opened bids for pool and concession supplies and authorized Superintendent Harold Brown to award contracts to the lowest bidders. G.S. Robins was low bidder on most of the pool supplies, it was reported.

The board agreed to trade in two old park trucks and to purchase a used pickup truck from Matthews Chevrolet. The purchase will not require bidding, since the truck will cost less than the \$2,500 above which bids must be taken.

A sole bid for \$70,000 to paint the ice rink was opened Tuesday. The board members expressed concern that the specifications do not call for repair of a split beam inside the rink while the scaffolding is up to do the painting. The board members decided to amend the specifications themselves and check the price for the additional work.

## Mostaccioli dinner Friday at Emerson

The Emerson School PTA of Granite City has announced that it will sponsor a mostaccioli dinner on Friday, May 1, at the Granite City Township Building, 21st Street and Delmar Avenue, from 4 to 8 p.m.

Donations for adults is \$3.50 in advance, \$1.75 for children.

Tickets will be available the night of the dinner at the township building.

The public is being invited to attend the dinner. Tickets are available at Emerson School, 20th and Benton streets.

## John Conway now captain in Army

John L. Conway, son of Mr. and Mrs. Julius C. Conway of 2551 State St., Granite City, has been promoted in the U.S. Army to the rank of captain.

Conway is the executive officer of the Headquarters and Service Battalion, 2nd Battalion, 1st Field Artillery, at Fort Sill, Okla.

His wife, Madeline, is the daughter of Mr. and Mrs. Calvin Matthews of Chicago Heights.

Conway is a 1976 graduate of Western Illinois University at Macomb.

## Dieting classes

The Conway Diet Institute will begin conducting classes Tuesday evenings at 7 in the Tri-City Area YMCA.

Approximately 25,000 dieters in more than 1,000 classes meet each week in 31 states throughout the eastern states, the South and Midwest, at these meetings, Conway stresses the ideas for a 1,000 calorie-a-day weight loss diet.

Classes are open to the public and new members are welcome. Additional information is available from Claudine Slovinski at 1-344-6146.

**ADULT EDUCATION BROADCAST SERIES**

WSIE-FM (88.7), the campus radio station of Southern Illinois University at Edwardsville, plans five public service programs relating to adult education. The 30-minute programs will be broadcast on Tuesdays at 6:30 p.m.

Moderated by members of the SIUE Office of Continuing Education staff, the series includes: April 28, women's program, moderated by Christina Oxford; May 5, older adults, moderated by Reba Klenke; May 12, adult learners, moderated by Donald Shandler; May 19, wills and estate, moderated by Lynn Deterich; and May 26, older adults, moderated by Reba Klenke.

there, some musical concerts, guest lecturers, light industrial exhibitions. It's something that the entire area will be able to benefit from."

But Biglum, of course, is particularly interested in what the building will do for athletics. "It's the missing link at our school," he said. "It's something that's been a dream of most of our athletic and physical education faculty for a long time."

The building will include more than 100,000 square feet of usable space. In addition to the recreational and academic uses, the building will house such athletics as tennis, gymnastics, jogging, volleyball, badminton,

## SIUE contracts

(Continued from Page 1)

wrestling, handball, racquetball, weightlifting, swimming and, of course, basketball. The spectator seating will be approximately 5,000.

The sport that will most obviously benefit from the new building will be basketball. Men's head basketball coach Jim Dudley, who resigned his post last week, was elated. "This facility will help the entire area," he said. "But it'll be an obvious boon to our (basketball) program. We've been at an obvious disadvantage (practicing and playing at the Edwardsville High School gymnasium)."

Whoever takes Dudley's reigns as head basketball coach will probably find his recruiting job a little easier with a brand-new athletic facility to

help sell the school's program to potential SIUE basketball players. "It'll be a definite plus," he said. "But I feel we've been fortunate in getting the caliber of players we've been getting."

The multi-purpose building also could mean added income for area businesses, according to Vadalabene. "It'll be a tremendous boon to the economy of the area," he said. "It will take more than two years to build, creating many jobs."

"But after completion, the operation, maintenance and staffing will also employ many."

"With the additional events at the facility, it should also stimulate business at our area hotels, motels, restaurants and visitor-supported businesses," he added.

## United Church annua meeting

The Illinois South Conference of the United Church of Christ will hold its annual meeting at St. John Church in Mascoutah, Saturday and Sunday, May 2 and 3. The conference, with offices in Springfield, Ill., is made up of 94 churches across the southern part of Illinois, all south of Springfield.

"Hope Amid the Hurts" is the theme of the two-day meeting.

Dr. Reuben A. Sheares II, executive director of the UCC Office for Church Life and Leadership, will be the opening speaker at the opening session at 9 a.m. Sunday.

The program will begin Saturday with song writer and composer Don Eaton leading a "Gathering in Song," followed by the opening celebration with Associate Conference Minister Gil Bumb.

Eaton will provide a concert at 6 p.m. Saturday and will be featured again at a time of fellowship and singing following the evening session at 8:45.

The first business session will be called to order by Moderator Lorena Sena, a member of Evangelical UCC, Highland, at 10:15 a.m. Saturday. She will be assisted by the Rev. Walter Gerth of O'Fallon.

The agenda for the two days includes reports by Conference Minister William Koehse, Associate Minister Bumb, Miss Shirley Bergmann, chairman of the board of directors, from St. Paul UCC, Columbia, and a review of reports from conference ministries, committees and special task forces.

Election of Dr. Koehse to a third four-year term as conference minister is to

take place at the first business session. Elections of officers and of persons to fill 50 other positions will be held Sunday morning following the worship service.

There also will be Bible study, "town meetings" to discuss issues coming before the annual meeting, and budget hearings.

Budgets underwriting the work of the conference and the worldwide mission of the church, as well as a capital fund budget to underwrite improvements at the conference institutions, will be adopted Sunday afternoon.

Resolutions on the financial needs of the church's institutions, pressing social issues, and the work of the conference generally will also come before the assembly for action.

The Illinois South Conference Center near DuBois, Ill., will host the conference. The center is located on Highway 100, near the intersection of Highway 100 and Highway 100. The center is a 100-acre facility with a 100-room hotel, a 100-seat auditorium, and a 100-acre golf course.

At 345 delegates will be in attendance, not counting many visitors who also will participate.

A Friday night pre-conference gathering sponsored by the youth of the conference at Shave Park in Mascoutah will feature music by Eaton beginning at 8. A \$2 admission fee will be charged.

## Juvenile's capture solves 12 burglaries

The capture Thursday of a 15-year-old escapee from the Pere Marquette Correctional Center has resulted in the solving of 12 burglaries in Granite City, according to Chief of Police Ronald J. Veizer.

Veizer said officers were called to a disturbance in the 1700 block of Delmar Avenue, where the youth lives, and saw him running from the area.

The boy, who already was a ward of the Department of Corrections from a previous arson and burglary case in Granite City, was wanted for escaping from Pere Marquette and was taken into custody.

Subsequent questioning and investigation led to the solving of 12 burglaries in Granite City, April 18, 1981, Veizer said.

The boy allegedly was involved in the March 16, 1980, burglary at the home of Danny Ramond, 1704 rear Cleveland Blvd., and three burglaries June 10, Sept. 8, and Sept. 16, 1980, burglaries in the 1700 block of Delmar Ave., where John Goodman, Roy L. Criss and Thelma Criss reside.

Officer 1980 burglaries in which the boy allegedly was involved were Sept. 17 at the home of Ted Johannpeter,

1635 Delmar, Nov. 4 at the home of Albert Cochran, 1718 Edison Ave., Nov. 12 at the home of William Criss, 1738 Delmar, and Dec. 6 at the home of Jewell Morris, 1741 Delmar.

He also is accused of four 1981 burglaries, the first being Jan. 22 at the home of Barbara Turnbough, 1726 Edison, followed by burglaries March 30 at the home of Harry Hester, 228 N. Nameoki Road, April 2 at the home of William Criss, 1735 Delmar, and a second burglary at the home of Roy Criss, 1738 Delmar, April 18.

## Births

Births recorded at St. Elizabeth Medical Center include:

**GIRLS**  
Mr. and Mrs. William Clark, 125 Weber St., Venice, April 23, Angela Jo, six pounds, 15 ounces.  
Mr. and Mrs. David Rose, 905 Kirkpatrick Homes, April 26, Misty Dawn, two pounds, 15 ounces.  
Mr. and Mrs. Leonard Sabol, Highland, April 26, Lisa Marie, 10 pounds, four ounces.

## Fire damage \$18,000

Fire caused an estimated \$18,000 damage Sunday night to the home of Bob Zingrich, 1848 Lake St., Pontoon Beach.

An electrical short-circuit in a wire draped over the freezer is believed to have started the blaze, which enveloped the kitchen and rear porch before the Long Lake Volunteer Fire Department was able to bring it under control. The

fire broke out at 10:08 p.m. Sunday and firemen were able to leave the scene at 11:30 p.m.

Sixteen firefighters used two pumps and an emergency truck to halt the flames and remove smoke from the house.

Damage, including smoke damage to the entire house, was estimated at \$18,000 to the structure and \$8,000 to its contents.

## Slow growth by savings and loans

Figures newly released by a statewide trade association show that total Illinois savings and loan association assets grew 8.3 percent during 1980, making it the most sluggish year since the 6.2 percent asset growth of the 1974 recession.

"This shows that despite high interest rates caused by inflation, and the rapidly rising cost of money, Illinois associations' assets still grew," commented George M. Briody Jr., president of the Illinois Savings and Loan League.

Briody said Illinois S&Ls lent \$3.3 billion for single-family homes, financing about 57,000 households, more than enough to house the population of Peoria.

Average purchase price of a

Chicago home in 1980 was \$77,000, he said.

In Illinois, 65 percent of residents own the home in which they live, he estimated.

Combined assets of the 369 Illinois savings and loan associations at the end of 1980 were \$46.1 billion, compared to \$42.6 billion at year-end 1979.

Illinois S&Ls comprise nine percent of those in the nation, and hold 7.5 percent of the assets.

Nationwide, savings and loan assets grew 8.9 percent last year to a total of \$618.5 billion.

Assets of the 25 largest savings and loan associations in Illinois vary from \$1.8 billion to \$285 million.

## Illinois Bell offers entry control system

Illinois Bell now is offering a door entry control system that provides convenience and security in buildings where occupants want to screen visitors.

"This new system is intended mainly for people living in condominium or apartment complexes," said Ramona Medina, Illinois Bell product manager for the new Enterphone system, "but it also could be used in any building where the control of entry is essential, such as a loading dock in a shopping mall or a warehouse."

The occupants need only a standard telephone to use the Enterphone system," said Medina. "Occupants have a distinctive double ring on their phone that indicates a call from the building's entrance. They answer as they would an outside call. If they wish to unlock the entrance door, occupants dial a special code," she said.

"Security is a major concern in apartment and condominium complexes, and the high quality voice reproduction with the Enterphone system lets occupants identify visitors by voice. If they receive nuisance or suspicious calls on the Enterphone, occupants can deal with those instantly by hanging up and then calling the building manager or the police."

The Enterphone system can handle a maximum of 2,014 apartments or condominium units and has no geographic limitations since it is an on-premises system. The system is compatible with standard telephones. Either rotary or TouchTone, and can serve up to 10 door

entrances in the same complex.

Enterphone entrance equipment consists of a control panel equipped with either a telephone handset or a speaker-microphone plus each occupant. Visitors dial the code number assigned to the apartment or suite.

"One of the many convenient features about the system is the ability to communicate with visitors while on an outside telephone call, and vice versa. For example, if an occupant is on a local or long distance phone call, he or she can put the other party on hold, answer an Enterphone system and then return to the outside call," Medina said.

**SIX QUAD-CITYANS IN CHORALE TOUR**

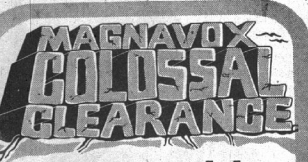

The concert chorale at SIUE will tour several high schools in the St. Louis metropolitan area May 1. Members include Rich Kinde of Mitchell and Granite Cityans Andy Bartling, Debbie Buer, Wayne Miles, Mary Peters and Debbie Popovich.

The chorale will also perform in concert at the Manchester United Methodist Church at 8 p.m. Friday. At each of its stops, the SIUE chorale will be joined by members of the Manchester (Webster Groves), Brentwood, McCluer, Kirkwood and Pattonville high school chorals.

**'81 BENEFIT DINNER**

The Edwardsville Knights of Columbus and Edwardsville Shrine Club will co-sponsor their annual benefit dinner on Sunday, May 17, at the C. grounds on State Rt. 143 (Marine Road) at the eastern city limits of Edwardsville. Serving of barbecued pork steaks and fried chicken will take place between 11:30 a.m. and 7 p.m.

# FURNITURE FOR TODAY'S LIVING

ENJOY QUALITY AT AFFORDABLE PRICES!!

These Are Just Samples Of Our Many Great Buys . . . Many Other Fabrics Are Available!!

**COUNTRY CASUAL:** Heavy Herculon chenille cover, transitional styling, takes you to the country, and country comfort it is! Plump button tufted back and sloping pine trim.

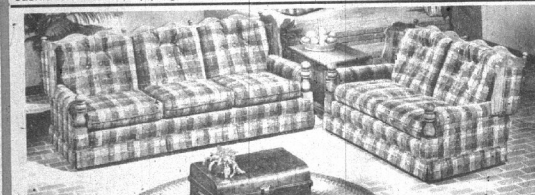

**TRADITIONAL:** 100% Nylon floral velvet. Comfort and value are beautifully combined in this handsome set. High attached pillow back and traditional styling.

**STRIKING CONTEMPORARY:** 100% Herculon cover. In stock in dark brown and beige, matching bolster pillows, along with sharp modern design.

**EARLY AMERICAN:** High back comfort and good looks. Soft high back, jumbo seat cushions with center piping, and attached pillow arms all give this group a charming touch.

**AMERICAN CASUAL:** Stonegate, by Schweiger. Dependable hardwood frames covered with your choice of Chenille Herculon or Antron Nylon covers. Beautiful pine trim.

## BERKLINE WALLAWAY AT GREAT LOW PRICE

Now you can enjoy the comforts of a recliner and the rich styling of leather-grained vinyl. Relax on the button-tufted back. No need to worry about space. The Wallaway® needs only 1 1/2" of room from the wall to glide into full reclining position.

Reg. \$299  
Sale \$199

## QUALITY BERKLINE WALLAWAY RECLINER

Reclines even when it is as close as 1 1/2" to a wall. So you can enjoy reclining comfort without rearranging your room. Side pocket for magazine storage. Mechanism guaranteed against breakage or warping for the life of the chair.

Reg. \$339  
Sale \$269

## Don't Just Recline . . . BERKLINE!!

**Lounging T.V. Viewing Full Recline**  
Easy room arranging since chair may be placed just 1 1/2" from the wall. Will not touch wall in any position. A great space saver!

All Berkline Wallaways,  
Rockaloungers and Swivel Rockers  
20% OFF!!

## CONTEMPORARY ROCKALOUNGER

This contemporary high back Rock-A-Lounger® just looks like the plumpest, most comfortable chair you ever sat in . . . and it is! Berkline's® he-man size Rock-A-Lounger® is covered in glove soft vinyl for easy care.

Reg. \$389  
Sale \$299

## THE "HULK" WALLAWAY

This massive "he-man" size Wallaway recliner by Berkline features a deep button tufted back and button arms. Heavy nylon earthtone covers.
